Safety Data Sheet

Section 1: Identification

Product identifier

Product Name  •  303 Multisurface Cleaner

Synonyms  •  588054

Product Code  •  30202; 30204; 30207; 30207CSR; 30208; 30220; 30445; 30445BD; 30501; 30554; 30555; 30570

Relevant identified uses of the substance or mixture and uses advised against

Recommended use  •  Multisurface cleaner used on water safe fabrics, vinyl, carpet and hard surfaces

Restrictions on use  •  Read and follow label directions and use warnings

Details of the supplier of the safety data sheet

Manufacturer  •  Gold Eagle Co.
4400 S. Kildare Avenue
Chicago, IL 60632-4372
United States
http://www.goldeagle.com/

Telephone (General)  •  773-376-4400

Emergency telephone number

Manufacturer  •  1-800-535-5053 - (INFOTRAC #22283)

Section 2: Hazard Identification

United States (US)
According to: OSHA 29 CFR 1910.1200 HCS

Classification of the substance or mixture

OSHA HCS 2012  •  Skin Irritation 2
Skin Sensitization 1
Eye Irritation 2

Label elements

OSHA HCS 2012

WARNING

Hazard statements  •  Causes skin irritation
May cause an allergic skin reaction
Causes serious eye irritation

Precautionary statements

Prevention  •  Avoid breathing mists, vapours, and/or spray.
Wash thoroughly after handling.
Contaminated work clothing should not be allowed out of the workplace.
Wear protective gloves/protective clothing/eye protection/face protection.

**Response**

- If on skin: Wash with plenty of water.
- Take off contaminated clothing and wash before reuse.
- Specific treatment, see supplemental first aid information.
- If skin irritation or rash occurs: Get medical advice/attention.
- IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.
- If eye irritation persists: Get medical advice/attention.

**Storage/Disposal**

- Dispose of content and/or container in accordance with local, regional, national, and/or international regulations.

**Other hazards**

- **OSHA HCS 2012**

### Section 3 - Composition/Information on Ingredients

#### Substances

- Material does not meet the criteria of a substance.

#### Mixtures

<table>

### Section 4: First-Aid Measures

#### Description of first aid measures

**Inhalation**

- Move victim to fresh air. Administer oxygen if breathing is difficult. Give artificial respiration if victim is not breathing. If signs/symptoms continue, get medical attention.

**Skin**

- Wash skin with soap and water. Take off contaminated clothing and wash before reuse. If irritation develops and persists, get medical attention.

**Eye**

- In case of contact with substance, immediately flush eyes with running water for at least 20 minutes. If eye irritation persists: Get medical advice/attention.

**Ingestion**

- Do NOT induce vomiting. Obtain medical attention immediately if ingested.

#### Most important symptoms and effects, both acute and delayed

- Refer to Section 11 - Toxicological Information.

#### Indication of any immediate medical attention and special treatment needed

- All treatments should be based on observed signs and symptoms of distress in the patient. Consideration should be given to the possibility that overexposure to materials other than this product may have occurred.

### Section 5: Fire-Fighting Measures
Extinguishing media

Suitable Extinguishing Media
• LARGE FIRE: Water spray, fog or regular foam.
  SMALL FIRES: Dry chemical, CO2, water spray or regular foam.

Unsuitable Extinguishing Media
• No data available.

Special hazards arising from the substance or mixture

Unusual Fire and Explosion Hazards
• Poses no unusual fire or explosion hazard.

Hazardous Combustion Products
• No data available.

Advice for firefighters
• Structural firefighters' protective clothing provides limited protection in fire situations ONLY; it is not effective in spill situations where direct contact with the substance is possible.
  Wear chemical protective clothing that is specifically recommended by the manufacturer. It may provide little or no thermal protection.
  Wear positive pressure self-contained breathing apparatus (SCBA).
  LARGE FIRES: Cool containers with flooding quantities of water until well after fire is out.

Section 6 - Accidental Release Measures

Personal precautions, protective equipment and emergency procedures

Personal Precautions
• Ventilate enclosed areas. Do not walk through spilled material. Use appropriate Personal Protective Equipment (PPE) Do not touch damaged containers or spilled material unless wearing appropriate protective clothing.

Emergency Procedures
• As an immediate precautionary measure, isolate spill or leak area for at least 50 meters (150 feet) in all directions. Stay upwind. Keep unauthorized personnel away.
  Ventilate closed spaces before entering.

Environmental precautions
• Avoid run off to waterways and sewers.

Methods and material for containment and cleaning up

Containment/Clean-up Measures
• Stop leak if you can do it without risk.
  SMALL SPILLS: Take up with sand or other non-combustible absorbent material and place into containers for later disposal.
  LARGE SPILLS: Dike far ahead of spill for later disposal.

Section 7 - Handling and Storage

Precautions for safe handling

Handling
• Use only with adequate ventilation. Wear appropriate personal protective equipment, avoid direct contact. Avoid breathing vapors, dust, or spray mist. Mist, vapours and/or spray. Avoid contact with skin, eyes, and clothing. Wash thoroughly with soap and water after handling and before eating, drinking, or using tobacco.

Conditions for safe storage, including any incompatibilities

Storage
• Keep container closed. Store in a cool, dry, well-ventilated place. Do not store in unmarked containers or storage devices.

Section 8 - Exposure Controls/Personal Protection

**Exposure controls**

**Engineering Measures/Controls**
- Adequate ventilation systems as needed to control concentrations of airborne contaminants below applicable threshold limit values.

**Personal Protective Equipment**
- Respiratory
  - In case of insufficient ventilation, wear suitable respiratory equipment.
- Eye/Face
  - Wear chemical splash safety goggles.
- Skin/Body
  - Wear appropriate gloves.

**Environmental Exposure Controls**
- Controls should be engineered to prevent release to the environment, including procedures to prevent spills, atmospheric release and release to waterways. Follow best practice for site management and disposal of waste.

**Key to abbreviations**

- ACGIH = American Conference of Governmental Industrial Hygiene
- NIOSH = National Institute of Occupational Safety and Health
- STEL = Short Term Exposure Limits are based on 15-minute exposures
- TWA = Time-Weighted Averages are based on 8h/day, 40h/week exposures
- OSHA = Occupational Safety and Health Administration

Volatile
- Vapor Pressure: 17.5 mmHg (torr)
- Evaporation Rate: No data available

Flammability
- Flash Point: No data available
- UEL: No data available
- LEL: No data available
- Flammability (solid, gas): No data available

Environmental
- Octanol/Water Partition coefficient: No data available

Section 10: Stability and Reactivity

Reactivity
- No dangerous reaction known under conditions of normal use.

Chemical stability
- Stable under normal temperatures and pressures.

Possibility of hazardous reactions
- Hazardous polymerization will not occur.

Conditions to avoid
- Close proximity to incompatible substances.

Incompatible materials
- Alkalis, strong oxidizers.

Hazardous decomposition products
- If exposed to extremely high temperatures, the products of thermal decomposition may include irritating vapors and carbon oxides gases (e.g., CO, CO2)

Potential Health Effects
Inhalation
   Acute (Immediate)  • No adverse health effects expected.
   Chronic (Delayed)  • No data available.

Skin
   Acute (Immediate)  • Causes skin irritation. May cause skin sensitization. Symptoms include redness, and skin rash.
   Chronic (Delayed)  • No data available.

Eye
   Acute (Immediate)  • Causes serious eye irritation.
   Chronic (Delayed)  • No data available.

Ingestion
   Acute (Immediate)  • May cause gastrointestinal disturbances including diarrhea, nausea, and vomiting.
   Chronic (Delayed)  • No data available.

Carcinogenic Effects
   • This product does not contain any components above de minimus concentrations that are considered carcinogenic by OSHA, IARC or NTP.
