SECTION 7. HANDLING AND STORAGE

Advice on protection against fire and explosion: Take necessary action to avoid static electricity discharge (which might cause ignition of organic vapours).
- Keep away from open flames, hot surfaces and sources of ignition.
- Use only explosion-proof equipment.
- Do not spray on a naked flame or any incandescent material.

Advice on safe handling: Open drum carefully as content may be under pressure.
- Provide sufficient air exchange and/or exhaust in work rooms.
- Do not breathe vapours/dust.
- Do not smoke.
- Take precautionary measures against static discharges.
- Dispose of rinse water in accordance with local and national regulations.
- Container hazardous when empty.
- Smoking, eating and drinking should be prohibited in the application area.
- For personal protection see section 8.

Conditions for safe storage: BEWARE: Aerosol is pressurized. Keep away from direct sun exposure and temperatures over 50 °C. Do not open by force or throw into fire even after use. Do not spray on flames or red-hot objects.
- Keep container tightly closed in a dry and well-ventilated place.
- Observe label precautions.
- No smoking.
