Material Safety Data Sheet

MSDS No: 437792  Creation Date: 11/11/2011
Version 01.0  Revision Date: 05/02/2012

1. PRODUCT AND COMPANY IDENTIFICATION

Product Name: Smooth 'N Shine Silk 'N Sleek Straighten Polisher
Product Use: Hair Treatment
Product Number: 60785
Company Address: Schwarzkopf & Henkel, Div of Henkel Consumer Goods, 1063 McGaw Ave, Suite 100, Irvine, CA 92614-5506 USA
Contact Information: Medical Emergencies: 1-888-689-9082  CHEMTREC: 1-800-424-9300 (24 hours daily)

2. HAZARDS IDENTIFICATION

EMERGENCY OVERVIEW

CAUTION: This product is a viscous liquid with a floral odor. Direct contact with eyes causes irritation. May be harmful if swallowed. Avoid contact with eyes. Keep away from heat, sparks and flame. No significant environmental effects. Product is flammable. Product is stable. Keep out of reach of children.

Regulatory Status: This product is considered to be hazardous under OSHA’s Hazard Communication Standard (29 CFR 1900.1200). This MSDS includes valuable information that is critical for safe handling and proper use of this product.

Potential Health Effects

Eye Contact: It may cause moderate irritation if not rinsed promptly.
Skin Contact: Prolonged exposure may cause irritation.
Ingestion: May be harmful if swallowed. Ingestion of large amounts may cause abdominal discomfort, nausea or vomiting.
Inhalation: Inhalation of product mists results in irritation of the respiratory tract.
Chronic Health Effects: Due to the nature and composition of this product no subchronic/ chronic health effects are anticipated.
Existing Conditions: Pre-existing skin conditions.

3. COMPOSITION / INFORMATION ON INGREDIENTS

Based on our hazard evaluation, the following chemical substance(s) in this product have been identified as hazardous.

<table>
<thead>
<tr>
<th>Hazardous Components</th>
<th>CAS NUMBER</th>
<th>w/w %</th>
</tr>
</thead>
<tbody>
<tr>
<td>Cyclopentasiloxane</td>
<td>541-02-6</td>
<td>60 – 100</td>
</tr>
<tr>
<td>Polymethylsiloxane</td>
<td>70131-67-8</td>
<td>5 – 10</td>
</tr>
<tr>
<td>Cyclohexasiloxane</td>
<td>540-97-6</td>
<td>1 – 5</td>
</tr>
</tbody>
</table>

4. FIRST AID MEASURES

Eye Contact: In case of contact with eyes rinse with plenty of water. Get medical attention if irritation appears.
Skin Contact: Wipe off and flush area with water. Get medical attention if irritation persists.
Ingestion: Dilution by rinsing the mouth and giving water or milk to drink is generally recommended. If irritation persists, get medical attention.
Inhalation: No particular measures required. Move to fresh air if irritation develops.

Notes to Physician: The physician's judgment should be used to control symptoms and clinical condition based on the individual reactions of the patient.
5.  FIRE FIGHTING MEASURES

Flammable Properties:

Flash point: Flash Point: 133 °F (56.1 °C) (PMCC ASTM D-93)
Flame projection: Not available
Autoignition temperature: Not available
Flammable/Explosive limits - lower: Not available
Flammable/Explosive limits - upper: Not available
Hazardous combustion products: Oxides of carbon and oxides of nitrogen, silicon dioxide.

Fire and Explosion Hazard
Mixture is a flammable liquid. Vapors are heavier than air and may travel to an ignition source. Containers may rupture and release flammable liquids.

Extinguishing Media
Alcohol resistant foam, dry chemical or carbon dioxide. For larger fires, flood with fine water spray or alcohol-resistant foam.

Protection of Firefighters
Shut off all ignition sources. Move containers from fire area if you can do it without risk. Apply cooling water to sides of containers that are exposed to flames until well after fire is out. Use flooding amounts of water as fog. Cool product containers with flooding amounts of water from as far a distance as possible. Avoid breathing vapors; keep upwind. As with any flammable chemicals, in the event of overheating or direct flame contact, evacuate the area to minimize fire hazards.

6.  ACCIDENTAL RELEASE MEASURES

Personal Precautions:
Wear skin, eye and respiratory protection as recommended in Section 8. Shut off ignition sources. Stop leak if you can do it without risk. Use water spray to reduce vapors. Isolate area until vapors have dispersed. No smoking, flames or flares in hazard area! Keep unnecessary people away; isolate hazard area and deny entry. Ventilate closed spaces before entering. Stay upwind; keep out of low areas.

Environmental Precautions:
Small or household quantities may be disposed in regular domestic trash. For larger quantities check with your local disposal authorities.

Methods for Containment and Clean Up:
SMALL SPILLS: Contain and absorb with sand or other non-combustible absorbent material and place into containers for later disposal. Wash site of spillage thoroughly with water. LARGE SPILLS: Dike far ahead of spill to prevent further movement. Recover by pumping or by using a suitable absorbent material and place into containers for later disposal. Dispose in suitable waste container.

7.  HANDLING AND STORAGE

Handling:
Do not get in eyes, on skin, on clothing. Do not take internally. Use with adequate ventilation. Keep the containers closed when not in use. Have emergency equipment (for fires, spills, leaks, etc.) readily available.

Storage:
Flammable liquid. Store in original containers in a cool dry area (5°C – 25°C). Store away from excessive heat and incompatible substances. Storage areas for large quantities (warehouse) should be well ventilated. Keep the containers tightly closed when not in use. Observe all federal, state and local regulations when storing or disposing of this substance.

8.  EXPOSURE CONTROLS / PERSONAL PROTECTION

The use of this product by consumers is safe under normal and reasonable foreseen use. The information provided below refers to the occupational settings.

Worker Exposure Limits
9. PHYSICAL AND CHEMICAL PROPERTIES

<table>

**Engineering Controls:**
No special engineering controls apply for the finished product. Contact the safety coordinator for any specific ingredient exposure limit that may apply at the occupational settings. Provide local exhaust or general dilution ventilation to keep exposure to airborne contaminants below the permissible exposure limits where mists or vapors may be generated.

**Respirator:**
Air contamination monitoring should be carried out where mists or vapors are likely to be generated, to assure that the employees are not exposed to airborne contaminants above the permissible exposure limits. If respiratory protection is required, it must be based on the contamination levels found in the workplace, must not exceed the working limits of the respirator and be jointly approved by the National Institute for Occupational Safety and Health and the Mine Safety and Health Administration (NIOSH-MSHA).

**For fire fighting or other immediately dangerous to life or health conditions:**
Any self-contained breathing apparatus that has a full facepiece and is operated in a pressure-demand or other positive-pressure mode.

**Clothing:** Protective clothing is required where repeated or prolonged skin contact may occur.

**Gloves:** Protective gloves are required where repeated or prolonged skin contact may occur.

**Eye/face Protection:** Splash-proof safety glasses are required to prevent eye contact where splashing of product may occur.

10. STABILITY AND REACTIVITY

**Chemical Stability:** Stable under normal ambient temperature (70°F, 21°C) and pressure (1 atm).

**Conditions to Avoid:** Avoid contact with incompatible substances, excessive heat, flames or other ignition sources. Do not permit physical damage or overheating of containers.

**Incompatible Materials:** Strong oxidizers and combustible materials.

**Hazardous Decomposition Products:** Thermal decomposition may release toxic and/or hazardous gases including oxides of carbon and nitrogen; hydrocarbons and derivatives.

**Possibility of Hazardous Reactions:** Hazardous polymerization has not been reported to occur under normal temperatures and pressures.

11. TOXICOLOGICAL INFORMATION
Material Safety Data Sheet

MSDS No: 437792  Creation Date: 11/11/2011
Version 01.0  Revision Date: 05/02/2012

Product Information Summary:
This product is a personal care or cosmetic product. The use of this product by consumers is safe under normal and reasonable foreseeable use. Direct contact with eyes may cause irritation. Ingestion of large quantities may be harmful. Repeated or prolonged excessive exposure with skin may cause irritation or dermatitis. Breathing high vapor concentrations may produce anesthetic effects, nausea, dizziness, headache.

Component Analysis: The following toxicity information is for the hazardous ingredient(s) when used as technical grade and is provided as reference for the occupational settings.

<table>
<thead>
<tr>
<th>INGREDIENT</th>

</table>

Sensitization: This product is not considered a skin or respiratory sensitizer.

Carcinogenicity: None of the ingredients in this product are listed as carcinogens by the International Agency for Research on Cancer (IARC), the National Toxicology Program (NTP) or the Occupational Safety and Health Administration (OSHA).

Mutagenicity: None of the ingredients in this product are known to cause mutagenicity.

Reproductive/Fetal/Developmental Effects: None of the ingredients in this product are known as reproductive, fetal, or developmental hazards.

Target Organ Toxicity: None of the ingredients in this product are known to have target organ toxicity.

Epidemiological Information: None of the ingredients in this product are known to have health-related information in working populations.

12. ECOLOGICAL INFORMATION
This product is anticipated to be safe for the environment at concentrations predicted in household settings under normal use conditions.

Environmental Fate: No environmental fate data exists for the product. The product is anticipated to be rapidly biodegradable.

Persistence and Degradability: The product is anticipated to be rapidly biodegradable.

Bioaccumulation Potential: The product does not have a bioaccumulation potential.

Mobility: The mobility of this product (in soil and water) has not been determined.

13. DISPOSAL CONSIDERATIONS
Waste Number and Description: D001 (ignitable).

Disposal Considerations
Disposal of Product: This product is a RCRA hazardous waste and can be disposed of in accordance with federal, state and local regulations.

Disposal of Packages: Do not reuse this container.

Additional Information: Observe all federal, state and local regulations when storing or disposing of this substance.

14. TRANSPORT INFORMATION

DOT Transportation of Dangerous Goods - Ground
DOT Hazard Class: ORM-D  Packing Group: II
DOT Proper Shipping Name: Consumer Commodity  Shipping Label Information: Miscellaneous 9
Flammable liquid (Liters and smaller are classed as Consumer Commodity ORM-D except when shipped by air)

International Air Transportation (ICAO/IATA)
Material Safety Data Sheet

SNS Straightening Polish 05/02/12 Page 5 of 6

ICAO/IATA Hazard Class: ID 8000 Packing Group: II
ICAO/IATA Proper Shipping Name: Consumer Commodity Shipping Label Information: Miscellaneous 9

Water Transportation (IMO/IMDG)

IMO/IMDG Hazard Class: 3 Packing Group: II
IMO/IMDG UN Number: UN 1993 Flammable Liquid N.O.S. (Cyclopentasiloxane)
Shipping Label Information: Limited Quantities

If the quantity being shipped exceeds the Limited quantity or Maximum Net Quantity requirements as stated in IATA/IMDG/DOT/CFR49 and/or is NOT RETAIL Packed the item (s) classification will shift to a more specific proper shipping name and classification. Please refer to IATA/IMDG/DOT/CFR49 regulations and/or contact S&H Transportation representative.

15. REGULATORY INFORMATION

Occupational Safety and Health Act:
Hazard Communication Rule, 29 CFR 1910.1200: The Occupational Safety and Health Administration (OSHA) require Material Safety Data Sheets (MSDSs) to provide information about any hazard that may be associated with the product and make this information available in the workplace. Since the use pattern and exposure in the workplace are generally not consistent with those experienced by consumers, this MSDS may contain health hazard information not relevant to consumer use.

United States Regulatory Information

Food and Drug Administration (FDA):
This product is regulated as a cosmetic under the Food and Drug Administration.

Federal Regulations
TSCA 8 (b) Inventory Status: All components of this product are either listed on or exempt from the U.S. Toxic Substances Control Act (TSCA) chemical substance inventory.
CERCLA/SARA Section 302 EHS: Not available
Cyclopentasiloxane/ Cyclohexasiloxane: Acute Health Effects, Fire.
CERCLA/SARA Section 311/312: Not applicable - Consumer product.
CERCLA/SARA Section 313:

State Regulations
California Proposition 65: This product does not contain substances listed under California Proposition 65.

Canada Regulatory Information

Canadian Environmental Protection Act:
Inventory Status: Some components of this product are not listed on the Canadian Domestic Substances List (DSL) nor the NDSL.
Health Canada:
This product is regulated as a cosmetic product under the Cosmetics Programme.

Worker Hazardous Materials Information System:
WHMIS Classification: Flammable Liquid
