I Product: CLOROX PLUS® SPLASH-LESS BLEACH

Description: CLEAR, LIME-YELLOW, SLIGHTLY VISCIOUS LIQUID

II Health Hazard Data

Eye irritant. May cause skin irritation. Exposure to vapor or mist may irritate eyes, nose, throat, lungs. Harmful if swallowed. May cause nausea and vomiting if swallowed. Some clinical reports suggest a low potential for sensitization upon exaggerated exposure to sodium hypochlorite if skin damage (e.g. irritation) occurs during exposure.

The following medical conditions may be aggravated by exposure to high concentrations of vapor or mist: heart conditions or chronic respiratory problems such as asthma, emphysema, chronic bronchitis, or obstructive lung disease.

Under normal consumer use conditions, the likelihood of any adverse health effects is low.

FIRST AID:

EYE CONTACT: Remove contact lenses, and rinse eyes with plenty of water for 15 minutes. If irritation persists, call a doctor.

SKIN CONTACT: Immediately remove contaminated clothing, and wash skin thoroughly with water. If irritation persists, call a doctor.

INGESTION: DO NOT induce vomiting. Drink a glassful of water. Call a doctor or poison control center immediately.

INHALATION: Remove to fresh air. If breathing problems develop, call a doctor.

III Hazardous Ingredients

*a TLV-C = ACGIH Threshold Limit Value-Ceiling limit.
*b PEL = OSHA Permissible Exposure Limit - Time Weighted Average

None of the materials in this product are on the IARC carcinogen list.

IV Special Protection and Precautions

Hygienic Practices: Wash hands after direct contact. Do not wear product-contaminated clothing for prolonged periods.

Engineering Controls: Use local exhaust to minimize exposure to product vapor or mist.

Personal Protective Equipment: Wear safety glasses. Wear rubber or neoprene gloves if there is the potential for repeated or prolonged skin contact. In situations where exposure limits may be exceeded, a NIOSH-approved respirator is advised.

V Transportation and Regulatory Data

DOT/IATA/IMDG: Not restricted.

EPA - SARA Title III/CERCLA: This product is regulated under Sections 311/312. This product contains no chemicals that are regulated under Section 313 and contains sodium hypochlorite and sodium hydroxide that are regulated under Section 304/CERCLA.

VI Spill Procedures/Waste Disposal

Spill Procedures: Absorb and containerize. Wash residual down to sanitary sewer. Contact the sanitary treatment facility in advance to assure ability to process washed-down material. For spills of multiple products, responders should evaluate the MSDSs of the products for incompatibility with sodium hypochlorite. Breathing protection should be worn in enclosed and/or poorly-ventilated areas until hazard assessment is complete.

Waste Disposal: Dispose of in accordance with all applicable federal, state, and local regulations.

VII Reactivity Data

Stable under normal use and storage conditions.

Reacts with other household chemicals such as acid toilet bowl cleaners, rust removers, acids, and ammonia-containing products to produce hazardous gases, such as chlorine and other chlorinated compounds.

Prolonged contact with metal or old porcelain may cause pitting or discoloration.

VIII Fire and Explosion Data

Not flammable or explosive.

IX Physical Data

pH: .................................................................~12.5

Specific gravity (21°C): ..............................................................~1.05

Solubility in water: ......................................................................Soluble
