SAFETY DATA SHEET

1. PRODUCT AND COMPANY IDENTIFICATION

Product name: SATINIQUE™ Volumising Mousse
Product code: E5085
Recommended use: Hair styling product
Distributed by:

Access Business Group International LLC
7575 Fulton Street East
Ada, Michigan 49355

Amway Corp. (58C-2A)
7575 Fulton Street East
Ada, Michigan 49355
Information #: 1-800-253-6500

For Poisoning Emergencies call Access Business Group's poison control service in the United States at 1-616-787-6307
(This is a 24-hour number.)

2. HAZARDS IDENTIFICATION

Most important hazards: This product is hazardous according to the criteria of the OSHA Hazard Communication Standard.
Flammable.

3. COMPOSITION / INFORMATION ON INGREDIENTS

4. FIRST AID MEASURES

Inhalation: Move to fresh air. If irritation or breathing difficulty develops, GET MEDICAL ADVICE by calling a poison control center, doctor or hospital emergency room.

Skin contact: Rinse skin thoroughly with water. Get medical advice if symptoms develop.

Eye contact: Remove contact lenses. Rinse with gentle stream of water for 15 minutes, holding eyelids open. Get medical advice by calling a poison control center, doctor or hospital emergency room.

Ingestion: If victim is a child, give 4-8 ounces of water. For adults, give 8-12 ounces of water. Do not induce vomiting when this product is swallowed. If vomiting occurs spontaneously, keep victim in an upright position. GET MEDICAL ADVICE by calling a poison control center, doctor or hospital emergency room.
5. FIRE FIGHTING MEASURES

NFPA rating: Health 1, flammability 4, reactivity 0

(The NFPA hazard rating system is intended to provide basic information to fire fighting, emergency, and other personnel, enabling them to easily decide whether to evacuate the area or to commence emergency control procedures. It is not applicable to transportation or use by the general public and is not intended to address occupational exposures.)

Suitable extinguishing media: Use extinguishing media suitable for surrounding materials.

Specific Hazards: Vapor pressure build-up due to fire heat may cause container rupture and rocketing.

Special protective equipment for firefighters: Use standard fire-fighting protective equipment.

6. ACCIDENTAL RELEASE MEASURES

Personal precautions: Remove all sources of ignition. Wear appropriate personal protection equipment (respirator, gloves, goggles, and/or faceshield, boots, protective clothing).

Environmental precautions: Prevent further leakage or spillage.

Methods for cleaning up: No special collection methods required.

7. HANDLING AND STORAGE

Handling: No special technical protective measures required. Use only as directed. Keep away from heat and sources of ignition. Do not spray toward flame or heated object. Do not puncture or burn even after use. Keep away from sources of ignition - no smoking.

Storage: Store in accordance with applicable requirements for aerosols. No special restrictions on storage with other products.

8. EXPOSURE CONTROLS / PERSONAL PROTECTION

Engineering measures: Mechanical ventilation is not normally necessary when this product is used according to label directions.

Respiratory protection: Follow label directions. Respiratory protective equipment is not normally necessary when this product is used according to label directions. Where use conditions and/or extent and duration of exposure differ from typical household consumer use, appropriate protective equipment may be necessary to minimize exposures.

Hand protection: Follow label directions. Skin protection is not normally necessary when this product is used according to label directions. Where use conditions and/or extent and duration of exposure differ from typical household consumer use, appropriate protective equipment may be necessary to minimize exposures.
Skin and body protection: Follow label directions. Skin and body protection is not normally necessary when this product is used according to label directions. Where use conditions and/or extent and duration of exposure differ from typical household consumer use, appropriate protective equipment may be necessary to minimize exposures.

Eye protection: Follow label directions. Prevent eye contact by using protective eye wear appropriate for conditions of use. Where use conditions and/or extent and duration of exposure differ from typical household consumer use, appropriate protective equipment may be necessary to minimize exposures.

General industrial hygiene practice: This product is sold as a consumer product. Where use conditions and/or extent and duration of exposure differ from typical household consumer use, appropriate protective equipment may be necessary to minimize exposures. Handle in accordance with good industrial hygiene and safety practice.

9. PHYSICAL AND CHEMICAL PROPERTIES

Physical state: Aerosol product
Color: white
Odor: pleasant
pH: 5.5 - 6.5
Relative density: 1.005 - 1.015
Flashpoint Test Method: Not applicable
Flammable range: Not determined
Flammable limit: Not determined
Flash Point (F): Not determined
Flash Point (C): Not determined

10. STABILITY AND REACTIVITY

Stability: This product is stable.
Conditions to avoid: Avoid ignition sources.
Materials to avoid: Contact with highly reactive chemicals like strong acids, strong bases, oxidizers or reducing agents may cause a dangerous reaction.
Hazardous decomposition products: Not determined

11. TOXICOLOGICAL INFORMATION
**Principle Routes of Exposure:**

Eye contact, skin contact

**Aggravated medical conditions:**

Exposure to this product may aggravate pre-existing skin, eye, and respiratory disorders.

**Inhalation:**

Inhalation can cause irritation of the upper respiratory tract.

**Skin contact:**

This product is not classified as a skin irritant.

**Eye contact:**

This product is classified as an eye irritant. Contact with undiluted product can cause mild, transient eye irritation.

**Ingestion:**

Ingestion of this product can cause irritation of the mouth and throat, upset stomach, nausea, vomiting and diarrhea.

**Further information:**

Inhalation overexposure to isobutane vapors can cause drowsiness, loss of consciousness, asphyxia and death.

Inhalation overexposure to propane vapors can cause drowsiness, loss of consciousness, asphyxia and death.

---

### 12. ECOLOGICAL INFORMATION

**Environmental Classification:**

This product is not classified as dangerous for the environment.

---

### 13. DISPOSAL CONSIDERATIONS

**Waste from residues / unused products:** Dispose of in accordance with local regulations.

**Empty containers:** Do not puncture or burn, even after use. Do not re-use empty containers. Only empty packaging can be recycled.

---

### 14. TRANSPORT INFORMATION

This applies to household or personal care material packaged in a form intended or suitable for consumer use.

For non-consumer commodity packages, consult current transport regulations.

**DOT:**

UN/ID No.: Not applicable

Proper shipping name: Consumer Commodity

Hazard class: ORM-D

Packing group: Not applicable

**IMDG/ADR:**

UN/ID No.: UN1950

Proper shipping name: Aerosols

Hazard class: 2

Packing group: Not applicable

**ICAO/IATA:**

UN/ID No.: ID8000

Proper shipping name: Consumer Commodity

Hazard class: 9

Packing group: Not applicable
The information contained in this document is subject to change or update due to changing government regulations. The user of this document assumes responsibility for complying with all applicable national and international laws and regulations regarding the shipment of Dangerous Goods.

**15. REGULATORY INFORMATION**

EPA RCRA Hazardous Waste Classification: D001

**16. OTHER INFORMATION**

The information contained herein is believed to be accurate and represents the best information currently available to us, much of which comes from the manufacturer or supplier of components of this product. Therefore, Access Business Group LLC makes no warranty, express or implied, regarding the accuracy of the data. Health and safety precautions in this data sheet may not be adequate for all individuals and product uses. It is the user's obligation to make certain that this MSDS is the most current MSDS for the product; to evaluate the information contained in this sheet in connection with the uses to which the product is to be put in the workplace and to use the product safely in accordance with applicable laws and regulations. If there are any questions concerning the information contained in this sheet or its applicability to a particular use, the user is instructed to telephone 1-800-253-6500. Access Business Group LLC assumes no responsibility for injury from the use of the product described in this sheet in a way different from that provided in the label directions.
