MSDS - Material Safety Data Sheet
Product Name: Hartz® Advanced Care™ 3IN1 Home Fogger

MSDS No.: 2724-34

Special Fire Fighting Procedures:
- Firefighters should wear full protective clothing including self-contained breathing apparatus.
- Use water to keep exposed containers cool. Do not allow run-off to enter waterways or sewers. Contents under pressure.

Unusual Fire and Explosion:
- Extremely flammable. Contents under pressure. Keep away from fire, sparks, and heated surfaces. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting.

VI. Accidental Release Measures:

Steps to be taken in case Material is Released or Spilled:
- Absorb spills with an inert material. Place in container for disposal. Do not allow spill to enter waterways or sewers.
- Absorbents: Clay granules, sawdust, dirt or equivalent.
- Incompatible Materials: Strong oxidizers.

VII. Handling and Storage:

Precautions to be taken:
- Wash hands before eating or handling food. Avoid contact with skin, eyes or clothing.
- Newspapers should be spread on the floor for several feet around area of release.
- Store in a cool, dry area away from heat or open flame.

VIII. Exposure Controls/Personal Protection:

Ventilation Requirements:
- Exposure Limit: Acetic Acid: 750 ppm (ACGIH and OSHA TWA).
- General ventilation should be sufficient. Users should leave building when fogger is activated.

Personal Protective Equipment:
- If exposure is expected, wear a MSHA/NIOSH approved organic vapor/pesticide respirator, impenetrable gloves, goggles and other appropriate clothing to avoid skin contact.
