1. IDENTIFICATION

Product Name: Sani-Prime™ Germicidal Spray

Finished Product Number: N/A

Formula Item Number: 4OP25301

Date of Preparation: July 17, 2018

Recommended use of the chemical and restrictions on use:
- **Recommended use:** Use as a disinfectant on hard, nonporous surfaces. Read and understand the entire label before using. Use only according to label directions. It is a violation of Federal law to use this product in a manner inconsistent to label directions.
- **Restrictions on use:** For professional and hospital use.

Manufacturer/Supplier: Professional Disposables International, Inc.
400 Chestnut Ridge Road
Woodcliff Lake, NJ 07677

Emergency Phone Number: PERS: 1-800-633-8253 (Domestic/Canada)
1-801-629-0667 (International)

2. HAZARD(S) IDENTIFICATION

GHS Classification:

<table>
<thead>
<tr>
<th>Physical</th>
<th>Health</th>
<th>Environmental</th>

Label Elements:
Warning!

Hazard Statements:
Flammable liquid and vapor.
Causes serious eye irritation.
Harmful if inhaled.
May cause drowsiness or dizziness.

Precautionary Statements:
Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. No smoking.
Keep container tightly closed.
Use non-sparking tools.
Take action to prevent static discharges.
Avoid breathing mist, vapors, or spray.
Wash thoroughly after handling.
Wear eye protection per facility protocol.
IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.
If eye irritation persists: Get medical attention.
IF ON SKIN (or hair): Take off immediately all contaminated clothing. Rinse skin with water or shower.
IF INHALED: Remove person to fresh air and keep comfortable for breathing.
Call a POISON CENTER or doctor if you feel unwell.
In case of fire: Use water fog, alcohol-resistant foam, carbon dioxide and dry chemical to extinguish.
Store in a well-ventilated place. Keep cool.
Dispose of contents and container in accordance with local and national regulations.

Other Hazards: None known.

4. FIRST-AID MEASURES

Description of First Aid Measures:
  **Eye:** Immediately flush eyes with water for 15 minutes, while holding the eye lids open to be sure the material is washed out. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing. Get medical attention if irritation persists.
  **Skin:** No first aid should be required. Wash skin with water. Get medical attention if irritation develops or persists.
  **Inhalation:** If symptoms develop move victim to fresh air. Get medical attention if irritation or other symptoms persists.
  **Ingestion:** Rinse mouth with water. Do not induce vomiting unless directed to do so by a medical professional. Get medical attention if you feel unwell.

**Most Important Symptoms/Effects, Acute and Delayed:** Direct contact may cause moderate eye irritation. Inhalation of vapors or mists may cause upper respiratory tract irritation and central nervous system effects. Swallowing large amounts of liquid may cause gastrointestinal irritation and central nervous system depression effects such as dizziness, drunkenness, and drowsiness.

**Indication of Immediate Medical Attention and Special Treatment, If Necessary:** None required under normal conditions of use.
5. FIRE-FIGHTING MEASURES

Suitable (and Unsuitable) Extinguishing Media: Use water fog, alcohol-resistant foam, carbon dioxide and dry chemical.

Specific Hazards Arising From the Chemical: Flammable liquid and vapor. Vapors are heavier than air and may flow along surfaces to remote ignition sources and flash back. Combustion may produce oxides of carbon, nitrogen, and ammonia. Flammable vapors may be invisible in daylight.

Special Protective Equipment and Precautions for Fire-Fighters: Wear an approved, positive pressure, self-contained breathing apparatus and full protective clothing. Cool fire exposed containers with water. Contain runoff.

6. ACCIDENTAL RELEASE MEASURES

Personal Precautions, Protective Equipment and Emergency Procedures: Evacuate spill area and keep unprotected personnel away. Remove all ignition sources such as open flames, spark producing equipment, pilot lights, etc. Minimize generation of static electricity which may cause sparking. Avoid contact with eyes. Wear appropriate protective clothing as described in Section 8. Avoid breathing vapors or mists. Ventilate area with explosion proof equipment.

Environmental Hazards: Avoid releases to the environment. Report spill as required by local and federal regulations.

Methods and Materials for Containment and Cleaning Up: Cover with an inert absorbent material and collect into an appropriate container for disposal. Use non-sparking tools and equipment.

7. HANDLING AND STORAGE

Precautions for Safe Handling: Avoid contact with eyes. Wear protective clothing and equipment as described in Section 8. Avoid breathing vapors or mists. Use with adequate ventilation. Wash hands with soap and water after use. Keep product away from heat, sparks, flames and all other sources of ignition. No smoking in storage or use areas. Keep containers closed when not in use. Use with non-sparking tools and explosion proof equipment. Refer to product label for additional information on use and handling. Follow all SDS precautions in Section 13 when handling empty containers.

Conditions for Safe Storage, Including Any Incompatibilities: Store in a cool, dry location away from incompatible materials. Do not store near heat or open flame. Do not freeze or expose to extreme cold for a long period. Do not contaminate water, food or feed by storage or disposal. For containers: Protect container from physical damage. When not in use keep center cap of lid closed to prevent moisture loss.

8. EXPOSURE CONTROLS / PERSONAL PROTECTION

Exposure Guidelines:

<table>
<thead>
<tr>
<th>Substance</th>
<th>Exposure Limits</th>
</tr>
</thead>
<tbody>
<tr>
<td>Isopropanol</td>
<td>200 ppm TWA, 400 ppm STEL ACGIH TLV</td>
</tr>
<tr>

<td>400 ppm TWA OSHA PEL</td>
</tr>
<tr>
<td>Ethyl Alcohol</td>
<td>1000 ppm STEL ACGIH TLV</td>
</tr>
<tr>
<td></td>
<td>1000 ppm TWA OSHA PEL</td>
</tr>
</tbody>
</table>
Didecyl dimethyl ammonium chloride  None Established

**Appropriate Engineering Controls:** Use with adequate general or local exhaust ventilation to maintain exposure levels below the occupational exposure limits. Use explosion proof electrical equipment and wiring where required.

**Individual Protection Measures, Such As Personal Protective Equipment:**
**Respiratory Protection:** If the exposure levels are exceeded, use an approved organic vapor respirator. Selection of respiratory protection depends on the contaminant type, form and concentration. Select in accordance with facility protocol, local regulations, and good Industrial Hygiene practice.
**Skin Protection:** No special protective equipment required under normal use conditions. If needed, wear protective gloves per facility protocol to avoid skin contact.
**Eye Protection:** No special protective equipment required under normal use conditions. If needed, wear eye protection per facility protocol to avoid eye contact.
**Other:** None required under normal conditions of use.

### 10. STABILITY AND REACTIVITY

**Reactivity:** Not reactive under normal conditions of use.
**Chemical Stability:** Stable under normal storage and handling conditions.
**Possibility of Hazardous Reactions:** Hazardous polymerization will not occur.
**Conditions To Avoid:** Keep away from heat, sparks, flames and other sources of ignition.
**Incompatible Materials:** Avoid contact with strong oxidizing agents and anionic surfactants.
**Hazardous Decomposition Products:** Thermal decomposition may produce oxides of carbon, nitrogen, and ammonia.

### 11. TOXICOLOGICAL INFORMATION

**Potential Health Effects:**
**Eye:** This product is expected to cause moderate irritation to eyes based on test data from the OPPTS 870.2400 Acute Eye Irritation Study which resulted in Toxicity Category II.
**Skin:** Prolonged contact may cause minimal irritation with drying and dermatitis. This is based on test data from the OPPTS 870.2500 Acute Skin irritation study which resulted in Toxicity Category IV.
**Inhalation:** Inhalation of spray mists or vapors may cause upper respiratory tract irritation, headache, dizziness, drowsiness, confusion, and other central nervous system effects.

**Ingestion:** Swallowing may cause gastrointestinal irritation and central nervous system depression with symptoms similar to those described under inhalation.

**Chronic Effects:** None known.

**Carcinogenicity:** The carcinogen classification does not apply for this product. None of the components of this product are listed as a carcinogen or suspected carcinogen by OSHA, IARC, and NTP.

**Reproductive Effects:** Reproductive harm is not expected from this product.

**Mutagenic Effects:** Not expected to cause mutagenic activity.

**Acute Toxicity:**
The following values are based on OPPTS Test Data:
- Oral rat LD50: >2000 mg/kg,
- Dermal rabbit LD50: >5000 mg/kg,
- Inhalation rat LC50: >0.55-<2.33 mg/L/4hr (as mist)

---

**12. ECOLOGICAL INFORMATION**

**Ecotoxicity:**
- Isopropanol: 96 hr LC50 Bluegill (Lepomis macrochirus) : >1400 mg/L, 48 hr EC50 Daphnia: 13299 mg/L, 72 hr IC50 Algae: 1000 mg/L
- Ethanol: 96 hr LC50 Fathead minnow: 14.2 g/L, 48 hr LC50 Ceriodaphnia dubia: 5012 mg/L
- Didecyl dimethyl ammonium chloride: 96 hr LC50 Zebrafish: 0.49 mg/L, 48 hr EC50 Daphnia magna: 0.057 mg/L (M-Factor Acute: 10)

This product is expected to be harmful to the aquatic environment. Releases to the environment should be avoided.

**Persistence and Degradability:** Didecyl dimethyl ammonium chloride: Readily biodegradable- 85% after 14 days.

**Bioaccumulative Potential:** No data available
**Mobility in Soil:** No data available
**Other Adverse Effects:** None known.

---

**13. DISPOSAL CONSIDERATIONS**

**For non-refillable containers:** Do not reuse or refill this container. Offer for recycling. If recycling is not available, put in trash collection.

**For refillable containers:** Rinse cracked or broken containers and offer for recycling. If recycling is not available, discard in trash.

Empty containers or liners may retain some product residues. Do not allow this material to drain into sewers/water supplies. Do not contaminate ponds, waterways or ditches with chemical or used container.
14. TRANSPORT INFORMATION

The following applies to inner packages of <=5 L / 1.3 Gal; package gross weight <=30 kg.

15. REGULATORY INFORMATION

Safety, Health, and Environmental Regulations Specific for the Product In Question:

This chemical is a pesticide product registered by the United States Environmental Protection Agency and is subject to certain labeling requirements under federal pesticide law. These requirements differ from the classification criteria and hazard information required for safety data sheets (SDS), and for workplace labels of non-pesticide chemicals. The hazard information required on the pesticide label is reproduced below. The pesticide label also includes other important information, including directions for use.

FIFRA Labeling:

Keep Out Of Reach of Children

WARNING

PRECAUTIONARY STATEMENTS
Hazards to Humans & Domestic Animals

WARNING. Causes substantial but temporary eye injury. Harmful if inhaled or swallowed. Do not get in eyes or on clothing. Wear safety glasses. Avoid breathing spray mist. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, or using the toilet. Remove and wash contaminated clothing before reuse.

Physical or chemical Hazard

Flammable. Keep away from heat and open flame.

CERCLA 103 Reportable Quantity: This product is not subject to reporting under CERCLA. Some states have more stringent reporting requirements. Report all spills in accordance with local, state, and federal regulations.

SARA TITLE III:
Hazard Category for Section 311/312: See OSHA Hazard Classification in Section 2.

Section 313 Toxic Chemicals: This product contains the following chemicals subject to SARA Title III Section 313 Reporting requirements: None

Section 302 Extremely Hazardous Substances (TPQ): None

EPA Toxic Substances Control Act (TSCA) Status: This product is a EPA Registered product #9480-10. However, all of the ingredients of this product are listed on the TSCA inventory.

STATE REGULATIONS:

California Proposition 65: This product does not contain a chemical known to the State of California to cause cancer, birth defects or other reproductive harm. For more information go to www.P65Warnings.ca.gov.

Massachusetts RTK: Ethyl Alcohol and Isopropanol are listed.

Pennsylvania RTK: Ethyl Alcohol and Isopropanol are listed.

Rhode Island RTK: Ethyl Alcohol and Isopropanol are listed.

New Jersey RTK: Ethyl Alcohol and Isopropanol are listed.

CANADIAN REGULATIONS

Canadian Environmental Protection Act: All of the components in this product are listed on the Domestic Substances List (DSL) or exempt.
