SAFETY DATA SHEET

1. PRODUCT AND COMPANY IDENTIFICATION

Product name: Legacy of Clean™ GLASS - Concentrated Glass Refill - citrus
Product code: 107883
Recommended use: Window and glass cleaner

Distributed by:
Access Business Group International LLC
7575 Fulton Street East
Ada, Michigan 49355

Product information:
Amway Corp. (58C-2A)
7575 Fulton Street East
Ada, Michigan 49355
Information #: 1-800-253-6500

For Transportation Emergencies: ChemTrec @ 1-800-424-9300

For Poisoning Emergencies call Amway's poison control service in the United States at 1-616-787-6307
(This is a 24-hour number.)

2. HAZARDS IDENTIFICATION

Irritating to eyes and skin.

4. FIRST AID MEASURES

**Inhalation:** Move to fresh air. If irritation or breathing difficulty develops, GET MEDICAL ADVICE by calling a poison control center, doctor or hospital emergency room.

**Skin contact:** Rinse skin thoroughly with water.

**Eye contact:** Remove contact lenses. Rinse with gentle stream of water for 15 minutes, holding eyelids open. Get medical advice by calling a poison control center, doctor or hospital emergency room.

**Ingestion:** If victim is a child, give 4-8 ounces of water. For adults, give 8-12 ounces of water. Do not induce vomiting when this product is swallowed. If vomiting occurs spontaneously, keep victim in an upright position. GET MEDICAL ADVICE by calling a poison control center, doctor or hospital emergency room.

5. FIRE FIGHTING MEASURES

**NFPA rating:** Health 1, flammability 1, reactivity 0
The NFPA hazard rating system is intended to provide basic information to fire fighting, emergency, and other personnel, enabling them to easily decide whether to evacuate the area or to commence emergency control procedures. It is not applicable to transportation or use by the general public and is not intended to address occupational exposures.

**Suitable extinguishing media:** Use extinguishing media suitable for surrounding materials. This product is not known to be incompatible with any extinguishing media.

**Specific Hazards:** No special exposure hazards are known.

**Special protective equipment for firefighters:** Use standard fire-fighting protective equipment.

### 6. ACCIDENTAL RELEASE MEASURES

**Personal precautions:** Wear appropriate personal protection equipment (respirator, gloves, goggles, and/or faceshield, boots, protective clothing).

**Environmental precautions:** Prevent further leakage or spillage.

**Methods for cleaning up:** No special collection methods required. Dispose of in accordance with all national and local regulations.

### 7. HANDLING AND STORAGE

**Handling:** No special technical protective measures required. Special handling procedures are not normally necessary.

**Storage:** No special storage conditions required. No special restrictions on storage with other products.

### 8. EXPOSURE CONTROLS / PERSONAL PROTECTION

**Engineering measures:** Mechanical ventilation is not normally necessary when this product is used according to product label directions.

**Respiratory protection:** Follow label directions. Respiratory protective equipment is not normally necessary when this product is used according to product label directions. Where use conditions and/or extent and duration of exposure differ from typical household consumer use, appropriate protective equipment may be necessary to minimize exposures.

**Hand protection:** Follow label directions. Skin protection is not normally necessary when this product is used according to product label directions. Where use conditions and/or extent and duration of exposure differ from typical household consumer use, appropriate protective equipment may be necessary to minimize exposures.

**Eye protection:** Follow label directions. Avoid contact with eyes.

**Skin protection:** Follow label directions. Skin and body protection is not normally necessary when this product is used according to product label directions. Where use conditions and/or extent and duration of exposure differ from typical household consumer use, appropriate protective equipment may be necessary to minimize exposures.

**General industrial hygiene practice:** This product is sold as a consumer product. Where use conditions and/or extent and duration of exposure differ from typical household consumer use, appropriate protective equipment may be necessary to minimize exposures. Handle in accordance with good industrial hygiene and safety practice.
9. PHYSICAL AND CHEMICAL PROPERTIES

**Physical state:** liquid

**Color:** blue

**Odor:** pleasant, citrus

**pH:** 9.0-11.0

**Relative density:** 0.995 - 1.010

**Flash Point (°F):** 150

**Flash Point (°C):** 66

**Flashpoint Test Method:** Setaflash Closed Cup Tester

Does not sustain combustion per ASTM D4206.

10. STABILITY AND REACTIVITY

**Conditions to avoid:** No conditions are known which would initiate a dangerous reaction.

**Materials to avoid:** Contact with highly reactive chemicals like strong acids, strong bases, oxidizers or reducing agents may cause a dangerous reaction.

**Hazardous decomposition products:** Not determined

11. TOXICOLOGICAL INFORMATION

**Principle Routes of Exposure:** Eye contact, skin contact, inhalation

**Aggravated medical conditions:** Exposure to this product may aggravate pre-existing skin, eye, and respiratory disorders.

**Inhalation:** This product contains ingredients that may cause upper respiratory tract irritation if inhaled. Inhalation of vapors or mists may cause irritation of the upper respiratory tract. See additional information below.

**Skin contact:** This product contains ingredients that may cause irritation or injury if in contact with the skin. Prolonged or repeated skin contact with this product can cause skin irritation. See additional information below.

**Eye contact:** This product contains ingredients that may cause irritation or injury if in contact with the eyes. Contact with this product can cause mild to moderate eye irritation.

**Ingestion:** This product contains ingredients that may cause irritation or injury if ingested. Ingestion of this product can cause irritation of the mouth and throat, upset stomach, nausea, vomiting and diarrhea.

**Further information:** Inhalation of vapors or skin contact with 1-methoxy-2-propanol can cause respiratory tract irritation, headache, nausea, dizziness and drowsiness. Liver and kidney effects have been noted in experimental animals. Inhalation of vapors of 1-propoxy-2-propanol can cause anesthetic or narcotic effects. 1-propoxy-2-propanol is moderately toxic (can cause central nervous system, liver and kidney effects) by skin absorption. Dermal overexposure can result in the absorption of potentially harmful amounts. Studies in experimental laboratory animals (rats) indicated a potential for fetal effects when 1-propoxy-2-propanol vapor exposures exceeded 1,500 ppm during the period of organogenesis.

12. ECOLOGICAL INFORMATION

**Environmental Classification:** This product is not classified as dangerous for the environment.
13. DISPOSAL CONSIDERATIONS

Waste from residues / unused products: Dispose of in accordance with local regulations.

Empty containers: Do not re-use empty containers.

14. TRANSPORT INFORMATION

This product has been tested against the UN protocol used to classify transportation hazards and it does not meet the definition of hazardous. This applies to household or personal care material packaged in a form intended or suitable for consumer use. For non-consumer commodity packages, consult current transport regulations.
