1. Product and Company Identification

Material name: P&G Pro Line Dexterity Floor Finish

Product Code: 99716677

Version #: 04

Revision date: 10-22-2013

Manufacturer: Procter & Gamble Professional

Address: 2 P&G Plaza

Cincinnati

Ohio

45202

US

P&G Telephone Number: 1-800-332-7787

Emergency 24-hr Telephone #: CHEMTREC 1-800-424-9300

2. Hazards Identification

Potential health effects

Routes of exposure

Eyes

Health injuries are not known or expected under normal use. Accidental exposure may cause transient irritation.

Skin

Health injuries are not known or expected under normal use. Contact with skin may cause irritation.

Inhalation

Health injuries are not known or expected under normal use. May be irritating. May aggravate respiratory ailments.

Ingestion

Health injuries are not known or expected under normal use. Ingestion can cause gastrointestinal irritation, nausea, vomiting and diarrhea.

Potential environmental effects

Considering the limited amount applied during use and the size of the container, the risk of adverse effects is considered minimal.

3. Composition / Information on Ingredients

<table>

</table>

4. First Aid Measures

First aid procedures

Eye contact

Immediately rinse with water for several minutes. After initial flushing, remove any contact lenses and continue flushing for at least 15 minutes. Get medical attention if symptoms persist.

Skin contact

Wash affected area with mild soap and water. Rinse with plenty of water. Get medical attention if irritation develops and persists.

Inhalation

Move to fresh air. Get medical attention if symptoms persist.

Ingestion

Drink 1 or 2 glasses of water. Do not induce vomiting. Never give liquid to an unconscious person. Get medical attention if any discomfort continues.
5. Fire Fighting Measures

Environmental precautions: Prevent further leakage or spillage if safe to do so. Do not contaminate water.

Protection of firefighters: Firefighters must use standard protective equipment including flame retardant coat, helmet with face shield, gloves, rubber boots, and in enclosed spaces, SCBA.

Hazardous combustion products: Irritating and/or toxic gases may be emitted upon the products decomposition.

Auto-ignition temperature: 400 °F (204.44 °C) estimated

6. Accidental Release Measures

Personal precautions: Keep unnecessary personnel away. Wear suitable protective clothing.

Environmental precautions: Prevent further leakage or spillage if safe to do so. Do not contaminate water.

Clean-up methods and materials and containment measures: In case of spills, beware of slippery floors and surfaces. Stop the flow of material, if this is without risk. Use a non-combustible material like vermiculite, sand or earth to soak up the product and place into a container for later disposal. Following product recovery, flush area with water.

7. Handling and Storage

Handling: Use personal protective equipment as required. Avoid contact with eyes. Keep container closed when not in use. Never return spills in original containers for re-use. Keep out of reach of children.

Storage: Store in a cool and well-ventilated place. Keep from freezing.

8. Exposure Controls / Personal Protection

Engineering controls: Provide adequate ventilation.

Personal protective equipment:

Eye / face protection: Not normally needed. If contact is likely, safety glasses with side shields are recommended.

Skin protection: Not normally needed. If prolonged or repeated contact is likely, protective gloves are recommended.

Respiratory protection: Not normally needed.

General hygiene considerations: Handle in accordance with good industrial hygiene and safety practice.

9. Physical & Chemical Properties

Color: White
Form: Liquid.
Odor: Mild.
pH: 8 - 9
Melting point: -76.3 °F (-60.177978884 °C) estimated
Freezing point: -76.3 °F (-60.177978884 °C) estimated
Boiling point: 212 °F (100 °C)
Flash point: >= 210.00 °F (>= 98.89 °C)
Evaporation rate: 1 BuAc Water
Vapor pressure: 23 mbar Water
Specific gravity: 1.024
Solubility (water): Dispersible
Partition coefficient (n-octanol/water): Not available
VOC: ≤ 1%
Percent volatile: 79.697 % estimated
Density

| Density | 0.99 g/cm³ estimated |

10. Chemical Stability & Reactivity Information

Chemical stability
This is a stable material.

Conditions to avoid
Keep from freezing.

Hazardous decomposition products
Irritating and/or toxic gases may be emitted upon the products decomposition.

Hazardous polymerization
Will not occur.

11. Toxicological Information

Sensitization
Not available.

Chronic effects
Not available.

Skin corrosion/irritation
Not available.

12. Ecological Information

Environmental effects
Based on ecotoxicity and fate data for the individual ingredients in this specific formulation, and for related consumer household cleaning products formulations, this product is not considered harmful to aquatic organisms or to cause long-term adverse effects in the environment at relevant environmental concentrations. This product is intended for dispersive use and should not be disposed of directly into the environment.

13. Disposal Considerations

Waste codes
Not applicable.

Disposal instructions
Do not allow this material to drain into sewers/water supplies. This product, in its present state, when discarded or disposed of, is not a hazardous waste according to Federal regulations (40 CFR 261.4 (b)(4)). Under RCRA, it is the responsibility of the user of the product to determine, at the time of disposal, whether the product meets RCRA criteria for hazardous waste. Dispose in accordance with all applicable regulations.

14. Transport Information

DOT
Not regulated as dangerous goods.

IMDG
Not regulated as dangerous goods.

IATA
Not regulated as dangerous goods.

15. Regulatory Information

US federal regulations
This product is a "Hazardous Chemical" as defined by the OSHA Hazard Communication Standard, 29 CFR 1910.1200.

US EPCRA (SARA Title III) Section 313 - Toxic Chemical: De minimis concentration

- DIETHYLENE GLYCOL MONOETHYL ETHER (CAS 111-90-0) 1.0 % N230
- TRIBUTOXYETHYL PHOSPHATE (CAS 78-51-3) 1.0 % N230

US EPCRA (SARA Title III) Section 313 - Toxic Chemical: Listed substance

- DIETHYLENE GLYCOL MONOETHYL ETHER (CAS 111-90-0) Listed. N230
TRIBUTOXYETHYL PHOSPHATE (CAS 78-51-3)  Listed. N230

Superfund Amendments and Reauthorization Act of 1986 (SARA)

Hazard categories
Immediate Hazard - No
Delayed Hazard - No
Fire Hazard - No
Pressure Hazard - No
Reactivity Hazard - No

Section 302 extremely hazardous substance No
Section 311 hazardous chemical Yes

State regulations

ILLRTK
Contains no Illinois Right To Know toxic substances.

*A "Yes" indicates that all components of this product comply with the inventory requirements administered by the governing country(s)*
16. Other Information

**HMIS® ratings**

Health: 1
Flammability: 1
Physical hazard: 0

**NFPA ratings**

Health: 1
Flammability: 1
Instability: 0

**Disclaimer**

This MSDS is intended to provide a brief summary of our knowledge and guidance regarding the use of this material. The information contained here has been compiled from sources considered by Procter & Gamble to be dependable and is accurate to the best of the Company's knowledge. It is not meant to be an all-inclusive document on worldwide hazard communication regulations.

This information is offered in good faith. Each user of this material needs to evaluate the conditions of use and design the appropriate protective mechanisms to prevent employee exposures, property damage or release to the environment. Procter & Gamble assumes no responsibility for injury to the recipient or third persons, or for any damage to any property resulting from misuse of the product.
