Section 1 - Product and Company Identification

Product Identifiers:

<table>
<thead>
<tr>
<th>Product Name:</th>
<th>Repel Mosquito Repellent Lantern</th>
</tr>
</thead>
<tbody>
<tr>
<td>EPA Registration Number:</td>
<td>70909-2-305</td>
</tr>
<tr>
<td>Product Use:</td>
<td>Mosquito Repellent</td>
</tr>
</tbody>
</table>

Details of the Supplier of the Safety Data Sheet:

<table>
<thead>
<tr>
<th>Manufacturer/Supplier:</th>
<th>Chemsico Division of United Industries Corp.</th>
</tr>
</thead>
<tbody>
<tr>
<td>P.O. Box 142642</td>
<td></td>
</tr>
<tr>
<td>St. Louis, MO 63114-0642</td>
<td></td>

For medical emergencies: 1-800-633-2873

Section 2 - Hazards Identification

GHS Classification of Substance or Mixture: Terpene Hydrocarbon

GHS Label Elements:

- Hazard pictogram(s): ![Warning]
- Signal word: WARNING
- Hazard statements:
  - Harmful if swallowed
  - Harmful if inhaled
  - Causes eye irritation

Precautionary Statements:

- Wash thoroughly with soap and water after handling. Do not eat, drink or smoke when using product. If swallowed: Call a poison control center or doctor for treatment advice if you feel unwell. Rinse mouth.
- Avoid breathing vapors. Use only outdoors. If inhaled: Remove person to fresh air and keep comfortable for breathing. Call a poison control center or doctor if you feel unwell.
- If in eyes: Rinse cautiously with soap and water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical advice/attention.

Section 3 - Composition / Information on Ingredients

<table>
<thead>
<tr>
<th>Chemical Name</th>
<th>CAS#</th>
<th>Weight Percent</th>
</tr>
</thead>
<tbody>
<tr>
<td>Linalool</td>
<td>78-70-6</td>
<td>95.54</td>
</tr>
</tbody>
</table>

Note: Ingredients not identified are proprietary or non-hazardous. Values are not product specifications.
Section 4 - First Aid Measures

Eye contact: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing. Call a poison control center or doctor for treatment advice.

Skin contact: No special requirements

Inhalation: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible.

Ingestion: Call a poison control center or doctor immediately for treatment advice. Have person sip water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

Notes to physician: None

General advice: If you feel unwell, seek medical advice (show the label where possible). Ensure that medical personnel are aware of the material(s) involved, and take precautions to protect themselves. Keep out of reach of children.

Section 5 - Fire Fighting Measures

Flammable properties: Not flammable by OSHA criteria.

Suitable extinguishing media: Water fog, foam, CO₂, dry chemical

Unsuitable extinguishing media: Not available

Specific hazards arising from the chemical: Container may melt and leak in heat of fire. Do not allow run-off from firefighting to enter drains or water courses.

Protective equipment for firefighters: Firefighters should wear full protective clothing including self-contained breathing apparatus.

Hazardous combustion products: None known

Sensitivity to mechanical impact: None known

 Explosion data: Not available

Sensitivity to static discharge: Not available

Personal precautions: Keep unnecessary personnel away. Do not touch or walk through spilled material. Do not touch damaged containers or spilled material unless wearing appropriate protective clothing. Keep people away from and upwind of spill/leak.

Section 6 - Accidental Release Measures

Personal precautions: Remove all sources of ignition. Wear personal protective equipment. Wash thoroughly after handling.

For emergency responders: If specialized clothing is required to deal with the spillage, take note of any information in Section 8 on suitable and unsuitable materials.

Environmental precautions: Avoid dispersal of spilled material and runoff and contact with soil, waterways, drains and sewers.
Methods for containment and cleaning up: Stop leak if without risk. Move containers from spill area. Before attempting clean up, refer to hazard data given above. Small spills may be absorbed with earth, sand or absorbent material swept up and placed in suitable, covered, and labeled containers. Prevent large spills from entering sewers or waterways. Contact emergency services and supplier for advice. Never return spills in original containers for re-use.

Section 7 - Handling and Storage

Precautions for safe handling: Put on appropriate personal protective equipment (see Section 8). Do not use near heat, open flame or any other ignition source. Avoid contact with skin, eyes and clothing. Use an appropriate respirator when adequate ventilation is not available. Avoid breathing vapors or spray mists of the product.

Storage: Store product in a cool, dry place, out of reach of children. Keep container closed when not in use. Keep away from food, drink and animal feedingstuffs. Keep tightly closed. Non-refillable container. Do not reuse or refill this container. Place in trash or offer for recycling if available.

Section 8 - Exposure Controls / Personal Protection

Exposure guidelines:

<table>
<thead>
<tr>
<th>Chemical name</th>
<th>Exposure Limits</th>
<th>OSHA PEL</th>
<th>ACGIH TLV</th>
<th>Supplier OEL</th>
</tr>
</thead>
<tbody>
<tr>
<td>Linalool</td>
<td>TWA</td>
<td>None</td>
<td>None</td>
<td>None</td>
</tr>
</tbody>
</table>

Engineering controls: General ventilation normally adequate.

Personal protective equipment:

Eye/Face protection: During application, prevent entry into eyes. Wear safety glasses with side shields if using in large applications.

Skin and body protection: Wash hands after handling.

Respiratory protection: Where exposure guideline levels may be exceeded, use an approved NIOSH respirator.

General hygiene considerations: Handle in accordance with good industrial hygiene and safety practice. When using, do not eat or drink. Wash hands before breaks and immediately after handling the product.

Section 9 - Physical & Chemical Properties

Appearance: Liquid in a plastic cartridge
Color: Light yellow to brown
Physical state: Liquid
Odor: Slight solvent
Odor threshold: No data available
pH: 5.0 – 6.0
Melting point: No data available
Freezing point: No data available
Boiling point: No data available
Flash point: 170°F
Evaporation rate: No data available
Flammability limits in air, lower, % by volume: No data available
Flammability limits in air, upper, % by volume: No data available
Vapor pressure: No data available
Vapor density: No data available
Relative density @ 20°C: 0.863
Octanol/water coefficient: No data available
Auto-ignition temperature: No data available
Decomposition temperature: No data available
Solubility: Insoluble in water
% Volatile organic compounds: 95.54 (as packaged)

Section 10 - Chemical Stability & Reactivity Information

Reactivity

Conditions to avoid: Do not mix with other chemicals.
Incompatible materials: Avoid strong oxidizers.

Chemical stability

Product stability: Stable under recommended storage conditions.

Other

Hazardous decomposition products: None known
Possibility of hazardous reactions: Hazardous polymerization does not occur.

Section 11 - Toxicological Information

Primary eye irritation: Causes moderate eye irritation (EPA tox. category III)
Primary skin irritation: Non-irritating (EPA tox. category IV)
Acute dermal: LD₅₀ > 5000 mg/kg (EPA tox. category IV)
Acute inhalation: LC₅₀ < 2 mg/L (EPA tox. category III)
Acute oral: LD₅₀ > 2000 mg/kg (EPA tox. category III)
Sensitization: Not a skin sensitizer.
Chronic effects: No data available
Carcinogenicity: No data available
Mutagenicity: No data available
Section 12 - Ecological Information

- Reproductive effects: No data available
- Teratogenicity: No data available
- Ecotoxicity: No data available

Environmental effects: No data available
Aquatic toxicity: None
Persistence / degradability: No data available
Bioaccumulation / accumulation: No data available
Partition coefficient: No data available
Mobility in environmental media: No data available
Chemical fate information: No data available

Section 13 - Disposal Considerations

- Waste codes: Not available
- Disposal instructions: Dispose in accordance with all applicable regulations.
- Waste from residues/unused products: Not available
- Contaminated packaging: Not available

Section 14 - Transportation Information

- U.S. Department of Transportation (DOT): UN2319, Terpene Hydrocarbons, n.o.s., Limited Quantity, 3, III
- IATA: UN2319, Terpene Hydrocarbons, n.o.s., Limited Quantity, 3, III
- IMDG: UN2319, Terpene Hydrocarbons, n.o.s., Limited Quantity, 3, III

Section 15 - Regulatory Information

- 29 CFR 1910.1200 hazardous chemical
- Occupational Safety and Health Administration (OSHA): No
- CERCLA (Superfund) reportable quantity: Not available

Hazard categories
- Superfund Amendments and Reauthorization Act of 1986 (SARA):
  - Immediate Hazard: No
  - Delayed Hazard: No
  - Fire Hazard: No
  - Pressure Hazard: No
  - Reactivity Hazard: No
- Section 302 extremely hazardous Substance: No
Section 311 hazardous chemical: No
Clean Air Act (CAA): Not available
Clean Water Act (CWA): Not available
State regulations: None

FIFRA labeling: This chemical is a pesticide product registered by the Environmental Protection Agency and is subject to certain labeling requirements under federal pesticide law. These requirements differ from the classification criteria and hazard information required for safety data sheets, and for workplace non-pesticide chemicals. Following is the hazard information as required on the pesticide label:

Signal word: CAUTION
Precautionary statements: Contents of Cutter Backyard Bug Control Mosquito Repellent Lantern are harmful if swallowed or if inhaled. Causes moderate eye irritation. Avoid inhalation, or contact with eyes or clothing. Wash hands thoroughly after opening the Cutter Backyard Bug Control Mosquito Repellent Lantern if contact with contents occurred. For terrestrial uses, do not apply directly to water. Do not contaminated water when disposing of scent cartridges or dispenser.

Notification status: All ingredients of this product are listed or are excluded from listing on the U.S. Toxic Substances Control Act (TSCA) Chemical Substance Inventory.
California Prop. 65: This product does not contain any chemicals known to the state of California to cause cancer, birth defects or any other reproductive harm.

Disclaimer: Information contained herein was obtained from sources considered technically accurate and reliable. While every effort has been made to ensure full disclosure of product hazards, in some cases data is not available and is so stated. Since conditions of actual product use are beyond control of the supplier, it is assumed that users of this material have been fully trained according to the requirements of all applicable legislation and regulatory instruments. No warranty, expressed or implied, is made and supplier will not be liable for any losses, injuries or consequential damages which may result from the use of or reliance on any information contained in this document.
