### Section 4. First Aid Measures

**Eye Contact**
Immediately flush eyes with plenty of water, occasionally lifting the upper and lower eyelids. Check for and remove any contact lenses. Continue to rinse for at least 10 minutes. Get medical attention immediately.

**Skin Contact**
Flush affected skin with plenty of water. Remove contaminated clothing and shoes. Continue to rinse for at least 10 minutes. Wash clothing before reuse. Get medical attention if irritation develops.

**Inhalation**
Move exposed person to fresh air. If not breathing, give artificial respiration. If breathing is difficult, give oxygen. Get medical attention.

**Ingestion**
Do not induce vomiting unless directed to do so by medical personnel. If vomiting occurs, the head should be kept low so that vomit does not enter the lungs. Never give anything by mouth to an unconscious person. Get medical attention immediately.

### Section 5. Fire Fighting Measures

**Flash Point**
Closed cup: >61°C (>141.8°F) [Tagliabue. (Liquid Contents)]

**Flammable Limits**
Not available.

**Flammability**
FLAMMABLE AEROSOL. (16 CFR 1500.45)
Aerosol that may flash back.

**Fire hazard**
CONTENTS UNDER PRESSURE. In a fire or if heated, a pressure increase will occur and the container may burst. Bursting aerosol containers may be propelled from a fire at high speed.

**Fire-Fighting Procedures**
Use an extinguishing agent suitable for the surrounding fire. Do not release runoff from fire to drains or watercourses.

### Section 6. Accidental Release Measures

**Spill Clean up**
Spills are unlikely due to packaging. Absorb with an inert material and place in an appropriate waste disposal container.

### Section 7. Handling and Storage

**Handling**
Put on appropriate personal protective equipment (see section 8). Keep away from heat, sparks and flame. Do not eat, drink or smoke when using this product. Pressurized container: protect from sunlight and do not expose to temperatures exceeding 50°C. Do not pierce or burn, even after use. Do not swallow. Avoid contact with eyes, skin and clothing. Wash contaminated clothing before reusing. Avoid breathing gas. Avoid breathing vapor or mist. Use only with adequate ventilation. Wear appropriate respirator when ventilation is inadequate. Empty containers retain product residue and can be hazardous. Wash thoroughly after handling.

**Storage**
CONTENTS UNDER PRESSURE. Do not store above the following temperature: 54.444°C (130°F). Store in accordance with local regulations. Store away from extreme heat and oxidizing agents. Store away from direct sunlight in a dry, cool and well-ventilated area, away from incompatible materials (see section 10) and food and drink. Use appropriate containment to avoid environmental contamination. Keep out of the reach of children.
