2. Hazards Identification

Emergency Overview This product is regulated by Health Canada as a personal care cosmetic. Extensive testing has been completed to show that it is safe and effective when used as directed.

PRECAUTIONS: Retain outer pack for all precautions. Read and follow all precautions and directions before use. Do not exceed 6 minutes total application time. Suitable for use on the underarms and bikini line. NOT SUITABLE for use on head, face, eyes, nose, ears, around the anus, genitals and nipples or any other body parts. Do not use on varicose veins, scars, moles, spotty, broken, irritated, sunburnt skin or on skin that has had an adverse reaction to hair removal creams in the past. Always leave 72 hours between hair removal sessions. Check with your doctor before using if you are on any medication which can affect the skin, if you suffer from any skin related disorder, or if you have a condition which may affect the skin. Before every use, TEST YOUR SKIN REACTION by applying and removing the product to a small part of the area you wish to treat, following the directions for use. If after 24 HOURS there is no adverse reaction, continue to use. If you experience any smarting/tingling during use, remove the product immediately and rinse thoroughly with cold water. If a burning sensation persists, seek medical advice. Skin may be more sensitive for a short time after use, so avoid scratching. After use we recommend waiting 24 hours before using anti-perspirant, any other perfumed product, using artificial tanning equipment, swimming or sunbathing. In case of ingestion, seek medical advice immediately and show outer pack. Avoid contact with eyes. In case of contact with eyes, rinse immediately with plenty of water and seek medical advice.

Keep out of reach of children.
