SECTION 3 – HAZARDS IDENTIFICATION

PRIMARY ROUTE(S) OF ENTRY:
- Skin Contact
- Skin Absorption
- Eye Contact
- Inhalation
- Ingestion

EMERGENCY OVERVIEW:
Pink paste. Removal of this product after use may result in the generation of dust. If dry-sanded, exposure to dust may result in material getting into eyes, ears, nose & mouth which may result in irritation.

EFFECTS OF OVEREXPOSURE:
May cause eye, skin, nose, throat & respiratory tract irritation. Harmful if swallowed. Inhalation of dust may result in pulmonary & respiratory damages. Prolonged or repeated exposure to dust may cause lung damage. This product may contain small amounts of vinyl acetate, identified by IARC as a potential carcinogen, however there should be minimal risk when used w/ ventilation adequate to keep the atmospheric concentration of vinyl acetate below the recommended exposure limit.

MEDICAL CONDITIONS AGGRAVATED BY EXPOSURE:
Asthma & asthma-like conditions may worsen from prolonged or repeated exposure.

SECTION 4 – FIRST AID MEASURES

SKIN CONTACT:
Wash w/ soap & water for @ least 15 minutes. Get medical attention if symptoms persist. Remove & wash contaminated clothing.

EYE CONTACT:
Immediately flush w/ large quantities of water for @ least 15 minutes until irritation subsides. Get medical attention.

INHALATION:
Remove to fresh air. If breathing difficult, leave area to obtain fresh air. If breathing remains difficult, get medical attention.

INGESTION:
DO NOT INDUCE VOMITING. Get immediate medical attention.

**Unusual Fire & Explosion Hazards**
- None known.
- Wear self-contained breathing apparatus pressure demand (NIOSH approved or equivalent) & full protective gear. Use water spray to cool exposed surfaces.

### SECTION 6 – ACCIDENTAL RELEASE MEASURES

**PROCEDURES**
- Wear proper protective equipment (Section 8). Use absorbent material or scrape up dried material & place in approved container.

### SECTION 7 – HANDLING & STORAGE

**Handling Procedures & Equipment**
- Keep out of reach of children & pets. Do not take internally. Do not breathe vapors or inhale dusts of this product, if sanded.
- Avoid contact w/ skin & eyes. Do not get on clothing. Use w/ adequate ventilation. Ensure fresh air during application & drying by opening windows & doors.

**Storage Requirements**
- Close container after each use. Store containers away from excessive heat & freezing. Do not store @ temperatures above 120°F. Store away from caustics & oxidizers.

### SECTION 8 – EXPOSURE CONTROL / PERSONAL PROTECTION

**Respiratory**
- In case of insufficient ventilation, wear suitable respiratory equipment. A NIOSH-approved air purifying respirator w/ organic vapor cartridge may be necessary under circumstances where concentrations are expected to exceed exposure limits.
- Wear appropriate dust respirator if material is to be dry sanded.

**Eye Wear**
- Goggles or safety glasses w/ side shields.

**Clothing / Gloves**
- Gloves recommended for prolonged or repeated skin contact.

**Hygienic Practices**
- Remove & wash contaminated clothing before re-use. Wash hands before breaks & @ end of workday.
