

SAFETY DATA SHEET

1. IDENTIFICATION

Trade Name: 7-Way Wormer Chewable Tablets
Product Identifier: 7-Way Wormer Chewable Tablets
Synonym: XH2, YB1
Brand Names: Sentry, Vetscription

Manufacturer: The Perrigo Company
515 Eastern Avenue
Allegan, MI 49010 USA
Tel: 269-673-8451
Email SDSRequest@Perrigo.com

Manufacturing Site: Sergeant's Pet Care Products, Inc.
10077 South 134th Street
Omaha, NE 68138 USA

Emergency phone number: 888-464-2986 (U.S. calls)
First aid or Spill: +1 760-476-3962 Code 333304 (International calls)

Pet emergency/
Adverse event report: 1-800-781-4738

Recommended use: Worm treatment for dogs

Restrictions on use: Use as directed. Prescription use only.

2. HAZARD(S) IDENTIFICATION

Classification:

Physical	Health
Not hazardous	Not hazardous

Label Elements:

Not hazardous in accordance with the GHS and OSHA Hazcom 2012.

3. COMPOSITION / INFORMATION ON INGREDIENTS

Chemical name	CAS No.	Concentration
Pyrantel Pamoate	22204-24-6	36.24%
Praziquantel	55268-74-1	12.57
Amorphous Silica	112945-52-5	<5%
Non-Hazardous and other ingredients below the disclosure limits	Mixture	Balance

The exact percentage (concentration) of composition has been withheld as a trade secret.

4. FIRST-AID MEASURES

Inhalation: If dust from broken tablets is inhaled, move to fresh air. If irritation occurs or symptoms develop, get medical attention.

Skin contact: No first aid normally required. If irritation develops after handling damaged tablets, get medical attention.

Eye contact: Flush eyes with water while lifting the upper and lower lids. Remove contact lenses if present and easy to do, then continue rinsing. Get medical attention if irritation persists.

Ingestion: Rinse mouth with water. Do not induce vomiting unless directed to do so by medical personnel. Never give anything by mouth to a person who is unconscious or convulsing. Get medical attention if large amount is swallowed.

Most important symptoms/effects, acute and delayed: Dust may cause eye irritation. Inhalation of dust from broken tablets may cause upper respiratory tract irritation. Ingestion may cause intestinal upset with nausea, diarrhea, itching and nervous system effects.

Indication of immediate medical attention and special treatment, if necessary: Immediate medical attention is not generally required.

5. FIRE-FIGHTING MEASURES

Extinguishing media: Use water fog, foam, dry chemical or CO₂.

Specific hazards arising from the chemical: Tablets are not a fire hazard but may burn under fire conditions. Fine dust from crushed tablets will present a dust explosion hazard.

Special protective equipment and precautions for fire-fighters: Firefighters should wear positive pressure self-contained breathing apparatus and full protective clothing for all fires involving chemicals.

6. ACCIDENTAL RELEASE MEASURES

Personal precautions, protective equipment, and emergency procedures: Wear appropriate protective clothing and equipment as described in Section 8. Avoid generating airborne dust during cleanup. If dust is present, eliminate all sources of ignition.

Environmental Precautions: Prevent spill from entering sewers and water courses. Report releases as required by local and national authorities.

Methods and materials for containment and cleaning up: Collect using methods that avoid the generation of dust and damage to tablets (scoop up carefully) and place in appropriate container for disposal. Clean area thoroughly. If dust is present, do not use vacuum unless explosion-proof.

7. HANDLING AND STORAGE

Precautions for safe handling: Avoid the generation of dust. If tablets are damaged, avoid contact with eyes, skin and clothing and avoid breathing dust.

Conditions for safe storage, including any incompatibilities: Store as indicated on product packaging.

8. EXPOSURE CONTROLS / PERSONAL PROTECTION

Exposure guidelines:

Pyrantel Pamoate	Perrigo OEB2 (100-1000 ug/m3)
Praziquantel	None Established
Amorphous Silica	80 mg/m3 / % SiO2 TWA OSHA PEL
Non-Hazardous and other ingredients below the disclosure limits	None Established

Appropriate engineering controls: Use with adequate general or local exhaust ventilation to keep exposures below occupational exposure limits.

Individual protection measures:

Respiratory protection: None needed under normal use conditions. If exposure limits are exceeded, a NIOSH approved particulate respirator is recommended. Selection of respiratory protection depends on the contaminant type, form and concentration. Select in accordance with OSHA 1910.134 and good Industrial Hygiene practice.

Skin protection: None normally required.

Eye protection: Chemical safety goggles recommended for handling damaged tablets.

Other: None known.

9. PHYSICAL AND CHEMICAL PROPERTIES

Appearance (physical state, color, etc.): Beige chewable tablets

Odor: None

Odor threshold: Not applicable	pH: Not applicable
Melting point/freezing point: Not applicable	Boiling Point: Not applicable
Flash point: Not applicable	Evaporation rate: Not applicable
Flammability (solid, gas): Not flammable	VOC: Not applicable
Flammable limits: LEL: Not applicable	UEL: Not applicable
Vapor pressure: Not applicable	Vapor density: Not applicable
Relative density: Not available	Solubility(ies): Not available
Partition coefficient: n-octanol/water: Not available	Auto-ignition temperature: Not available
Decomposition temperature: Not available	Viscosity: Not applicable

10. STABILITY AND REACTIVITY

Reactivity: Not reactive under normal conditions of use.

Chemical stability: Stable.

Possibility of hazardous reactions: None known.

Conditions to avoid: None known.

Incompatible materials: Avoid oxidizing agents.

Hazardous decomposition products: Thermal decomposition may yield carbon and nitrogen oxides.

11. TOXICOLOGICAL INFORMATION

Acute effects of exposure:

Inhalation: Inhalation of dust from damaged tablets may cause irritation of the mucous membranes and upper respiratory tract.

Ingestion: Ingestion may cause intestinal upset with nausea, diarrhea, itching and nervous system effects.

Skin contact: No adverse effects are expected.

Eye contact: Contact with damaged tablets may cause slight irritation with redness and tearing.

Chronic Effects: None known.

Sensitization: Components are not skin sensitizers.

Germ Cell Mutagenicity: Components are not germ cell mutagens. Pyrantel pamoate was negative in the Ames test. Praziquantel mutagenicity data is inconclusive.

Reproductive Toxicity: Components are not reproductive toxins. No adverse effects were observed in rats or rabbits at doses of pyrantel pamoate of 250 mg/kg/day. Praziquantel had no effect on fertility in rats at oral doses from 30-300 mg/kg/day. No adverse fetal effects were observed in rats or rabbits at doses of 30-300 mg/kg/day.

Carcinogenicity: None of the components are listed as carcinogens or suspected carcinogens by IARC, NTP, ACGIH or OSHA. Praziquantel did not cause cancer when tested in rats and hamsters at doses up to 250 mg/kg/day.

Acute Toxicity Values: Pyrantel pamoate: LD50 oral rat >24,000 mg/kg.
Praziquantel: LD50 oral rat 2840 mg/kg.

12. ECOLOGICAL INFORMATION

Ecotoxicity values: No data is available.

Persistence and degradability: No data is available

Bioaccumulative potential: No data is available

Mobility in soil: No data is available.

Other adverse effects: None known.

13. DISPOSAL CONSIDERATIONS

Dispose in accordance with all local, state and federal regulations. Do not reuse container. Dispose of empty container in trash or recycle.

14. TRANSPORT INFORMATION

	UN Number	Proper shipping name	Hazard Class	Packing Group	Environmental Hazard
DOT	None	Not Regulated			
TDG	None	Not Regulated			
IMDG	None	Not Regulated			
IATA	None	Not Regulated			

Transport in bulk (according to Annex II of MARPOL 73/78 and the IBC Code): Not applicable – product is transported only in packaged form.

Special precautions: None known.

15. REGULATORY INFORMATION

Safety, health, and environmental regulations specific for the product in question.

CERCLA: This product is not subject to CERCLA release reporting. Many states have more stringent release reporting requirements. Report spills as required under federal, state and local regulations.

SARA Hazard Category (311/312): Not Hazardous

EPA SARA 313: This product contains the following chemicals regulated under SARA Title III, section 313:
None

EPA TSCA Inventory: This product is a drug and not subject to TSCA.

16. OTHER INFORMATION

NFPA Rating: Health = 1 Flammability = 1 Instability = 0
HMIS Rating: Health = 1 Flammability = 1 Physical Hazard = 0

SDS Revision History: New SDS

Date of Preparation: August 4, 2016

Disclaimer: This SDS has been prepared for occupational exposure. Consumers: Refer to the package insert or product label for appropriate consumer-specific information about this product when used according to manufacturer's directions.
