1. Product and Company Identification

Product Name: LYSOL® Brand (Kills 99% of Bacteria) Neutra Air® Sanitizing Spray (Aerosol), All Scents

UPC CODES: Refer to Section 16

CAS #: Mixture

Product use: Fragrance

Distributed by: Reckitt Benckiser
Morris Corporate Center IV
399 Interpace Parkway
P.O. Box 225
Parsippany, NJ 07054-0225

In Case of Emergency: 1-800-228-4722
Transportation Emergencies: 24 Hour Number:
North America: CHEMTREC: 1-800-424-9300
Outside North America: 1-703-527-3887

2. Hazards Identification

Emergency overview: This product is regulated by the US EPA as a disinfectant.

PRECAUTIONARY STATEMENTS: Hazards to humans and domestic animals.
CAUTION
DO NOT spray directly in eyes.

PHYSICAL HAZARDS: CONTENTS UNDER PRESSURE.
Do not use or store near heat or open flame. Do not puncture or incinerate container.
Exposure to temperatures above 130°F may cause bursting.

KEEP OUT OF REACH OF CHILDREN AND PETS.

Potential short term health effects

Routes of exposure: Eye, Skin contact, Inhalation, Ingestion.

Eyes: None expected during normal conditions of use.
May cause eye irritation upon direct contact with the eyes.

Skin: None expected during normal conditions of use.
Not expected to be a skin sensitizer.

Inhalation: Do not breathe spray. Use only in a well ventilated area.

NOTE TO PARENTS: Intentional misuse by deliberately concentrating and inhaling aerosol products may be harmful or fatal. Help stop inhalation abuse; for information visit www.inhalant.org.

Ingestion: Contains denatured ethyl alcohol. May be harmful if swallowed.

Target organs: Eyes. Skin. Respiratory system.

Chronic effects: The finished product is not expected to have chronic health effects.

Signs and symptoms: Symptoms may include redness, edema, drying, defatting and cracking of the skin.
Symptoms of overexposure may be headache, dizziness, tiredness, nausea and vomiting.
#3. Composition / Information on Ingredients

## 4. First Aid Measures

**First aid procedures**

**Eye contact**
Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

**Skin contact**
Wash off immediately with soap and plenty of water removing all contaminated clothes and shoes.

**Inhalation**
Move to fresh air.

**Ingestion**
Rinse mouth with water. If symptoms persist, call a physician or Poison Control Centre immediately. Do not induce vomiting. Never give anything by mouth to an unconscious person.

**Notes to physician**
Contains denatured ethanol; ingestion may result in ethanol poisoning. Treat patient symptomatically.

**General advice**
Do not puncture or incinerate container. Keep away from sources of ignition. No smoking. If you feel unwell, seek medical advice (show the label where possible). Ensure that medical personnel are aware of the material(s) involved, and take precautions to protect themselves. Show this safety data sheet to the doctor in attendance. Avoid contact with eyes and skin. Keep out of reach of children.

NOTE TO PARENTS: Intentional misuse by deliberately concentrating and inhaling aerosol products may be harmful or fatal. Help stop inhalation abuse; for information visit www.inhalant.org.

## 5. Fire Fighting Measures

**Flammable properties**
Flammable Aerosol.

**Extinguishing media**

Suitable extinguishing media
Treat for surrounding material.

Unsuitable extinguishing media
Not available

**Protection of firefighters**

Specific hazards arising from the chemical
Contents under pressure. Pressurized container may explode when exposed to heat or flame. Cool containers with flooding quantities of water until well after fire is out.

Protective equipment for firefighters
Firefighters should wear full protective clothing including self contained breathing apparatus.

**Hazardous combustion products**
May include and are not limited to: Oxides of carbon.

**Explosion data**

Sensitivity to mechanical impact
Not available

Sensitivity to static discharge
Not available

## 6. Accidental Release Measures

**Personal precautions**
Keep unnecessary personnel away. Do not touch or walk through spilled material. Do not touch damaged containers or spilled material unless wearing appropriate protective clothing.

**Methods for containment**
Eliminate all ignition sources (no smoking, flares, sparks, or flames in immediate area). Stop leak if you can do so without risk. Prevent entry into waterways, sewers, basements or confined areas.
Methods for cleaning up

Small spillages of up to 1 litre (0.26 gallon) may be cleaned up with a mop or an absorbent cloth. Medium spills of up to 5 litres (1.32 gallons) should be absorbed with sand, earth, sawdust or other inert material and transferred to a suitable container for disposal.

7. Handling and Storage

Handling

Use this product with adequate ventilation. When using do not eat or drink.

Do not puncture or incinerate container. Pressure container: protect from sunlight and do not expose to temperatures exceeding 50°C (120°F). Do not pierce or burn after use. Keep away from all sources of ignition. Fires involving aerosols with flammable contents are severe and can spread quickly. Warehouses or stores containing aerosols should therefore be separated from other areas by a fire resistant construction. Stores should be well ventilated. The natural ventilation in a large open warehouse building will normally be suitable.

Does not harm most bathroom surfaces. Do not use on polished wood, painted surfaces, leather, rayon fabrics, or acrylic plastics.

Storage

Keep out of reach of children. Do not store at temperatures above 49 °C (120.2°F). Keep away from heat, open flames or other sources of ignition.

NOTE TO PARENTS: Intentional misuse by deliberately concentrating and inhaling aerosol products may be harmful or fatal. Help stop inhalation abuse; for information visit www.inhalant.org.

8. Exposure Controls / Personal Protection

Exposure limits

Engineering controls

General ventilation normally adequate.

Personal protective equipment

<table>
<thead>
<tr>
<th>Type</th>
<th>Protection</th>
</tr>
</thead>
<tbody>
<tr>
<td>Eye / face protection</td>
<td>If splashes are likely to occur, wear: Safety glasses. Emergency responders should wear full eye and face protection.</td>
</tr>
<tr>
<td>Hand protection</td>
<td>No special requirements under normal use conditions. Protective gloves are recommended for prolonged or repeated exposure. Emergency responders should wear impermeable gloves.</td>
</tr>
<tr>
<td>Skin and body protection</td>
<td>Usual safety precautions while handling the product will provide adequate protection against injury or irritation. Emergency responders should wear impermeable clothing and footwear when responding to a situation where contact with the liquid is possible.</td>
</tr>
</tbody>
</table>
Respiratory protection
Where exposure guideline levels may be exceeded, use an approved NIOSH respirator. Emergency responders should wear self-contained breathing apparatus (SCBA) to avoid inhalation of vapours generated by this product during a spill or other clean-up operations.

General hygiene considerations
Handle in accordance with good industrial hygiene and safety practice. When using do not eat or drink. Washing with soap and water after use is recommended as good hygienic practice to prevent possible eye irritation from hand contact. Avoid contact with skin, eyes and clothing.

9. Physical and Chemical Properties

| Appearance | Aerosol. |
| Color      | Clear    |
| Form       | Misty spray |
| Odor       | Characteristic |
| Odor threshold | Not available |
| Physical state | Gas |
| pH         | 9.5 - 10.5 |
| Freezing point | Not available |
| Pour point  | Not available |
| Boiling point | Not available |
| Flash point | > 82.76 °F (> 28.2 °C) (Concentrate) |
| Evaporation rate | Not available |
| Flammability limits in air, lower, % by volume | Not available |
| Flammability limits in air, upper, % by volume | Not available |
| Vapor pressure | Not available |
| Vapor density | Not available |
| Specific gravity | 0.9685 |
| Octanol/water coefficient | Not available |
| Solubility (H2O) | Complete |
| Auto-ignition temperature | Not available |

10. Stability and Reactivity

Chemical stability
Stable under recommended storage conditions.

Conditions to avoid
Do not mix with other chemicals.
Protect from sunlight and do not expose to temperatures exceeding 50°C (120°F).
Extremes of temperatures can occur in cars and near ovens and fireplaces.
Do not place in contact with hot surfaces or near naked flames.
Do not pierce or burn after use.
Do not spray on a naked flame, onto or near a fire, or any incandescent material such as an electric fire.

Incompatible materials

Hazardous decomposition products
May include and are not limited to: Oxides of carbon.

Possibility of hazardous reactions
Hazardous polymerization does not occur.

Effects of acute exposure

**Eye**
None expected during normal conditions of use.
May cause eye irritation upon direct contact with the eyes.

**Skin**
None expected during normal conditions of use.
Not expected to be a skin sensitizer.

**Inhalation**
Do not breathe spray. Use only in a well ventilated area.

NOTE TO PARENTS: Intentional misuse by deliberately concentrating and inhaling aerosol products may be harmful or fatal. Help stop inhalation abuse; for information visit www.inhalant.org.

**Ingestion**
Contains denatured ethyl alcohol. May be harmful if swallowed.

**Sensitization**
May cause allergic reactions in some individuals.

**Chronic effects**
The finished product is not expected to have chronic health effects.

**Carcinogenicity**
The finished product is not expected to have chronic health effects.

**Mutagenicity**
The finished product is not expected to have chronic health effects.

**Reproductive effects**
The finished product is not expected to have chronic health effects.

**Teratogenicity**
The finished product is not expected to have chronic health effects.

**Synergistic Materials**
Not available

12. Ecological Information

**Ecotoxicity**
Bulk quantities, if spilled, may be toxic to aquatic organisms, fish, birds and mammals. Control and clean up all exterior spills and prevent liquid from entering any streams, rivers, lakes and all other bodies of water.

**Ecotoxicity - Freshwater Fish Species Data**

**Environmental effects**
Not available

**Aquatic toxicity**
May be harmful to aquatic organisms if bulk quantities are spilled into a water source.

**Persistence / degradability**
Not available

**Bioaccumulation / accumulation**
Not available

**Partition coefficient**
Not available

**Mobility in environmental media**
Not available

**Chemical fate information**
Not available

13. Disposal Considerations

**Waste codes**
Not available
Disposal instructions
Dispose in accordance with all applicable regulations.
Container disposal: Empty containers may be included with domestic refuse for disposal
to a landfill. This container may also be recycled in communities where aerosol
container recycling is available. Before offering for recycling, empty the can or use the
product according to the label instructions.

Waste from residues / unused products
Not available

Contaminated packaging
Packaging and container to be recycled only if emptied completely.
