1. CHEMICAL PRODUCT AND COMPANY IDENTIFICATION

Product Name: LOCTITE EXTEND RUST NEUTRALIZER AEROSOL 10.25OZ
Item No.: 633877
Product Type: Aerosol Coating

2. COMPOSITION, INFORMATION ON INGREDIENTS

3. HAZARDS IDENTIFICATION

Toxicity: Irritation of eyes, skin and respiratory system. May cause nervous system depression. Extreme overexposure may result in unconsciousness and possibly death. Reports have associated repeated and prolonged overexposure to solvents with permanent brain and nervous system damage. Prolonged overexposure to solvent ingredients in Section 2 may cause adverse effects to the liver, urinary, and blood forming systems.
3. HAZARDS IDENTIFICATION

Primary Routes of Entry: Exposure may be by inhalation and/or skin or eye contact, depending on conditions of use. To minimize exposure, follow recommendations for proper use, ventilation, and personal protective equipment.

Signs and Symptoms of Exposure: Headache, dizziness, nausea, and loss of coordination are indications of excessive exposure to vapors or spray mists. Redness and itching or burning sensation may indicate eye or excessive skin exposure.

Existing Conditions Aggravated by Exposure: None generally recognized.

LIV Liver
AC3 ACGIH animal carcinogen

4. FIRST AID MEASURES

Ingestion: Never give anything by mouth to an unconscious person. Do not induce vomiting. Seek medical attention.

Inhalation: If affected, remove from exposure. Restore breathing. Keep warm and quiet.

Skin Contact: Wash affected area thoroughly with soap and water. Remove contaminated clothing and launder before reuse.

Eye Contact: Flush eyes with large amounts of water for 15 minutes. Get medical attention.
5. FIRE FIGHTING MEASURES

Flash Point: N/A

Recommended Extinguishing Agents: Carbon dioxide, foam, dry chemical

Special Firefighting Procedures: Full protective equipment including self-contained breathing apparatus should be used. Water spray may be ineffective. If water is used, fog nozzles are preferable. Water may be used to cool containers to prevent pressure build up and possible autoignition or explosion when exposed to extreme heat.

Hazardous Products formed by Fire or Thermal Decomp: Irritating organic vapors; oxides of carbon.

Unusual Fire or Explosion Hazards: Closed containers may explode (due to build-up of pressure) when exposed to extreme heat. Isolate from heat, electrical equipment, sparks, and open flame. Closed containers may explode when exposed to extreme heat. Application to hot requires special precautions. During emergency conditions overexposure to decomposition products may cause a health hazard. Symptoms may not be immediately apparent.

Explosive Limits:
(% by volume in air)Lower N/A
(% by volume in air)Upper N/A

6. ACCIDENTAL RELEASE MEASURES

Steps to be taken in case of spill or leak: Remove all sources of ignition. Maintain good ventilation. Soak up with an inert absorbent. Store in a closed container until disposal.

7. HANDLING AND STORAGE

Safe Storage: Keep away from heat, sparks, and open flame.

Handling: Keep away from heat, sparks or open flame. Vapors will accumulate readily and may ignite explosively. Keep away from eyes. Avoid breathing of vapor and mists. Avoid skin contact. During use and until all vapors are gone: Keep area ventilated. Do not smoke. Extinguish all flames, pilot lights, and heaters. Turn off stoves, electric tools and appliances, and other sources of ignition. Consult NFPA Code. Use approved bonding and grounding.
7. HANDLING AND STORAGE

procedures. Do not puncture, incinerate, or expose to temperature above 120øF. Heat from sunlight radiators, stoves, hot water, and other heat sources could cause container to burst. Do not take internally. Keep out of the reach of children. Intentional misuse by deliberately concentrating and inhaling the contents can be harmful or fatal. Wash hands after using.

8. EXPOSURE CONTROLS, PERSONAL PROTECTION

Eyes: Wear safety spectacles with unperforated sideshields.
Skin: Chemical resistant gloves.
Ventilation: Local exhaust preferable. General exhaust acceptable if the exposure to materials in Section II is maintained below applicable exposure limits. Refer to OSHA Standards 1910.94, 1910.107, 1910.108.
Respiratory If personal exposure cannot be controlled below applicable limits by ventilation, wear a properly fitted organic/particulate respirator approved by NIOSH/MSHA for protection against materials in Section II. When sanding, wirebrushing, abrading burning or welding the dried film, wear a particulate respirator approved by OSHA/MSHA for protection against non-volatile materials in Section II.

See Section 2 for Exposure Limits.

9. PHYSICAL AND CHEMICAL PROPERTIES

Appearance: Clear liquid
Odor: Pungent
Boiling Point: > 100 Deg F
pH: Not available
Solubility in Water: Soluble
Specific Gravity: 0.82-0.86 g/mL
Volatile Organic Compound (EPA Method 24) 33%
Vapor Pressure: Not available
Vapor Density: More than 1 (base only)
Evaporation Rate (Ether = 1) faster than ether
Product Name: LOCTITE EXTEND RUST NEUTRALIZER AEROSOL 10.25 OZ
Item No.: 633877

10. STABILITY AND REACTIVITY

Stability: Stable
Hazardous Polymerization: Will not occur
Incompatibility: None
Conditions to Avoid: Not available
Hazardous Decomposition
   Products (non-thermal): None

11. TOXICOLOGICAL INFORMATION

See Section 3.

12. ECOLOGICAL INFORMATION

No data available

13. DISPOSAL CONSIDERATIONS

Recommended methods of disposal:
   Do not incinerate. Depressurize container.
   Dispose of in accordance with federal, state and local regulations.

EPA Hazardous Waste Number: D001 - Hazardous waste per 40CFR 261.21

14. TRANSPORTATION INFORMATION

DOT (49 CFR 172)
   Domestic Ground Transport
     Proper Shipping Name: Consumer Commodity
     Hazard Class or Division: ORM-D
     Identification Number: None
     Marine Pollutant: None

IATA
     Proper Shipping Name: Consumer Commodity (Not more than 500 ml);
                     Aerosols, flammable (More than 500 ml)
     Class or Division: Class 9 (Not more than 500 ml);
                       Division 2.1 (More than 500 ml)
     UN or ID Number: ID 8000 (Not more than 500 ml);
                       UN 1950 (More than 500 ml)

15. REGULATORY INFORMATION

CA Proposition 65: None
16. OTHER INFORMATION

Estimated NFPA(R) Code:
- Health Hazard: 2
- Fire Hazard: 3
- Reactivity Hazard: 1
- Specific Hazard: Does not apply

Estimated HMIS(R) Code:
- Health Hazard: 2*
- Flammability Hazard: 3
- Reactivity Hazards: 1
- Personal Protection: See Section 8.
