SECTION 1: IDENTIFICATION OF THE SUBSTANCE/MIXTURE AND OF THE COMPANY/UNDERTAKING

Product identifier

Trade name: BAYER ADVANCED NATRIA SNAIL & SLUG KILLER BAIT READY-TO-USE

Product code (UVP): 06374891

SDS Number: 102000011766

EPA Registration No.: 67702-3-72155

Relevant identified uses of the substance or mixture and uses advised against

Use: Molluscicide

Restrictions on use: See product label for restrictions.

Information on manufacturer

Bayer Environmental Science
2 T.W. Alexander Drive
Research Triangle PK, NC 27709
United States

Emergency Telephone Number (24hr/ 7 days): 1-800-334-7577 (24 hours/day)

Product Information

Telephone Number: SDSINFO.BCS-NA@bayer.com

SECTION 2: HAZARDS IDENTIFICATION

Classification in accordance with regulation HCS 29CFR §1910.1200

This material is not hazardous under the criteria of the Federal OSHA Hazard Communication Standard 29CFR 1910.1200.

Other hazards

No other hazards known.

SECTION 3: COMPOSITION/INFORMATION ON INGREDIENTS

SECTION 4: FIRST AID MEASURES

Description of first aid measures

General advice
When possible, have the product container or label with you when calling a poison control center or doctor or going for treatment.

Inhalation
Move to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible. Call a physician or poison control center immediately.

Skin contact
Take off contaminated clothing and shoes immediately. Wash off immediately with plenty of water for at least 15 minutes. Call a physician or poison control center immediately.

Eye contact
Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a physician or poison control center immediately.

Ingestion
Call a physician or poison control center immediately. Rinse out mouth and give water in small sips to drink. DO NOT induce vomiting unless directed to do so by a physician or poison control center. Never give anything by mouth to an unconscious person. Do not leave victim unattended.

Most important symptoms and effects, both acute and delayed

Symptoms
To date no symptoms are known.

Indication of any immediate medical attention and special treatment needed

Treatment
Appropriate supportive and symptomatic treatment as indicated by the patient's condition is recommended. There is no specific antidote.

SECTION 5: FIREFIGHTING MEASURES

Extinguishing media

Suitable
Use water spray, alcohol-resistant foam, dry chemical or carbon dioxide.

Unsuitable
None known.

Special hazards arising from the substance or mixture
Dangerous gases are evolved in the event of a fire.

Advice for firefighters

Special protective equipment for fire-fighters
Firefighters should wear NIOSH approved self-contained breathing apparatus and full protective clothing.

Further information
Keep out of smoke. Fight fire from upwind position. Cool closed containers exposed to fire with water spray. Do not allow run-off from fire fighting to enter drains or water courses.
Flash point: not applicable
Autoignition temperature: no data available
Lower explosion limit: not applicable
Upper explosion limit: not applicable
Explosivity: no data available
Dust explosion class: no data available

SECTION 6: ACCIDENTAL RELEASE MEASURES

Personal precautions, protective equipment and emergency procedures

Precautions: Keep unauthorized people away. Isolate hazard area. Avoid contact with spilled product or contaminated surfaces.

Methods and materials for containment and cleaning up

Methods for cleaning up: Sweep up or vacuum up spillage and collect in suitable container for disposal. Clean contaminated floors and objects thoroughly, observing environmental regulations.

Additional advice: Use personal protective equipment. Do not allow to enter soil, waterways or waste water canal.

Reference to other sections: Information regarding safe handling, see section 7. Information regarding personal protective equipment, see section 8. Information regarding waste disposal, see section 13.

SECTION 7: HANDLING AND STORAGE

Precautions for safe handling

Advice on safe handling: Handle and open container in a manner as to prevent spillage. Avoid dust formation. Maintain exposure levels below the exposure limit through the use of general and local exhaust ventilation.

Hygiene measures: Wash hands thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, using the toilet or applying cosmetics. Remove Personal Protective Equipment (PPE) immediately after handling this product. Before removing gloves clean them with soap and water. Remove soiled clothing immediately and clean thoroughly before using again. Wash thoroughly and put on clean clothing.

Conditions for safe storage, including any incompatibilities
Requirements for storage areas and containers

Store in original container and out of the reach of children, preferably in a locked storage area. Store in a cool, dry place and in such a manner as to prevent cross contamination with other crop protection products, fertilizers, food, and feed.

SECTION 8: EXPOSURE CONTROLS/PERSONAL PROTECTION

Exposure controls

Personal protective equipment
In normal use and handling conditions please refer to the label and/or leaflet. In all other cases the following recommendations would apply.

Respiratory protection
When respirators are required, select NIOSH approved equipment based on actual or potential airborne concentrations and in accordance with the appropriate regulatory standards and/or industry recommendations.

Hand protection
Chemical resistant nitrile rubber gloves

Eye protection
Safety glasses with side-shields

Skin and body protection
Wear long-sleeved shirt and long pants and shoes plus socks.

General protective measures
Follow manufacturer's instructions for cleaning/maintaining PPE. If no such instructions for washables, use detergent and warm/tepid water. Keep and wash PPE separately from other laundry.
SECTION 9. PHYSICAL AND CHEMICAL PROPERTIES

- **Appearance**: light brown
- **Physical State**: granular
- **Odor**: odourless
- **Odour Threshold**: no data available
- **pH**: 3.5 - 5.5 at 1 %
- **Vapor Pressure**: no data available
- **Vapor Density (Air = 1)**: no data available
- **Bulk density**: 740 kg/m³ (bulk density tapped)
- **Evaporation rate**: not applicable
- **Boiling Point**: not applicable
- **Melting / Freezing Point**: not applicable
- **Water solubility**: no data available
- **Minimum Ignition Energy**: not applicable
- **Partition coefficient: n-octanol/water**: no data available
- **Viscosity**: not applicable
- **Flash point**: not applicable
- **Autoignition temperature**: no data available
- **Lower explosion limit**: not applicable
- **Upper explosion limit**: not applicable
- **Explosivity**: no data available
- **Dust explosion class**: no data available

SECTION 10: STABILITY AND REACTIVITY

- **Reactivity**
  - Thermal decomposition: no data available
  - Chemical stability: Stable under recommended storage conditions.
- **Possibility of hazardous reactions**
  - No dangerous reaction known under conditions of normal use.
Conditions to avoid: no data available

Incompatible materials: no data available

Hazardous decomposition products: No decomposition products expected under normal conditions of use.

SECTION 11: TOXICOLOGICAL INFORMATION

Exposure routes: Eye contact, Skin contact

Immediate Effects:

Eye: Moderate eye irritation.

Information on toxicological effects:

Acute oral toxicity: LD50 > 5,000 mg/kg

Acute dermal toxicity: LD50 > 5,000 mg/kg

Assessment repeated dose toxicity:
Ferric orthophosphate did not cause specific target organ toxicity in experimental animal studies.

Assessment Mutagenicity:
Ferric orthophosphate was not mutagenic or genotoxic in a battery of in vitro and in vivo tests.

Assessment Carcinogenicity:
Ferric orthophosphate was not carcinogenic in lifetime feeding studies in rats and mice.

ACGIH:
None.

NTP:
None.

IARC:
None.

OSHA:
None.

Assessment toxicity to reproduction:
Ferric orthophosphate did not cause reproductive toxicity in a two-generation study in rats.

Assessment developmental toxicity:
Ferric orthophosphate did not cause developmental toxicity in rats and rabbits.

Further information
Acute toxicity studies have been bridged from a similar formulation(s).
Acute toxicity studies have not been performed on this product as formulated.
The non-acute information pertains to the active ingredient(s).

SECTION 12: ECOLOGICAL INFORMATION

Biodegradability
Ferric orthophosphate: The methods for determining biodegradability are not applicable to inorganic substances.

Koc
Ferric orthophosphate: not applicable, - inorganic substance

Bioaccumulation
Ferric orthophosphate: Because of the product's consistency and low solubility in water, bioavailability is not likely.

Mobility in soil
Ferric orthophosphate: Not applicable for this mixture. - inorganic substance

Environmental precautions
Do not allow to get into surface water, drains and ground water.
Do not contaminate surface or ground water by cleaning equipment or disposal of wastes, including equipment wash water.
Apply this product as specified on the label.

SECTION 13: DISPOSAL CONSIDERATIONS

Waste treatment methods

Product
It is best to use all of the product in accordance with label directions. If it is necessary to dispose of unused product, please follow container label instructions and applicable local guidelines.
Never place unused product down any indoor or outdoor drain.

Contaminated packaging
Do not re-use empty containers.
Place empty container in trash.
Follow advice on product label and/or leaflet.

RCRA Information
Characterization and proper disposal of this material as a special or hazardous waste is dependent upon Federal, State and local laws and are the user's responsibility. RCRA classification may apply.

SECTION 14: TRANSPORT INFORMATION

According to national and international transport regulations this material is not classified as dangerous goods / hazardous material.

Freight Classification: INSECTICIDES OR FUNGICIDES, N.O.I., OTHER THAN POISON

EPA/FIFRA Information:
This chemical is a pesticide product registered by the Environmental Protection Agency and is subject to certain labeling requirements under federal pesticide law. These requirements differ from the classification criteria and hazard information required for safety data sheets, and for workplace labels of non-pesticide chemicals. Following is the hazard information required on the pesticide label:

Signal word: Caution!

Hazard statements:
Moderate eye irritation.
Avoid contact with skin, eyes and clothing.
Wash thoroughly with soap and water after handling.
SECTION 16: OTHER INFORMATION

NFPA 704 (National Fire Protection Association):

- Health - 1
- Flammability - 0
- Instability - 0
- Others - none

- Health - 0
- Flammability - 0
- Physical Hazard - 0
- PPE - 0

0 = minimal hazard, 1 = slight hazard, 2 = moderate hazard, 3 = severe hazard, 4 = extreme hazard

Reason for Revision: Revised according to the current OSHA Hazard Communication Standard (29CFR1910.1200)

Revision Date: 05/09/2014
