Section 5-Health Hazard Data

Carcinogenicity: NTP:no IARC:no OSHA regulated: no
Overexposure--Under current OSHA criteria this product is considered non-hazardous.

Emergency First Aid Procedures

Eyes- This product may be an eye irritant. If contact occurs, flush with water for 15 minutes, seek medical attention.

Skin- Wash from skin at first opportunity.

Inhalation- This product may be considered nuisance dust. Remove to fresh air.

Provide respiratory protection before returning to the area.

No serious

health effects are associated with this material.

Ingestion- No hazardous ingredients.

Section 6-Reactivity Data

This product is stable and compatible with all compounds that are compatible with water and water solutions. Hazardous polymerization does not occur.

Section 7-Precautions for Safe Handling and Use

Steps to be taken in case the product is released or spilled:

Dry powder: sweep up or vacuum. Avoid causing excess airborne dust. Mixed adhesive: Small spills of 1-2 gallons may be diluted 50:1 and washed down the drain.

Large spills of dry powder or mixed adhesive should be recovered as much as possible and disposed of as non-hazardous dry or liquid waste. Consult Federal, State and Local regulations.

Section 8-Control Measures

Respiratory protection is not usually required, however any room where this product is used should have good ventilation, i.e., open windows, exhaust fans, etc. A good, normal precaution is to wear protective gloves and glasses. No other protection equipment is necessary.

Section 9- Special Precautions

Store at moderate temperatures (50-100 F). Protect from freezing. Keep out of the reach of children. Keep container closed when not in use.

SUPPLEMENTAL INFORMATION

Waste Disposal This product can be handled as a non-hazardous industrial waste.
