1. Identification of the Substance/Preparation and of the Company/Undertaking

**Product Identifier**
- **Product name**: KILL ZONE INDOOR AND OUTDOOR INSECT KILLER
- **Chemical name**: 7-8110

**Other means of identification**
- **Product code**: FG 419-2177
- **Synonyms**: Flying insect killer
- **Registration number(s)**: 498-183

**Recommended use of the chemical and restrictions on use**
- **Recommended Use**: Flying and crawling insect killer.
- **Uses advised against**: See "USE RESTRICTIONS" on product label.

**Details of the supplier of the safety data sheet**
- **Supplier Address**: Chase Products Co., 2727 Gardner Road, Broadview, IL  60155, 708-273-1121
- **Manufacturer Address**: Chase Products Co., 2727 Gardner Road, Broadview, IL  60155, 708-273-1121

**Emergency Telephone Number**
- **Company Phone Number**: 708-865-1000
- **24 Hour Emergency Phone Number**: 1-800-255-3924
- **Emergency telephone**: ChemTel 1-800-255-3924

2. Hazards Identification

**Classification**
This chemical is regulated by FIFRA.

- **Acute toxicity - Inhalation (Gases)**: Category 4
- **Skin sensitization**: Category 1
- **Carcinogenicity**: Category 1B
- **FLAMMABLE AEROSOLS**: Category 2
- **Gases Under Pressure**: liquefied gas

**Label Elements**

**EMERGENCY OVERVIEW**

**hazard statements**
- HARMFUL IF INHALED
- May cause an allergic skin reaction
- May cause cancer
- Flammable Aerosol
- Contains gas under pressure; may explode if heated
Precautionary Statements - Prevention
Obtain special instructions before use
Do not handle until all safety precautions have been read and understood
Avoid breathing fumes, mist, vapors or spray.
Use only outdoors or in a well-ventilated area
Contaminated work clothing should not be allowed out of the workplace
Wear protective gloves, protective clothing, eye protection and face protection.
Keep away from heat, sparks, open flames and hot surfaces. — No smoking
Do not spray on an open flame or other ignition source
Pressurized container: Do not pierce or burn, even after use

Precautionary Statements - Response
IF exposed or concerned: Get medical advice/attention
Specific treatment: See additional cautionary statements on this label.
If skin irritation or rash occurs: Get medical advice/attention
Wash contaminated clothing before reuse
IF INHALED: Remove victim to fresh air and keep at rest in a position comfortable for breathing
Call a POISON CENTER or doctor if you feel unwell

Precautionary Statements - Storage
Store locked up
Protect from sunlight. Store in a well-ventilated place
Do not expose to temperatures exceeding 122 °F (50 °C)

Precautionary Statements - Disposal
Dispose of contents/container to an approved waste disposal plant

Hazards not otherwise classified (HNOC)

Other Information
* Very toxic to aquatic life with long lasting effects
* Very toxic to aquatic life
No information available

FIRST AID MEASURES

Eye Contact
Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

Skin contact
Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advise.

Inhalation
If overcome by vapor, move person to fresh air. If person is not breathing, call 911 or an ambulance, then provide artificial respiration, preferably mouth-to-mouth, if possible. Call a poison control center or doctor for further treatment advise.

Ingestion
Ingestion from an aerosol product is unlikely to occur. In case of accidental ingestion, do not induce vomiting unless directed by a physician. Seek medical attention immediately.

Most important symptoms and effects, both acute and delayed

Symptoms
Prolonged contact with skin may cause allergic reactions on some individuals. Harmful if inhaled.

Indication of any immediate medical attention and special treatment needed

Note to physicians
Contains petroleum distillates, do not induce vomiting because of aspiration pneumonia hazard.

5. Fire-fighting measures

Suitable extinguishing media
CO2 (Carbon Dioxide), dry chemical, or water fog.

Unsuitable extinguishing media
Caution: Use of water spray when fighting fire may be inefficient.

Specific hazards arising from the chemical
This product is under pressure. Water spray may be used to cool cans in the vicinity of fire or excessive heat to prevent the explosion of the cans.

Hazardous combustion products
Thermal decomposition may yield gases like nitrogen oxides, carbon monoxide and carbon dioxide. May emit toxic gases and irritating fumes under fire conditions.

Explosion data
Sensitivity to Mechanical Impact
Contents under pressure, keep away from heat and open flame.

Sensitivity to Static Discharge
Keep away from heat, sparks, flame and other sources of ignition (i.e., pilot lights, electric motors and static electricity).

Protective equipment and precautions for firefighters
As in any fire, wear self-contained breathing apparatus pressure-demand, MSHA/NIOSH (approved or equivalent) and full protective gear.

6. Accidental release measures

Personal precautions, protective equipment and emergency procedures

Personal precautions
Use with adequate general or local exhaust ventilation.
For emergency responders
Remove all sources of ignition.

Environmental precautions
This pesticide is extremely toxic to aquatic organisms, including fish and invertebrates. See Section 12 for additional Ecological Information.

Methods and material for containment and cleaning up
Methods for Containment
Provide adequate ventilation. Avoid sources of ignition. Contain and collect spillage with non-combustible absorbent material, (e.g. sand, earth, diatomaceous earth, vermiculite) and place in container for disposal according to local / national regulations (see Section 13).

Methods for cleaning up
Clean contaminated surface thoroughly.

Prevention of secondary hazards
Clean contaminated objects and areas thoroughly observing environmental regulations.

7. Handling and Storage

Precautions for safe handling
Advice on safe handling
Avoid contact with skin. Avoid getting spray into eyes. Do not deliberately inhale vapor or mist. Do not contaminate food or food handling surfaces. Keep out of reach of children.

Conditions for safe storage, including any incompatibilities
Storage Conditions
Keep away from heat, sparks, flame and other sources of ignition (i.e., pilot lights, electric motors and static electricity). AEROSOL STORAGE LEVEL I (NFPA-30B).

Incompatible Materials
Avoid heat, open flame and contact with strong acids, strong bases and strong oxidizers.

8. Exposure Controls/Personal Protection

Control parameters
Exposure guidelines
See occupational exposure limits listed below.

Appropriate engineering controls

Engineering controls
Use with adequate general or local exhaust ventilation.

Individual protection measures, such as personal protective equipment

Eye/face Protection
Conventional eyeglasses to guard against splashing.

Skin and Body Protection
Rubber, vinyl or household type gloves required.

Respiratory protection
None required if used in a well-ventilated area. Follow label directions and precautions for the correct use of the product.

General hygiene considerations
Wash hands thoroughly after handling.

### 10. Stability and Reactivity

**Reactivity**
- Not applicable  

**Chemical stability**
- Stable.

**Possibility of hazardous reactions**
- Temperatures above 130 °F may cause cans to burst with force.  
  - Hazardous polymerization: Hazardous polymerization does not occur.

**Conditions to Avoid**
- Temperatures above 122 °F (50 °C).

**Incompatible Materials**
- Avoid heat, open flame and contact with strong acids, strong bases and strong oxidizers.

**Hazardous decomposition products**
- Thermal decomposition may yield gases like nitrogen oxides, carbon monoxide and carbon dioxide. May emit toxic fumes under fire conditions.
11. Toxicological Information

Information on likely routes of exposure

Product Information

Information on toxicological effects

**Symptoms**
Deliberate inhalation of concentrated vapor or mist may cause headache, dizziness and nausea.

**Delayed and immediate effects as well as chronic effects from short and long-term exposure**

**Skin corrosion/irritation**
Prolonged and repeated contact with skin may cause allergic reactions in some individuals.

**Serious eye damage/eye irritation**
Can cause irritation after contact with the eyes.

**Corrosivity**
Not applicable.

**Sensitization**
No a skin sensitizer.

**Germ cell mutagenicity**
No information available.

**Carcinogenicity**
The table below indicates whether each agency has listed any ingredient as a carcinogen.

<table>

**Reproductive toxicity**
No information available.

**STOT - single exposure**
No information available.

**STOT - repeated exposure**
No information available.

**Aspiration Hazard**
Not applicable.

**Numerical measures of toxicity - Product Information**

The following values are calculated based on chapter 3.1 of the GHS document.

- ATEmix (oral) = 52632 mg/kg
- ATEmix (dermal) = 21053 mg/kg
- ATEmix (inhalation-gas) = 7344 mg/L
12. Ecological Information

This product does not contain marine pollutants.

**Ecotoxicity**

This pesticide is extremely toxic to aquatic organisms including fish and aquatic invertebrates. Do not apply directly to or near water. This pesticide is highly toxic to bees exposed to direct treatment on blooming crops or weeds. Do not apply this product or allow it to drift to blooming crops or weeds while bees are actively visiting the treatment area.

16.13% of the mixture consists of components(s) of unknown hazards to the aquatic environment.

13. Disposal Considerations

Waste treatment methods
Disposal of wastes

Dispose of in accordance with federal, state and local regulations.

Contaminated packaging

Pressurized container: Do not pierce or burn, even after use. Do not puncture or incinerate container. If empty: Place in trash or offer for recycling if available. If partly filled: Call your local solid waste agency for disposal instructions.

U.S. EPA Label information
EPA Pesticide registration number 498-183
EPA Statement
This chemical is a pesticide product registered by the Environmental Protection Agency and is subject to certain labeling requirements under federal pesticide law. These requirements differ from the classification criteria and hazard information required for safety data sheets, and for workplace labels of non-pesticide chemicals. Following is the hazard information as required on the pesticide label: CAUTION: Harmful if absorbed through skin or inhaled.
