IDENTITY (As Used on Label and List)
Auto Glass & Multi-Surface Cleaner

Note: Blank spaces are not permitted. If any item is not applicable or no information is available, the space must be marked to indicate that.

Section I - Manufacturer
Manufacturer's Name
AIKEN CHEMICAL COMPANY

Emergency Telephone Number
1-800-922-1117; (864) 765-7359

Address (Number, Street, City, State and Zip Code)
P. O. Box 27147

Telephone Number for Information
(864) 968-1250; 1-800-828-1860

Greenville, SC 29616

Date Prepared: March 13, 2001
Revision #: 1

Signature of Preparer (optional)

12 Shelter Drive, Greer, SC 29650

Section II - Hazardous Ingredients/Identity Information
Hazardous Components (Specific Chemical Identity: Common Name(s))

OSHA PEL
ACGIH TLV
OTHER LIMITS
%

TSCA Information:
All ingredients of this product are listed on the TSCA inventory.

NFPA 0-0-0
HMIS 0-0-0-A

Section III - Physical/Chemical Characteristics
Boiling Point
>212° F

Specific Gravity (H₂O - 1)
1.000

Vapor Pressure (mm Hg.)
N/A

Melting Point
32° F

Vapor Density (AIR=1)
N/A

Evaporation Rate (Butyl Acetate=1)
<1.0

Solubility in Water
Complete

PH
7.0 – 8.0

Appearance and Odor
Clear liquid with a characteristic odor.

Section IV - Fire and Explosion Hazard Data
Flash Point (Method Used)
Not determined

Flammable Limits
Not established

LEL
Not determined

UEL
Not Determined

Extinguishing Media
Carbon dioxide, dry chemical, alcohol foam or water fog.

Special Fire Fighting Procedures
Firefighters should wear a self-contained breathing apparatus with full face piece operated in the positive pressure demand mode when fighting fires.

Unusual Fire and Explosion Hazards
Never use a welding or cutting torch or other source of heat on or near the product container because the product may ignite explosively.
IDENTITY: Mac’s Non Ammoniated Glass Cleaner

Signs and Symptoms of Exposure:

See Section IX (Overexposure)

Medical Conditions Generally Aggravated by Exposure:

Pre-existing skin and respiratory problems.

Emergency and First Aid Procedures

See Section IX

Section VII - Precautions for Safe Handling and Use

Steps to Be Taken in Case Material is Released or Spilled

Stop spill at source. Dike area of spill with soil (sand, clay) to prevent spreading. Remaining liquid may be pumped to a salvage container or taken up by an absorbent material and shoveled into salvage containers.

Waste Disposal Method

Dispose of in accordance with all local, state and federal regulations.

Precautions to Be Taken in Handling and Storing

Store in a dry, cool area away from open flames and excessive heat.

Other Precautions:

Always use proper eye and skin protection when handling this product.

Section VIII - Control Measures

Respiratory Protection (Specify Type)

None, unless exposure limits are exceeded; then use NIOSH/MSA respirator for organic mist and vapor.

Ventilation

<table>
<thead>
<tr>
<th>Local Exhaust</th>
</tr>
</thead>
<tbody>
<tr>
<td>Acceptable</td>
</tr>
<tr>
<td>Mechanical (General)</td>
</tr>
<tr>
<td>To reduce exposure limits</td>

Protective Gloves

<table>
<thead>
<tr>
<th>Neoprene</th>
<th>Eye Protection</th>
</tr>
</thead>
<tbody>
<tr>
<td>Splash goggles and/or safety glasses.</td>
<td></td>
</tr>
</tbody>
</table>

Other Protective Clothing or Equipment

To prevent skin contact, wear impervious (rubber) apron and boots, if a splash hazard exists.

Work/Hygienic Practices

Always wash hands after handling chemicals.
Section IX - Routes and Effects of Overexposure:

SKIN:
Prolonged or repeated contact to unprotected skin may cause moderate irritation, defatting and dermatitis of the skin.

EYES:
Can cause redness, tearing and irritation which may result in impairment of vision.

INGESTION:
Not likely to occur, but if it should, it can cause gastrointestinal irritation, nausea, vomiting, diarrhea and possible damage to the throat and esophagus.

INHALATION:
Excessive inhalation of vapors may cause irritation of nasal and respiratory passages, dizziness, weakness, fatigue, nausea and headache.

Emergency and First Aid Procedures:

SKIN:
Thoroughly wash exposed area with water for at least 15 minutes. Remove contaminated clothing. If irritation persists, seek medical attention. Always wash contaminated clothing before reuse.

EYES:
Immediately flush eyes with water for at least 15 minutes, lifting upper and lower lids occasionally. Seek medical attention if irritation persists.

INGESTION:
Not likely to occur, but if it should, DO NOT induce vomiting. Dilute by giving water. If irritation persists, seek medical attention.

INHALATION:
If breathing is hampered, remove individual to fresh air. If breathing has stopped, give artificial respiration. If problems persist, seek medical attention.
