1. Product and Company Identification

Product Name: EASY-ON® - Double Starch - Crisp Linen™ Scent

UPC CODES: Refer to Section 16

CAS #: Mixture

Product use: Laundry starch

Manufacturer: Reckitt Benckiser
Morris Corporate Center IV
399 Interpace Parkway
P.O. Box 225
Parsippany, NJ 07054-0225

In Case of Emergency: 1-800-228-4722
Transportation Emergencies: 24 Hour Number:
North America: CHEMTREC: 1-800-424-9300
Outside North America: 1-703-527-3887

2. Hazards Identification

Emergency overview: CAUTION

CONTENTS UNDER PRESSURE. Do not puncture or incinerate container. DO NOT expose to heat or store at temperatures above 120°F (49°C). Avoid freezing. Contains isobutane, 2-hydroxyethyl ether starch.

KEEP OUT OF REACH OF CHILDREN.

Potential short term health effects:

Routes of exposure: Eye, Skin contact, Inhalation, Ingestion.

Eyes: None expected during normal conditions of use.

Skin: None expected during normal conditions of use. Not expected to be a skin sensitizer.

Inhalation: None expected during normal conditions of use.

Ingestion: Health injuries are not known or expected under normal use.

Target organs: Respiratory system.

Chronic effects: The finished product is not expected to have chronic health effects.

Signs and symptoms: Symptoms of overexposure are dizziness, headache, tiredness, nausea, unconsciousness, cessation of breathing.

3. Composition / Information on Ingredients

4. First Aid Measures

First aid procedures:

Eye contact: In case of eye contact, hold eyes open and IMMEDIATELY rinse eyes thoroughly with plenty of water. Remove any contact lenses and continue rinsing for at least 15 minutes. If irritation occurs or persists, get medical attention.
Skin contact
Wash off immediately with soap and plenty of water removing all contaminated clothes and shoes.

Inhalation
Move to fresh air.

Ingestion
If swallowed, do NOT induce vomiting. Call a physician or Poison Control Center IMMEDIATELY. NEVER give an unconscious person anything to ingest.

Notes to physician
Contains isobutane, 2-hydroxyethyl ether starch.

General advice
Do not puncture or incinerate container. Keep away from sources of ignition. No smoking. If you feel unwell, seek medical advice (show the label where possible). Ensure that medical personnel are aware of the material(s) involved, and take precautions to protect themselves. Show this safety data sheet to the doctor in attendance. Avoid contact with eyes and skin. Keep out of reach of children.

5. Fire Fighting Measures

Flammable properties
Aerosol flame extension less than 18 inches (45 cm). Containers may explode when heated.

Extinguishing media
Suitable extinguishing media
Treat for surrounding material.

Unsuitable extinguishing media
Not available

Protection of firefighters
Specific hazards arising from the chemical
Contents under pressure. Pressurized container may explode when exposed to heat or flame. Cool containers with flooding quantities of water until well after fire is out.

Protective equipment for firefighters
Firefighters should wear full protective clothing including self contained breathing apparatus.

Hazardous combustion products
May include and are not limited to: Oxides of carbon.

Explosion data
Sensitivity to mechanical impact
Not available

Sensitivity to static discharge
Not available

6. Accidental Release Measures

Personal precautions
Ensure adequate ventilation. Keep unnecessary personnel away. Do not touch or walk through spilled material. Do not touch damaged containers or spilled material unless wearing appropriate protective clothing. Keep people away from and upwind of spill/leak.

Methods for containment
Eliminate all ignition sources (no smoking, flares, sparks, or flames in immediate area). Stop leak if you can do so without risk. Prevent entry into waterways, sewers, basements or confined areas.

Methods for cleaning up
Before attempting clean up, refer to hazard data given above. Remove sources of ignition. Although the chance of a significant spill or leak is unlikely in aerosol containers, in the event of such an occurrence, absorb spilled material with a non-flammable absorbent such as sand or vermiculite.

7. Handling and Storage

Handling
CAUTION
Contents under pressure.
Do not puncture or incinerate container.
DO NOT expose to heat or store at temperatures above 120°F (49°C) as the container may burst.
Use this product with adequate ventilation.
Use good industrial hygiene practices in handling this material.

Storage
Keep out of reach of children. Do not store at temperatures above 49 °C (120.2°F). Keep away from heat, open flames or other sources of ignition. Keep from freezing. Store in a cool dry place inaccessible to children and pets.
8. Exposure Controls / Personal Protection

</tbody>
</table>

Engineering controls
General ventilation normally adequate.

Personal protective equipment

Eye / face protection
Not normally required under normal use conditions.
Emergency responders should wear full eye and face protection.

Hand protection
Wear impervious gloves where the potential for contact with the liquid is possible.
Emergency responders should wear impermeable gloves.

Skin and body protection
Usual safety precautions while handling the product will provide adequate protection against injury or irritation.
Emergency responders should wear impermeable clothing and footwear when responding to a situation where contact with the liquid is possible.

Respiratory protection
Not normally required under normal use conditions.
Emergency responders should wear self-contained breathing apparatus (SCBA) to avoid inhalation of vapours generated by this product during a spill or other clean-up operations.

General hygiene considerations
Handle in accordance with good industrial hygiene and safety practice. When using do not eat or drink. Washing with soap and water after use is recommended as good hygienic practice to prevent possible eye irritation from hand contact.

</tbody>
</table>
10. Stability and Reactivity

Chemical stability
Stable under recommended storage conditions.

Conditions to avoid
Protect from sunlight and do not expose to temperatures exceeding 50°C (120°F). Extremes of temperatures can occur in cars and near ovens and fireplaces. Keep away from open flames, hot surfaces and sources of ignition. Do not place in contact with hot surfaces or near naked flames. Do not spray on a naked flame, onto or near a fire, or any incandescent material such as an electric fire.

Incompatible materials
Caustics. Acids.

Hazardous decomposition products
May include and are not limited to: Oxides of carbon.

Possibility of hazardous reactions
Hazardous polymerization does not occur.

Effects of acute exposure

Eye: None expected during normal conditions of use.
Skin: None expected during normal conditions of use. Not expected to be a skin sensitizer.
Inhalation: None expected during normal conditions of use.
Ingestion: Health injuries are not known or expected under normal use.
Sensitization: The finished product is not expected to have chronic health effects.
Chronic effects: The finished product is not expected to have chronic health effects.
Carcinogenicity: The finished product is not expected to have chronic health effects.
Mutagenicity: The finished product is not expected to have chronic health effects.
Reproductive effects: The finished product is not expected to have chronic health effects.
Teratogenicity: The finished product is not expected to have chronic health effects.
Synergistic Materials: Not available

12. Ecological Information

Ecotoxicity: Not available
Environmental effects: Not available
Aquatic toxicity: Not available
Persistence / degradability: Not available
Bioaccumulation / accumulation: Not available
Partition coefficient: Not available
Mobility in environmental media: Not available
Chemical fate information: Not available

13. Disposal Considerations

Waste codes: Not available
## 14. Transport Information

### U.S. Department of Transportation (DOT)

UN1950, Aerosols, 2.1 Re-Classed as Consumer Commodity ORM-D

### Transportation of Dangerous Goods (TDG - Canada)

UN 1950, Aerosols, Class 2.1 Re-Classed as Consumer Commodity

### IMDG (Marine Transport)

UN 1950 - Aerosols, Class 2.1, Limited Quantity.
15. Regulatory Information

**US Federal regulations**
This product is a "Hazardous Chemical" as defined by the OSHA Hazard Communication Standard, 29 CFR 1910.1200.

Product Registration: Not registered

**Occupational Safety and Health Administration (OSHA)**
- 29 CFR 1910.1200 hazardous chemical: Yes

**Superfund Amendments and Reauthorization Act of 1986 (SARA)**
- Immediate Hazard: No
- Delayed Hazard: No
- Fire Hazard: Yes
- Pressure Hazard: No
- Reactivity Hazard: No

- Section 302 extremely hazardous substance: No
- Section 311 hazardous chemical: Yes

**Clean Air Act (CAA)** Not available

**Clean Water Act (CWA)** Not available

**State regulations**
This product does not contain a chemical known to the State of California to cause cancer, birth defects or other reproductive harm.

**U.S. - Massachusetts - Right To Know List**
- Isobutane 75-28-5: Present

**U.S. - New Jersey - Right to Know Hazardous Substance List**
- Isobutane 75-28-5: sn 1040

**U.S. - Pennsylvania - RTK (Right to Know) List**
- Isobutane 75-28-5: Present

**Inventory status**

<table>
<thead>
<tr>
<th>Country(s) or region</th>
<th>Inventory name</th>
<th>On inventory (yes/no)*</th>
</tr>
</thead>
<tbody>
<tr>
<td>United States &amp; Puerto Rico</td>
<td>Toxic Substances Control Act (TSCA) Inventory</td>
<td>Yes</td>
</tr>
</tbody>
</table>

A "Yes" indicates that all components of this product comply with the inventory requirements administered by the governing country(s).

16. Other Information

**Disclaimer**
This product should only be used as directed on the label and for the purpose intended. To the best of our knowledge, the information contained herein is accurate. However, neither the above named supplier nor any of its subsidiaries assumes any liability whatsoever for the accuracy or completeness of the information contained herein. Final determination of suitability of any material is the sole responsibility of the user. All materials may present unknown hazards and should be used with caution. Although certain hazards are described herein, we cannot guarantee that these are the only hazards that exist.
