4. FIRST AID MEASURES

General Information
- Keep victim calm. Obtain medical treatment immediately.

Inhalation
- Remove to fresh air. If rapid recovery does not occur, transport to nearest medical facility for additional treatment. Inhalation of vapours requires immediate medical attention.

Skin Contact
- If persistent irritation occurs, obtain medical attention. Remove contaminated clothing. Immediately flush skin with large amounts of water for at least 15 minutes, and follow by washing with soap and water if available. If redness, swelling, pain and/or blisters occur, transport to the nearest medical facility for additional treatment.

Eye Contact
- Flush eye with copious quantities of water.

Ingestion
