Emergency overview

WARNING: To prevent fire or injury

KEEP FREE FROM FOREIGN OBJECTS (e.g. MATCHES). To prevent fire, never leave a burning candle unattended, near flammable material, or for more than 4 hours. Place on a flat, heat resistant surface, away from drafts. DO NOT burn candles on or near anything that can catch fire. Store candle in an upright position. DO NOT use on hot surfaces e.g. T.V. VCR, DVD. Keep wick trimmed to 1 cm (1/2") to avoid excessive smoking. DO NOT move or tip while lit or before liquid hardens. DO NOT allow the flame to touch the side of the glass holder. Glass will be hot during and after use. Stop when less than 1 cm (1/2") of product remains and never allow the candle to burn all the way down. Extinguish candle by blowing gently. DO NOT use if the glass is damaged. DO NOT use the glass candle holder for drinking purposes or for storing food. Always leave at least 20cm (8") between burning candles.

Burn within sight. Keep away from things that catch fire. Keep away from children. Keep wax pool free of debris. Do not allow flame to touch glass. Once the candle reaches the end of life, there will typically be around 2.5cm (1") of wax remaining. Wick contains no lead.

KEEP OUT OF REACH OF CHILDREN.
