pH: 5.4-6.2

Specific Gravity: 1.000 - 1.035

FIRE OR EXPLOSION HAZARD

This product is not flammable or combustible.

REACTIVITY DATA

Not applicable

TOXICOLOGICAL PROPERTIES

ROUTE OF ENTRY: This product is not expected to adversely affect the body if it contacts the skin or eyes, is inhaled or ingested.

EYE CONTACT: No evidence of adverse effects.

SKIN CONTACT: No evidence of adverse effects.

INGESTION: No evidence of adverse effects.

INHALATION: No evidence of adverse effects.

NOTES: All ingredients are either non-toxic or are present in concentrations which present no hazards.

PREVENTIVE MEASURES

PERSONAL PROTECTIVE EQUIPMENT:

This product is a consumer product. To the extent the product is used in a fashion typical to that of a consumer, protective measures, with the exception of those indicated on the label, are not normally necessary. Where use conditions and/or extent and duration of exposure differ from typical consumer use, however, appropriate protective measures to prevent eye and prolonged skin contact (glasses, goggles, rubber gloves, protective clothing) and minimize inhalation exposure (engineering controls, NIOSH-approved respiratory protection appropriate for the hazard presented) are recommended.

LEAK OR SPILL PROCEDURES/WASTE DISPOSAL:

Wear appropriate personal protection equipment (respirator, gloves, goggles and/or face shield, boots, protective clothing). Contain/dike spill to prevent environmental release.

Dispose of in accordance with Federal, Provincial, Territorial and Local regulations.

FIRST AID MEASURES

SKIN CONTACT: Rinse thoroughly with water.

EYE CONTACT: Remove contact lenses. Rinse with a gentle stream of lukewarm water for 15 minutes, holding eyelids open. IF IRRITATION DEVELOPS, GET MEDICAL ADVICE by calling the emergency phone number on page one of this MSDS, or a local/regional Poison Control Center, or a hospital emergency room.

INGESTION: If victim is a child, give 4-8 ounces of water. For adults, give 8-12 ounces of water. Do not induce vomiting when this product is swallowed. If vomiting occurs spontaneously, keep victim in an upright position. GET MEDICAL ADVICE by calling the emergency phone number on page one of this MSDS, or a local/regional Poison Control Center, or a hospital emergency room.

INHALATION: Remove to fresh air. If irritation or breathing difficulty develops, GET MEDICAL ADVICE by calling the emergency phone number on page one of this MSDS, or a local/regional Poison Control Center, or a hospital emergency room.
