Section 1: Product & Company Identification

Product Name: CRC® Diesel 1-TANK Power Renew®
Product Number (s): 05832
Product Use: Diesel fuel additive

Manufacturer / Supplier Contact Information:
In United States:  
CRC Industries, Inc.  
885 Louis Drive  
Warminster, PA 18974  
www.crcindustries.com  
1-215-674-4300 (General)  
(800) 521-3168 (Technical)  
(800) 272-4620 (Customer Service)

In Canada:  
CRC Canada Co.  
2-1246 Lorimar Drive  
Mississauga, Ontario L5S 1R2  
www.crc-canada.ca  
1-905-670-2291

In Mexico:  
CRC Industries Mexico  
Av. Benito Juárez 4055 G  
Colonia Orquidea  
San Luís Potosí, SLP CP 78394  
www.crc-mexico.com  
52-444-824-1666

24-Hr Emergency – CHEMTREC: (800) 424-9300 or (703) 527-3887

Section 2: Hazards Identification

Emergency Overview

DANGER: Harmful or Fatal if Swallowed.
Appearance & Odor: Dark brown liquid, mild petroleum odor

Potential Health Effects:

ACUTE EFFECTS:

EYE: Contact with liquid or vapor may cause mild irritation.

SKIN: May cause skin irritation and drying with prolonged or repeated contact. Harmful if absorbed through skin.

INHALATION: Excessive exposure may cause irritations to the nose, throat, lungs and respiratory tract. Central nervous system effects may include headache, dizziness, loss of balance and coordination, unconsciousness, coma, respiratory failure and death.

INGESTION: Ingestion may cause gastrointestinal disturbance, including irritation, nausea, vomiting and diarrhea. The major health threat of ingestions occurs from the danger of aspiration of liquid drops into the lungs, particularly from vomiting. Aspiration may result in chemical pneumonia, severe lung damage and even death.

CHRONIC EFFECTS: Liquid may be absorbed through the skin in toxic amounts if large areas of skin are repeatedly exposed. Repeated ingestion may cause injury to the liver and kidneys.

TARGET ORGANS: Central nervous system

Medical Conditions Aggravated by Exposure: Irritation from skin exposure may aggravate existing open wounds, skin disorders, and dermatitis.

See Section 11 for toxicology and carcinogenicity information on product ingredients.
Section 3: Composition/Information on Ingredients

</tbody>
</table>

Section 4: First Aid Measures

Eye Contact: Immediately flush with plenty of water for 15 minutes. Call a physician if irritation persists.

Skin Contact: Remove contaminated clothing and wash affected area with soap and water. Call a physician if irritation persists. Wash contaminated clothing prior to re-use.

Inhalation: Remove person to fresh air. Keep person calm. If not breathing, give artificial respiration. If breathing is difficult give oxygen. Call a physician.

Ingestion: Do NOT induce vomiting. Obtain immediate medical attention. If spontaneous vomiting occurs, lean victim forward to reduce the risk of aspiration (keep head below hips). Monitor for breathing difficulties. Mouth can be rinsed to dissipate the taste.

Note to Physicians: Treat symptomatically.

Section 5: Fire-Fighting Measures

Flammable Properties: As defined by OSHA, this product is a Class IIIA combustible liquid.

<table>

<th>Upper Explosive Limit</th>
</tr>
</thead>
<tbody>
<tr>
<td>152°F / 67°C (TCC)</td>
<td>ND</td>
</tr>
</tbody>
</table>

Autoignition Temperature: ND  
Lower Explosive Limit: ND

Fire and Explosion Data:

Suitable Extinguishing Media: Use extinguishers rated for Class B fires, such as dry chemical, Halon, fire fighting foam or CO2.

Products of Combustion: Oxides of carbon and nitrogen, aldehydes

Explosion Hazards: Containers, when exposed to heat from fire, may build pressure and rupture.

Protection of Fire-Fighters: Firefighters should wear self-contained, NIOSH-approved breathing apparatus for protection against suffocation and possible toxic decomposition products. Proper eye and skin protection should be provided. Use water spray to keep fire-exposed containers cool and to knock down vapors which may result from product decomposition.

Section 6: Accidental Release Measures

Personal Precautions: Use personal protection recommended in Section 8.

Environmental Precautions: Take precautions to prevent contamination of ground and surface waters. Do not flush into sewers or storm drains.

Methods for Containment & Clean-up: Dike area to contain spill. Ventilate the area with fresh air. If in confined space or limited air circulation area, clean-up workers should wear appropriate
Section 7: Handling and Storage

Handling Procedures: Keep away from heat, sparks and open flame. Use with adequate ventilation. Do not breathe vapors. Wash hands after use. For product use instructions, please see the product label.

Aerosol Storage Level: NA

Section 8: Exposure Controls/ Personal Protection

Exposure Guidelines:

Controls and Protection:

Engineering Controls: Area should have ventilation to provide fresh air. Local exhaust ventilation is generally preferred because it can control the emissions of the contaminant at the source, preventing dispersion into the general work area. Use mechanical means if necessary to maintain vapor levels below the exposure guidelines. If working in a confined space, follow applicable OSHA regulations.

Respiratory Protection: None required for normal work where adequate ventilation is provided. If engineering controls are not feasible or if exposure exceeds the applicable exposure limits, use a NIOSH-approved cartridge respirator with organic vapor cartridge. Air monitoring is needed to determine actual employee exposure levels.

Eye/face Protection: For normal conditions, wear safety glasses. Where there is reasonable probability of liquid contact, wear splash-proof goggles.

Skin Protection: Use protective gloves such as nitrile or neoprene. Also, use full protective clothing if there is prolonged or repeated contact of liquid with skin.

Section 9: Physical and Chemical Properties

Physical State: liquid
Color: dark brown
Odor: mild petroleum
Odor Threshold: ND
Specific Gravity: 0.92
Initial Boiling Point: ND
Freezing Point: ND
**Product Name:** CRC® Diesel 1-Tank Power Renew®

**Vapor Pressure:** ND

**Vapor Density:** > 1  (air = 1)

**Evaporation Rate:** slow

**Solubility:** Insoluble in water

**Coefficient of water/oil distribution:** ND

**pH:** NA

**Volatile Organic Compounds:** wt %: 95.0  g/L: 874.0  lbs/gal: 7.3

---

**Section 10: Stability and Reactivity**

**Stability:** Stable

**Conditions to Avoid:** Sources of ignition; temperature extremes

**Incompatible Materials:** Strong oxidizing agents

**Hazardous Decomposition Products:** Oxides of carbon and nitrogen, aldehydes

**Possibility of Hazardous Reactions:** No

---

**Section 11: Toxicological Information**

Long-term toxicological studies have not been conducted for this product. The following information is available for components of this product.

**Acute Toxicity:**

<table>
<thead>

**Reproductive Toxicity:** No information available

**Teratogenicity:** No information available

**Mutagenicity:** No information available

**Synergistic Effects:** No information available

---

**Section 12: Ecological Information**

Ecological studies have not been conducted for this product. The following information is available for components of this product.

**Ecotoxicity:** 2-Ethylhexyl nitrate – 48 Hr LC50 Bluegill: 6 mg/L

**Persistence / Degradability:** No information available
**Section 13: Disposal Considerations**

**Waste Classification:** This product is not a RCRA hazardous waste. (See 40 CFR Part 261.20 – 261.33) Empty containers may be recycled.

All disposal activities must comply with federal, state, provincial and local regulations. Local regulations may be more stringent than state, provincial or national requirements.

**Section 14: Transport Information**

US DOT (ground): Not regulated

ICAO/IATA (air): Not regulated

IMO/IMDG (water): Not regulated

Special Provisions: This product contains a marine pollutant (2-ethylhexyl nitrate).

**Section 15: Regulatory Information**

**U.S. Federal Regulations:**

**Toxic Substances Control Act (TSCA):**
All ingredients are either listed on the TSCA inventory or are exempt.

**Comprehensive Environmental Response, Compensation and Liability Act (CERCLA):**
Reportable Quantities (RQ’s) exist for the following ingredients: None

Spills or releases resulting in the loss of any ingredient at or above its RQ require immediate notification to the National Response Center (800-424-8802) and to your Local Emergency Planning Committee.

**Superfund Amendments Reauthorization Act (SARA) Title III:**

Section 302 Extremely Hazardous Substances (EHS): None

Section 311/312 Hazard Categories:
- Fire Hazard: Yes
- Reactive Hazard: No
- Release of Pressure: No
- Acute Health Hazard: Yes
- Chronic Health Hazard: No

Section 313 Toxic Chemicals: This product contains the following substances subject to the reporting requirements of Section 313 of Title III of the Superfund Amendments and Reauthorization Act of 1986 and 40 CFR Part 372:
None

**Clean Air Act:**

**Section 112 Hazardous Air Pollutants (HAPs):** None

**Occupational Safety and Health Administration:**
This product is regulated by the Hazard Communication Standard.

**U.S. State Regulations:**
Product Name: **CRC® Diesel 1-Tank Power Renew®**  
Product Number(s): 05832

California Safe Drinking Water and Toxic Enforcement Act (Prop 65):  
This product may contain the following chemicals known to the state of California to cause cancer, birth defects or other reproductive harm:  
- Ethylbenzene (< 1 ppm)  
- Toluene (< 1 ppm)  
- Naphthalene (< 1 ppm)

Consumer Products VOC Regulations: This product is not regulated.

State Right to Know:  
Pennsylvania: 104-76-7  
Massachusetts: None  
Rhode Island: None

Canadian Regulations:  
**Controlled Products Regulations:**  
This product has been classified in accordance with the hazard criteria of the Controlled Product Regulation and the MSDS contains all the information required by the Controlled Products Regulations.  
- WHMIS Hazard Class: B3, D2B  
- Canadian DSL Inventory: All ingredients are either listed on the DSL Inventory or are exempt.

European Union Regulations:  
**RoHS Compliance:** This product is compliant with Directive 2002/95/EC of the European Parliament and of the Council of 27 January 2003. This product does not contain any of the restricted substances as listed in Article 4(1) of the RoHS Directive.

Additional Regulatory Information: None
