Medical conditions that may be aggravated by exposure to high concentrations of vapor or mist: heart conditions or chronic respiratory problems such as asthma, emphysema, chronic bronchitis or obstructive lung disease.

FIRST AID:

Eye Contact: Immediately rinse with water for 15 minutes. Remove contact lenses, after first 5 minutes. Call a doctor.

Skin Contact: Remove contaminated clothing and wash skin thoroughly with water. If irritation persists, call a doctor.

Ingestion: DO NOT induce vomiting. Drink a glassful of water. Call a doctor or poison control center immediately. Do not try to give anything by mouth to an unconscious person.
