1. PRODUCT AND COMPANY IDENTIFICATION

Product name: Legacy of Clean™ Dish Drops™ Concentrated Dish Liquid - original
Product code: 10-7889
Recommended use: Hand dishwashing detergent

Distributed by:
Access Business Group International LLC
7575 Fulton Street East
Ada, Michigan 49355

Product information:
Amway Corp. (58C-2A)
7575 Fulton Street East
Ada, Michigan 49355
Information #: 1-800-253-6500

For Poisoning Emergencies call Access Business Group's poison control service in the United States at 1-616-787-6307
(This is a 24-hour number.)

For Transportation Emergencies: ChemTrec @ 1-800-424-9300 CCN 182

2. HAZARDS IDENTIFICATION

Irritating to eyes.

4. FIRST AID MEASURES

Inhalation: Move to fresh air. If irritation or breathing difficulty develops, GET MEDICAL ADVICE by calling a poison control center, doctor or hospital emergency room.

Skin contact: Rinse skin thoroughly with water.
Eye contact: Remove contact lenses. Rinse with gentle stream of water for 15 minutes, holding eyelids open. Get medical advice by calling a poison control center, doctor or hospital emergency room.

Ingestion: If victim is a child, give 4-8 ounces of water. For adults, give 8-12 ounces of water. Do not induce vomiting when this product is swallowed. If vomiting occurs spontaneously, keep victim in an upright position. GET MEDICAL ADVICE by calling a poison control center, doctor or hospital emergency room.

### 5. FIRE FIGHTING MEASURES

**NFPA rating:**
Health 2, flammability 2, reactivity 0

(The NFPA hazard rating system is intended to provide basic information to fire fighting, emergency, and other personnel, enabling them to easily decide whether to evacuate the area or to commence emergency control procedures. It is not applicable to transportation or use by the general public and is not intended to address occupational exposures.)

**Suitable extinguishing media:** Use extinguishing media suitable for surrounding materials.

**Specific Hazards:** No special exposure hazards are known.

**Special protective equipment for firefighters:** Use standard fire-fighting protective equipment.

### 6. ACCIDENTAL RELEASE MEASURES

**Personal precautions:** Wear appropriate personal protection equipment (respirator, gloves, goggles, and/or faceshield, boots, protective clothing).

**Environmental precautions:** Prevent further leakage or spillage.

**Methods for cleaning up:** No special collection methods required. Dispose of in accordance with all national and local regulations.

### 7. HANDLING AND STORAGE

**Handling:** No special technical protective measures required. Special handling procedures are not normally necessary.

**Storage:** No special storage conditions required. No special restrictions on storage with other products.

### 8. EXPOSURE CONTROLS / PERSONAL PROTECTION

**Engineering measures:** Mechanical ventilation is not normally necessary when this product is used according to product label directions.

**Respiratory protection:** Follow label directions. Respiratory protective equipment is not normally necessary when this product is used according to product label directions. Where use conditions and/or extent and duration of exposure differ from typical household consumer use, appropriate protective equipment may be necessary to minimize exposures.
Hand protection: Follow label directions. Skin protection is not normally necessary when this product is used according to product label directions. Where use conditions and/or extent and duration of exposure differ from typical household consumer use, appropriate protective equipment may be necessary to minimize exposures.

Eye protection: Follow label directions. Prevent eye contact by using protective eye wear appropriate for conditions of use.

Skin protection: Follow label directions. Skin and body protection is not normally necessary when this product is used according to product label directions. Where use conditions and/or extent and duration of exposure differ from typical household consumer use, appropriate protective equipment may be necessary to minimize exposures.

General industrial hygiene practice: This product is sold as a consumer product. Where use conditions and/or extent and duration of exposure differ from typical household consumer use, appropriate protective equipment may be necessary to minimize exposures. Handle in accordance with good industrial hygiene and safety practice.

9. PHYSICAL AND CHEMICAL PROPERTIES

Physical state: liquid
Color: clear, green
Odor: citrus
pH: 6.0 - 6.7
Relative density: 1.028 - 1.048
Flash Point (°F): 137
Flash Point (°C): 58
Flashpoint Test Method: Setaflash
Closed Cup Tester

Does not sustain combustion per ASTM D4206.

10. STABILITY AND REACTIVITY

Conditions to avoid: Heat, flames and sparks.
Materials to avoid: Contact with highly reactive chemicals like strong acids, strong bases, oxidizers or reducing agents may cause a dangerous reaction.
Hazardous decomposition products: Not determined

11. TOXICOLOGICAL INFORMATION

Principle Routes of Exposure: Eye contact, skin contact

Aggravated medical conditions: Exposure to this product may aggravate pre-existing skin, eye, and respiratory disorders.

Inhalation: Inhalation of mists can cause irritation of the upper respiratory tract.

Skin contact: Prolonged or repeated skin contact with this product can cause skin irritation.

Eye contact: Contact with this product can cause mild to moderate eye irritation.

Ingestion: Ingestion of this product can cause irritation of the mouth and throat, upset stomach, nausea, vomiting and diarrhea.

Further information: Inhalation overexposure to ethanol vapors can cause headache, nausea, dizziness and drowsiness. Studies in laboratory animals involving prolonged and repeated inhalation exposures to ethanol resulted in liver damage. Prolonged and repeated oral dosing of laboratory animals has caused mutagenic and developmental toxicity. The International Agency for Research on Cancer (IARC) has reported ethanol to be carcinogenic (based on chronic ingestion of alcoholic beverages).

Inhalation overexposure to vapors of diethanolamine (ethanol, 2,2’-iminobis) can cause headache, nausea, vomiting, pulmonary irritation, liver and kidney damage.

12. ECOLOGICAL INFORMATION

Environmental Classification: This product is not classified as dangerous for the environment.

13. DISPOSAL CONSIDERATIONS

Waste from residues / unused products: Dispose of in accordance with local regulations.

Empty containers: Do not re-use empty containers. Only empty packaging can be recycled.

14. TRANSPORT INFORMATION

This product has been tested against the UN protocol used to classify transportation hazards and it does not meet the definition of hazardous. This product does not sustain combustion according to ASTM D4206.
