Flash Point:	N/A - Will not burn																												
Flame Extension:	N/A																												
Flammable Limits:	N/A																												
Autoignition Temp.:	N/A																												
Fire Extinguishing Media:	Use proper media to extinguish surrounding fire																												
Decomposition Temp.:	N/A																												
Special Fire-Fighting Procedures:	Use self-contained air supply. Ammonium is toxic to aquatic organisms. Keep runoff from reaching any body of water																												
Unusual Fire and Explosion Hazards:	Noxious fumes may form ammonia and oxides of nitrogen and carbon.																												
Stability:	Stable																												
Polymerization:	Will not occur																												
Conditions to Avoid:	Fire conditions																												
Incompatible Materials:	Corrosive to metals.																												
Hazardous Decomposition or Byproducts:	Oxides of nitrogen, carbon and phosphorous are possible.

Summary of Risks:	Possible nausea, vomiting, diarrhea – possible skin or eye irritation																												
<b>FIRST AID PROCEDURES</b>																													
Ingestion (Swallowing):	Get medical attention..																												
Inhalation:	Remove to fresh air. Treat symptomatically.																												
Skin Contact:	Wash thoroughly.																												
Eye Contact:	Flush with water for 15 minutes holding eyelids open. Get medical attention.																												
Special Notes:	None																												
Health Conditions Aggravated by Exposure:	Excessive inhalation of dust may cause irritation and coughing. Inhalation of dust may also aggravate asthma in susceptible individuals. Prolonged skin contact may cause mild skin irritation.																												
Ingredients listed by NTP, OSHA or IARC as Carcinogens or potential carcinogens:	None																												
<b>Steps to be Taken in Case Material is Released or Spilled:</b>	Sweep up spills. Use good housekeeping practices. Avoid contact with skin, eyes, or clothing. Wash after handling.																												
<b>Waste Disposal:</b>	Remove to approved landfill.																												
<b>Handling &amp; Storage Precautions:</b>	Keep out of reach of children. Avoid bag breakage.																												
<b>VIII Control Measures</b>		<b>IX Transportation Data</b>																											
Read and follow label directions. They are your best guide to using this product effectively, and give necessary safety precautions to protect your health.		<table border="1"> <tbody> <tr> <td>DOT – Not Regulated by DOT (limited quantity exception)</td> </tr> <tr> <td>IMDG – Not Regulated by IMDG (limited quantity exception)</td> </tr> <tr> <td>IATA – Not Regulated by IATA (limited quantity exception)</td> </tr> </tbody> </table>		DOT – Not Regulated by DOT (limited quantity exception)	IMDG – Not Regulated by IMDG (limited quantity exception)	IATA – Not Regulated by IATA (limited quantity exception)
