*** Section 4 - FIRST AID MEASURES ***

**Inhalation**
If adverse effects occur, remove to uncontaminated area. Give artificial respiration if not breathing. Get immediate medical attention.

**Skin**
If bonding occurs, immerse the bonded surfaces in warm soapy water. Peel or roll the surfaces apart using a blunt edge, such as a spatula or spoon handle. Do not pull surfaces apart with a direct opposing action. If burns occur, treat as thermal burns. Get medical attention, if needed.

**Eyes**
Flush eyes with plenty of water for at least 15 minutes. Then get immediate medical attention.

**Ingestion**
If a large amount is swallowed, get medical attention.

**Note to Physicians**
For skin: mineral oil, vegetable oil, or petroleum jelly may help soften the bonding between skin surfaces. For skin contact, consider acetone or nitromethane.

*** Section 5 - FIRE FIGHTING MEASURES ***

See Section 9 for Flammability Properties

**Flammable Properties**
Moderate fire hazard. Vapor/air mixtures are explosive above flash point.

**Extinguishing Media**
carbon dioxide, regular dry chemical, regular foam, water

**Protective Equipment and Precautions for Firefighters**
Wear protective clothing and equipment suitable for the surrounding fire, including helmet, face mask, and self-contained breathing apparatus. Move container from fire area if it can be done without risk. Dike for later disposal. Do not scatter spilled material with high-pressure water streams. Cool containers with water spray until well after the fire is out. Use extinguishing agents appropriate for surrounding fire. Avoid inhalation of material or combustion by-products. Stay upwind and keep out of low areas.

**Hazardous Combustion Products**
**Combustion:** oxides of calcium, oxides of carbon, oxides of nitrogen, oxides of silicon, oxides of titanium, tin compounds

*** Section 6 - ACCIDENTAL RELEASE MEASURES ***

**Occupational spill/release**
Avoid heat, flames, sparks and other sources of ignition. Stop leak if possible without personal risk. Reduce vapors with water spray. Absorb with sand or other non-combustible material. Collect spilled material in appropriate container for disposal. Keep unnecessary people away, isolate hazard area and deny entry.

*** Section 7 - HANDLING AND STORAGE ***
**Handling Procedures**
Avoid contact with skin and eyes. Wash thoroughly after handling.

**Storage Procedures**
Store in accordance with all current regulations and standards. Keep separated from incompatible substances.
