1 Identification of the substance/mixture and of the company/undertaking

1.1 Product identifier

Trade name: Bar's Leaks® Engine Repair Left Side

1.2 Relevant identified uses of the substance or mixture and uses advised against

No further relevant information available.

Application of the substance / the preparation Petroleum product.

1.3 Details of the supplier of the Safety Data Sheet

Manufacturer/Supplier:

Bar's Products
P.O. Box 187
Holly, MI 48442 USA
Phone: (810) 603-1321

1.4 Emergency telephone number:

ChemTel Inc.
(800)255-3924, +1 (813)248-0585

2 Hazards identification

2.1 Classification of the substance or mixture

Classification according to Regulation (EC) No 1272/2008

GHS07

Skin Irrit. 2 H315 Causes skin irritation.
Eye Irrit. 2 H319 Causes serious eye irritation.
Skin Sens. 1B H317 May cause an allergic skin reaction.

Aquatic Chronic 3 H412 Harmful to aquatic life with long lasting effects.

Classification according to Directive 67/548/EEC or Directive 1999/45/EC

Xi; Irritant

R36: Irritating to eyes.

Xi; Sensitising

R43: May cause sensitisation by skin contact.

Information concerning particular hazards for human and environment:
The product has to be labelled due to the calculation procedure of the "General Classification guideline for preparations of the EU" in the latest valid version.

Classification system:
The classification is according to the latest editions of the EU-lists, and extended by company and literature data.
The classification is in accordance with the latest editions of international substances lists, and is supplemented by information from technical literature and by information provided by the company.

(Contd. on page 2)
Trade name: Bar's Leaks® Engine Repair Left Side

(Contd. of page 1)

· 2.2 Label elements
· Labelling according to Regulation (EC) No 1272/2008
  The product is classified and labelled according to the CLP regulation.
· Hazard pictograms

GHS07

· Signal word Warning
· Hazard-determining components of labelling:
  Zinc Dialkyldithiophosphate
· Hazard statements
  H315 Causes skin irritation.
  H319 Causes serious eye irritation.
  H317 May cause an allergic skin reaction.
  H412 Harmful to aquatic life with long lasting effects.
· Precautionary statements
  P101 If medical advice is needed, have product container or label at hand.
  P102 Keep out of reach of children.
  P103 Read label before use.
  P280 Wear protective gloves and eye protection.
  P264 Wash thoroughly after handling.
  P261 Avoid breathing mist/vapours/spray.
  P305+P351+P338 IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.
  P333+P313 If skin irritation or rash occurs: Get medical advice/attention.
  P337+P313 If eye irritation persists: Get medical advice/attention.
  P302+P352 IF ON SKIN: Wash with plenty of soap and water.
· Additional information:
  Contains Zinc Dialkyldithiophosphate. May produce an allergic reaction.
· Hazard description:
· WHMIS-symbols:
  D2B - Toxic material causing other toxic effects

(Contd. on page 3)

**Additional information:** For the wording of the listed risk phrases refer to section 16.
4 First aid measures

- 4.1 Description of first aid measures
  - General information: Immediately remove any clothing soiled by the product.
  - After inhalation: Supply fresh air; consult doctor in case of complaints.
  - After skin contact:
    Immediately wash with water and soap and rinse thoroughly.
    If skin irritation continues, consult a doctor.
  - After eye contact:
    Remove contact lenses if worn.
    Rinse opened eye for several minutes under running water. If symptoms persist, consult a doctor.
  - After swallowing:
    Rinse out mouth and then drink plenty of water.
    Do not induce vomiting; call for medical help immediately.

- 4.2 Most important symptoms and effects, both acute and delayed
  Allergic reactions
  Gastric or intestinal disorders
  Coughing
  - Hazards: No further relevant information available.

- 4.3 Indication of any immediate medical attention and special treatment needed
  If swallowed or in case of vomiting, danger of entering the lungs.
  Treat skin and mucous membrane with antihistamine and corticoid preparations.

5 Firefighting measures

- 5.1 Extinguishing media
  - Suitable extinguishing agents:
    Foam
    Gaseous extinguishing agents
    Carbon dioxide
    Extinguishing powder. Do not use water.
  - For safety reasons unsuitable extinguishing agents: Water

- 5.2 Special hazards arising from the substance or mixture
  In case of fire, the following can be released:
  Carbon monoxide (CO)
  Under certain fire conditions, traces of other toxic gases cannot be excluded.

- 5.3 Advice for firefighters
  - Protective equipment:
    Wear self-contained respiratory protective device.
    Wear fully protective suit.
  - Additional information: No further relevant information available.

6 Accidental release measures

- 6.1 Personal precautions, protective equipment and emergency procedures
  Wear protective equipment. Keep unprotected persons away.
Trade name: Bar's Leaks® Engine Repair Left Side

Particular danger of slipping on leaked/spilled product.
Ensure adequate ventilation

6.2 Environmental precautions:
Inform respective authorities in case of seepage into water course or sewage system.
Do not allow to enter sewers/ surface or ground water.

6.3 Methods and material for containment and cleaning up:
Absorb with liquid-binding material (sand, diatomite, acid binders, universal binders, sawdust).
Send for recovery or disposal in suitable receptacles.
Ensure adequate ventilation.

6.4 Reference to other sections
See Section 7 for information on safe handling.
See Section 8 for information on personal protection equipment.
See Section 13 for disposal information.

7 Handling and storage

7.1 Precautions for safe handling
Ensure good ventilation/exhaustion at the workplace.
Prevent formation of aerosols.

Information about fire - and explosion protection: No special measures required.

7.2 Conditions for safe storage, including any incompatibilities
Storage:

Requirements to be met by storerooms and receptacles:
Avoid storage near extreme heat, ignition sources or open flame.
Store in a cool location.

Information about storage in one common storage facility:
Do not store together with oxidizing and acidic materials.
Store away from foodstuffs.

Further information about storage conditions:
Store receptacle in a well ventilated area.
Keep container tightly sealed.

7.3 Specific end use(s) No further relevant information available.

8 Exposure controls/personal protection

Additional information about design of technical facilities: No further data; see item 7.

8.1 Control parameters

Ingredients with limit values that require monitoring at the workplace:
The product does not contain any relevant quantities of materials with critical values that have to be monitored at the workplace.

DNELs No further relevant information available.
PNECs No further relevant information available.

Additional information: The lists valid during the making were used as basis.

10 Stability and reactivity

- 10.1 Reactivity
- 10.2 Chemical stability
- Thermal decomposition / conditions to be avoided:
  No decomposition if used and stored according to specifications.
- 10.3 Possibility of hazardous reactions Reacts with strong acids and oxidizing agents.
- 10.4 Conditions to avoid No further relevant information available.
- 10.5 Incompatible materials: No further relevant information available.
- 10.6 Hazardous decomposition products:
  Carbon monoxide and carbon dioxide
  Toxic metal oxide smoke

11 Toxicological information

- 11.1 Information on toxicological effects
- Acute toxicity:
- Primary irritant effect:
  - On the skin: Irritant to skin and mucous membranes.
  - On the eye: Irritating effect.
  - Sensitization: Sensitization possible through skin contact.
- Additional toxicological information:
  The product shows the following dangers according to the calculation method of the General EU Classification Guidelines for Preparations as issued in the latest version:
  Irritant
  Danger through skin adsorption.
- Repeated dose toxicity: Repeated exposures may result in skin and/or respiratory sensitivity.

12 Ecological information

- 12.1 Toxicity
  - Aquatic toxicity: The product contains materials that are harmful to the environment.
  - 12.2 Persistence and degradability The product is partially biodegradable. Significant residuals remain.
  - 12.3 Bioaccumulative potential No further relevant information available.
  - 12.4 Mobility in soil No further relevant information available.
- Ecotoxic effects:
  - Remark: Due to mechanical actions of the product (e.g. agglutinations) damages may occur.
- Additional ecological information:
  - General notes:
    This statement was deduced from products with a similar structure or composition.
    Avoid transfer into the environment.
    Due to available data on eliminability/decomposition and bioaccumulation potential prolonged term damage of the environment can not be excluded.
    Water hazard class 1 (German Regulation) (Self-assessment): slightly hazardous for water
    Do not allow undiluted product or large quantities of it to reach ground water, water course or sewage system.
Trade name: Bar's Leaks® Engine Repair Left Side

- 12.5 Results of PBT and vPvB assessment
  - PBT: Not applicable.
  - vPvB: Not applicable.
- 12.6 Other adverse effects No further relevant information available.

13 Disposal considerations

- 13.1 Waste treatment methods
  - Recommendation
    Must not be disposed together with household garbage. Do not allow product to reach sewage system.
    Product is recyclable as a waste oil. Deliver unused and/or contaminated product to waste oil collectors.

- Uncleaned packaging:
  - Recommendation: Disposal must be made according to official regulations.

14 Transport information

- 14.1 UN-Number
  - DOT, ADR, ADN, IMDG, IATA N/A
- 14.2 UN proper shipping name
  - DOT, ADR, ADN, IMDG, IATA N/A
- 14.3 Transport hazard class(es)
  - DOT, ADR, ADN, IMDG, IATA
    - Class N/A
- 14.4 Packing group
  - DOT, ADR, IMDG, IATA N/A
- 14.5 Environmental hazards:
  - Marine pollutant: No
- 14.6 Special precautions for user
  - Not applicable.
- 14.7 Transport in bulk according to Annex II of MARPOL73/78 and the IBC Code
  - Not applicable.
- UN "Model Regulation": -

    In case of fire, the following can be released:
    Carbon monoxide (CO)
    Under certain fire conditions, traces of other toxic gases cannot be excluded.
  * **5.3 Advice for firefighters**
  * **Protective equipment:**
    Wear self-contained respiratory protective device.
    Wear fully protective suit.
  * **Additional information** No further relevant information available.

6 Accidental release measures

  * **6.1 Personal precautions, protective equipment and emergency procedures**
    Wear protective equipment. Keep unprotected persons away.
    Particular danger of slipping on leaked/spilled product.
    Ensure adequate ventilation
  * **6.2 Environmental precautions:**
    Inform respective authorities in case of seepage into water course or sewage system.
    Do not allow to enter sewers/ surface or ground water.
  * **6.3 Methods and material for containment and cleaning up:**
    Absorb with liquid-binding material (sand, diatomite, acid binders, universal binders, sawdust).
    Send for recovery or disposal in suitable receptacles.
    Ensure adequate ventilation.
  * **6.4 Reference to other sections**
    See Section 7 for information on safe handling.
    See Section 8 for information on personal protection equipment.
    See Section 13 for disposal information.
7 Handling and storage

- **7.1 Precautions for safe handling**
  Ensure good ventilation/exhaustion at the workplace.
  Prevent formation of aerosols.
  **Information about fire - and explosion protection:** No special measures required.

- **7.2 Conditions for safe storage, including any incompatibilities**
  **Storage:**
  - Requirements to be met by storerooms and receptacles:
    Avoid storage near extreme heat, ignition sources or open flame.
    Store in a cool location.
  - **Information about storage in one common storage facility:**
    Do not store together with oxidizing and acidic materials.
    Store away from foodstuffs.
  - **Further information about storage conditions:**
    Store receptacle in a well ventilated area.
    Keep container tightly sealed.
  - **7.3 Specific end use(s)** No further relevant information available.

8 Exposure controls/personal protection

- **Additional information about design of technical facilities:** No further data; see item 7.

- **8.1 Control parameters**
  - Ingredients with limit values that require monitoring at the workplace:
    The product does not contain any relevant quantities of materials with critical values that have to be monitored at the workplace.
  - DNELs No further relevant information available.
  - PNECs No further relevant information available.
  - **Additional information:** The lists valid during the making were used as basis.

- **8.2 Exposure controls**
  - Personal protective equipment:
    - **General protective and hygienic measures:**
      Keep away from foodstuffs, beverages and feed.
      Immediately remove all soiled and contaminated clothing
      Wash hands before breaks and at the end of work.
      Avoid contact with the eyes and skin.
  - **Respiratory protection:**
    Not required under normal conditions of use.
    Use suitable respiratory protective device when aerosol or mist is formed.
    Use suitable respiratory protective device in case of insufficient ventilation.
  - **Protection of hands:**
    - Protective gloves
Trade name: Bar's Leaks® Engine Repair Right Side

The glove material has to be impermeable and resistant to the product/the substance/the preparation. Due to missing tests no recommendation to the glove material can be given for the product/the preparation/the chemical mixture.
Selection of the glove material on consideration of the penetration times, rates of diffusion and the degradation

- Material of gloves
  The selection of the suitable gloves does not only depend on the material, but also on further marks of quality and varies from manufacturer to manufacturer. As the product is a preparation of several substances, the resistance of the glove material can not be calculated in advance and has therefore to be checked prior to the application.
- Penetration time of glove material
  The exact break through time has to be found out by the manufacturer of the protective gloves and has to be observed.
- Eye protection:
  Safety glasses

- Body protection: Protective work clothing

9 Physical and chemical properties

- 9.1 Information on basic physical and chemical properties
  General Information
  Appearance:
    - Form: Liquid
    - Colour: Amber coloured
    - Odour: Petroleum-like
    - Odour threshold: Not determined.
  - pH-value: Not determined.

- Change in condition
  - Melting point/Melting range: Undetermined.
  - Boiling point/Boiling range: >500 °F / >260 °C

- Flash point: >379 °F / >193 °C

- Flammability (solid, gaseous): Not applicable.

- Ignition temperature: 644 °F / 340 °C

- Decomposition temperature: Not determined.
## Trade name: Bar’s Leaks® Engine Repair Right Side

| **· Self-igniting:** | Product is not self-igniting. |
| **· Danger of explosion:** | Product does not present an explosion hazard. |
| **· Explosion limits:** | Not determined. |
| **Lower:** | Not determined. |
| **Upper:** | Not determined. |
| **· Vapour pressure:** | Not determined. |
| **· Density at 20 °C:** | 0.85 g/cm³ |
| **· Relative density** | Not determined. |
| **· Vapour density** | Not determined. |
| **· Evaporation rate** | Not determined. |
| **· Solubility in / Miscibility with water:** | Not miscible or difficult to mix. |
| **· Partition coefficient (n-octanol/water):** | Not determined. |
| **· Viscosity:** | Not determined. |
| **Dynamic:** | Not determined. |
| **Kinematic:** | Not determined. |
| **9.2 Other information** | No further relevant information available. |

## 10 Stability and reactivity

- **10.1 Reactivity**
- **10.2 Chemical stability**
- **Thermal decomposition / conditions to be avoided:** No decomposition if used and stored according to specifications.
- **10.3 Possibility of hazardous reactions** Reacts with strong acids and oxidizing agents.
- **10.4 Conditions to avoid** No further relevant information available.
- **10.5 Incompatible materials:** No further relevant information available.
- **10.6 Hazardous decomposition products:** Carbon monoxide and carbon dioxide
  Toxic metal oxide smoke

## 11 Toxicological information

- **11.1 Information on toxicological effects**
- **Acute toxicity:**
- **Primary irritant effect:**
  - **on the skin:** Slight irritant effect on skin and mucous membranes.
  - **on the eye:** Irritating effect.
- **Sensitization:** Sensitization possible through skin contact.
Trade name: Bar's Leaks® Engine Repair Right Side

- Additional toxicological information:
  The product shows the following dangers according to the calculation method of the General EU Classification Guidelines for Preparations as issued in the latest version:
  - Irritant
  - Danger through skin adsorption.
  - Repeated dose toxicity: Repeated exposures may result in skin and/or respiratory sensitivity.

12 Ecological information

- 12.1 Toxicity
- Aquatic toxicity: The product contains materials that are harmful to the environment.
- 12.2 Persistence and degradability The product is partially biodegradable. Significant residuals remain.
- 12.3 Bioaccumulative potential No further relevant information available.
- 12.4 Mobility in soil No further relevant information available.
- Ecotoxicological effects:
  - Remark: Due to mechanical actions of the product (e.g. agglutinations) damages may occur.
  - Additional ecological information:
  - General notes:
    This statement was deduced from products with a similar structure or composition.
    Avoid transfer into the environment.
    Due to available data on eliminability/decomposition and bioaccumulation potential prolonged term damage of the environment can not be excluded.
    Water hazard class 1 (German Regulation) (Self-assessment): slightly hazardous for water
    Do not allow undiluted product or large quantities of it to reach ground water, water course or sewage system.
- 12.5 Results of PBT and vPvB assessment
  - PBT: Not applicable.
  - vPvB: Not applicable.
  - 12.6 Other adverse effects No further relevant information available.

13 Disposal considerations

- 13.1 Waste treatment methods
  - Recommendation
    Must not be disposed together with household garbage. Do not allow product to reach sewage system.
    Product is recyclable as a waste oil. Deliver unused and/or contaminated product to waste oil collectors.
  - Uncleaned packaging:
    - Recommendation: Disposal must be made according to official regulations.

14 Transport information

- 14.1 UN-Number
  - DOT, ADR, ADN, IMDG, IATA N/A
Safety Data Sheet
according to 1907/2006/EC (REACH), 1272/2008/EC (CLP), and
GHS

15 Regulatory information

15.1 Safety, health and environmental regulations/legislation specific for the substance or mixture

- United States (USA)
  - SARA
    - Section 355 (extremely hazardous substances):
      None of the ingredients is listed.
    - Section 313 (Specific toxic chemical listings):
      None of the ingredients is listed.
    - TSCA (Toxic Substances Control Act):
      All ingredients are listed.
  - Proposition 65 (California):
    - Chemicals known to cause cancer:
      None of the ingredients is listed.
    - Chemicals known to cause reproductive toxicity for females:
      None of the ingredients is listed.
    - Chemicals known to cause reproductive toxicity for males:
      None of the ingredients is listed.
    - Chemicals known to cause developmental toxicity:
      None of the ingredients is listed.
  - Carcinogenic Categories
    - EPA (Environmental Protection Agency)
      103-23-1 | bis(2-ethylhexyl) adipate

16 Other information

This information is based on our present knowledge. However, this shall not constitute a guarantee for any specific product features and shall not establish a legally valid contractual relationship.

- Relevant phrases
  - H315 Causes skin irritation.
  - H317 May cause an allergic skin reaction.
  - H319 Causes serious eye irritation.
  - H400 Very toxic to aquatic life.
  - R36 Irritating to eyes.
  - R43 May cause sensitisation by skin contact.

- Abbreviations and acronyms:
  - ADR: Accord européen sur le transport des marchandises dangereuses par Route (European Agreement concerning the International Carriage of Dangerous Goods by Road)
  - IMDG: International Maritime Code for Dangerous Goods
  - DOT: US Department of Transportation
  - IATA: International Air Transport Association
  - GHS: Globally Harmonized System of Classification and Labelling of Chemicals
  - ACGIH: American Conference of Governmental Industrial Hygienists
  - NFPA: National Fire Protection Association (USA)
  - HMIS: Hazardous Materials Identification System (USA)
  - WHMIS: Workplace Hazardous Materials Information System (Canada)
  - DNEL: Derived No-Effect Level (REACH)
  - PNEC: Predicted No-Effect Concentration (REACH)
