1. Product and Company Identification

Product Code: F-HS CONDITIONR
Product Name: HORSESHOER'S SECRET DEEP PENETRATING HOOF CONDITIONER
Reference #: 3005074

Manufacturer Information

Company Name: Distributed by:
Farnam Companies, Inc.
301 West Osborn Road
Phoenix, AZ

Emergency Contact: Animal or human exposure (800)234-2269
Alternate Emergency Contact: CHEMTREC (Emergency spills) (800)424-9300
Information: Farnam Companies (800)234-2269
Preparer Name: Sherry Faith

2. Composition/Information on Ingredients

Hazardous Components (Chemical Name)     CAS #     Concentration OSHA PEL ACGIH TLV
1.    MINERAL OIL USP 8042-47-5 > 1.0 % No data. No data.
2.    TECHNICAL PETROLATUM USP 8009-03-8 > 1.0 % No data. No data.
3.    GLYCERINE,USP,96% 56-81-5 > 1.0 % No data. 10 mg/m3
4.    Laurus nobilis, ext. ** Extractives and their physically modified derivatives such as tinctures, co 84603-73-6 > 1.0 % No data. No data.
5.    Oils, avocado 8024-32-6 > 1.0 % No data. No data.
6.    Soybean derivative 8002-43-5 > 1.0 % No data. No data.
7.    PROPYLENE GLYCOL 57-55-6 > 1.0 % No data. No data.

3. Hazards Identification

Emergency Overview
KEEP OUT OF REACH OF CHILDREN

Potential Health Effects (Acute and Chronic)
No data available.

Signs and Symptoms Of Exposure

EYE CONTACT: May cause mild eye irritation.
SKIN CONTACT: May cause mild skin irritation.
INGESTION: This material has laxative properties and may result in abdominal cramps and diarrhea.
INHALATION: Not a hazard under normal use.

Medical Conditions Generally Aggravated By Exposure
No data available.

4. First Aid Measures

Emergency and First Aid Procedures

INHALATION: This material is not expected to cause inhalation-related disorders under normal use. In case of overexposure, move the person to fresh air.
EYE CONTACT: Check for and remove contacts. Flush eyes with cool, clean low-pressure water while occasionally lifting and lowering eyelids for at least 15 minutes.
SKIN CONTACT: Remove contaminated clothing. Wipe off excess material. Wash exposed skin with soap and water. Seek medical attention if tissue appears damaged or if irritation persists. Thoroughly clean contaminated clothing before reuse.
INGESTION: Do not induce vomiting or give anything by mouth. If spontaneous vomiting is about to occur, place victim's head below knees. If victim is drowsy or unconscious, place on left side with head down. Never
give anything by mouth to a person who is not fully conscious. Do not leave victim unattended. Seek medical attention immediately.

**Note to Physician**

This product contains a material that presents high aspiration hazard. Induction of emesis is not recommended because of the potential for aspiration. Aspiration may produce chemical pneumonitis. Treatment may involve careful gastric lavage if performed soon after ingestion or in patients who are comatose or at risk of convulsing. Protect airway by placement in Trendelenburg and left lateral decubitus position or by cuffed endotracheal intubation. Subcutaneous or intramuscular injection requires prompt surgical debridement.

**5. Fire Fighting Measures**

**Fire Fighting Instructions**

Water fog or spray should only be used to cool fire-exposed surfaces (e.g. containers) exposed to heat or flame, should only be used by personnel trained in fire fighting. Cut off "fuel". Depending on circumstances, either allow the to burn out under controlled conditions or use foam or dry chemical powder to extinguish fire. Respiratory and eye protection required for fire fighting personnel exposed to fumes or smoke.

**Flammable Properties and Hazards**

This product contains glycerine, which when in contact with strong oxidizing agents such as Chromium Trioxide, Potassium Chlorate, or Potassium Permanganate may cause an explosion. Vapos can cause irritation. Heating up of closed containers leads to increase of pressure, higher hazard of bursting or exploding.

**Hazardous Combustion Products**

Carbon dioxide, carbon monoxide, smoke, fumes, and unburned hydrocarbons.

**Extinguishing Media**

Use dry chemical, foam, carbon dioxide or water fog.

**Unsuitable Extinguishing Media**

Water jet

**6. Accidental Release Measures**

**Steps To Be Taken In Case Material Is Released Or Spilled**

Do not touch damaged containers or spilled material unless wearing protective equipment. Slipping hazard; do not walk through spilled material. Stop leak if you can do so without risk. For small spills, absorb or cover with dry earth, sand or other inert non-combustible absorbent material and place into waste containers for disposal. Contain large spills to maximize product recovery or disposal. Prevent entry into waterways or sewers. Remove all sources of ignition. In urban area, clean spill as soon as possible. In natural environments, seek cleanup advice from specialists to minimize physical habitat damage. This material will float on water. Absorbent pads and similar material can be used. Comply with all federal, state and local laws and regulations.

**7. Handling and Storage**

**Precautions To Be Taken in Handling**

Avoid water contamination and extreme temperatures to minimize product degradation. Empty containers may contain product residues that can ignite with explosive force. Do not pressurize, cut, weld, braze, solder, drill, grind or expose containers to flames, sparks, heat, or other potential ignition sources. Consult appropriate federal, state and local authorities before reusing, reconditioning, reclaiming, recycling or disposing of empty containers and/or waste residues of this product.

**Precautions To Be Taken in Storing**

Keep container closed. Store away from heat, sparks, open flame, or strong oxidizing agents. Do not store at temperatures above 120 degrees or in direct sunlight for extended periods of time. Consult appropriate federal, state and local authorities before reusing, reconditioning, reclaiming, recycling or disposing of empty containers.
**8. Exposure Controls/Personal Protection**

- **Respiratory Equipment (Specify Type)**  
  No data available.

- **Eye Protection**  
  No data available.

- **Protective Gloves**  
  No data available.

- **Other Protective Clothing**  
  No data available.

- **Engineering Controls (Ventilation etc.)**  
  No data available.

- **Work/Hygienic/Maintenance Practices**  
  No data available.

**Appearance and Odor**  
Thick, clear-yellow liquid with mild menthol aroma.

**10. Stability and Reactivity**

- **Stability:**  
  Unstable [ ] Stable [X]

- **Conditions To Avoid - Instability**  
  Keep away from extreme heat, sparks, open flame and strongly oxidizing conditions.

- **Incompatibility - Materials To Avoid**  
  Strong oxidizers.

- **Hazardous Decomposition Or Byproducts**  
  No data available.

- **Hazardous Polymerization:**  
  Will occur [ ] Will not occur [X]

- **Conditions To Avoid - Hazardous Polymerization**  
  No data available.
11. Toxicological Information

Toxicological Information

No data available.

Chronic Toxicological Effects

No data available.

12. Ecological Information

General Ecological Information

Ecotoxicity: Analysis for ecological effects has not been conducted on this product. However, if spilled, this product and any contaminated soil or water may be harmful to human, animal, and aquatic life. The coating action associated with petroleum and petroleum products can be harmful or fatal to aquatic life and waterfowl.

Environmental Fate: Ecological effects testing has not been conducted on this product. However, plants and animals may experience harmful or fatal effects when coated with petroleum-based products. Petroleum-based (mineral) lube oils will normally float on water. In stagnant or slow-flowing waterways, an oil layer can cover a large surface area. As a result, this oil layer may limit or eliminate natural atmospheric oxygen transport into the water. With time, if not removed, oxygen depletion in the waterway might be enough to cause a fish kill or create an anaerobic environment.

13. Disposal Considerations

Waste Disposal Method

All disposals must comply with federal, state and local regulations.

14. Transport Information

LAND TRANSPORT (US DOT)

DOT Proper Shipping Name

Not regulated as hazardous by U.S. DOT.

Additional Transport Information

No data available.

15. Regulatory Information

No data available.

16. Other Information
