SECTION III - HAZARDS IDENTIFICATION

EMERGENCY OVERVIEW:
This is a personal care or cosmetic product that is safe for consumers and other users under normal and reasonably foreseen misuse. Additional information on toxicological endpoints is available from the supplier upon request.

POTENTIAL HEALTH EFFECTS:

- **Eye**: Contact may cause mild, transient irritation. Some redness and/or stinging may occur.

- **Skin**: Not expected to be irritating, sensitzing, photoallergenic or phototoxic when used as intended. If irritation occurs following intended use or prolonged contact it is expected to be mild and transient.

- **Inhalation**: Not expected to be irritating to the respiratory system. Not volatile therefore limited inhalation exposure anticipated.

- **Ingestion**: Product used as intended is not expected to cause gastrointestinal irritation. Accidental ingestion of undiluted product may cause mild gastrointestinal irritation with nausea, vomiting, and diarrhea.

SECTION IV - FIRST AID MEASURES

- **Eye**: Thorough rinsing for 15-20 minutes of the affected eye with water is recommended. If discomfort or irritation persists, contact a physician.

- **Skin Problem**: Discontinue use of product. Apply cold compresses to affected areas to relieve any discomfort. If discomfort persists, contact a physician.

- **Inhalation**: If respiratory irritation occurs, remove individual to fresh air.

- **Ingestion**: Accidental ingestion of product may necessitate medical attention. In case of accidental ingestion dilute with fluids (water or milk) and treat symptomatically. Do not induce vomiting. Note: After first aid
treatment, the caller should be advised that 1) a hospital emergency room or family physician should be consulted if anything unusual occurs or appears necessary in the judgment of the caller, and 2) that the subsequent management of the accident should be dictated by any persistent symptoms and under the direction of the physician.

### SECTION V - FIRE FIGHTING MEASURES

- **Flash Point & Method:** Not known.
- **Extinguishing Media:** Water, carbon dioxide, foam, or dry powder.
- **Explosion Hazard:** No applicable information has been found.
- **Fire Fighting Instructions:** Avoid breathing smoke, fumes, and combustion products.

### SECTION VI - ACCIDENTAL RELEASE MEASURES

- **Procedures for Spill/Leak Clean-up:** No applicable information.

### SECTION VII - HANDLING AND STORAGE

- **Precautions for Safe Handling:** No applicable information has been found.
- **Conditions for Safe Storage:** No applicable information has been found.
- **Other Recommendations:** None.

### SECTION VIII - EXPOSURE CONTROLS, PERSONAL PROTECTION

- This is a personal care or cosmetic product that is safe for consumers and other users under normal and reasonably foreseen misuse.

### SECTION IX - PHYSICAL AND CHEMICAL PROPERTIES

- **Appearance:** Solid green bar.
- **Color:** Green.
- **Odor:** Characteristic mild herbaceous floral.
- **Physical State:** Solid.
- **Vapor Density:** N/A
- **Melting Point:** Not determined.
- **Boiling Point:** Not determined.
- **Solubility in Water:** Moderately.

### SECTION X - STABILITY AND REACTIVITY

- **Conditions to Avoid:** Avoid excessive temperatures.
- **Other Recommendations:** None.

### SECTION XI - TOXICOLOGICAL INFORMATION

This is a personal care or cosmetic product that is safe for consumers and other users under normal and reasonably foreseen misuse. Additional information on toxicological endpoints is available from the supplier upon request.
**SECTION XII - ECOLOGICAL INFORMATION**

The product ingredients are expected to be safe for the environment at concentrations predicted under normal product use and geographic (spatial) dispersion (distribution). Packaging components are compatible with the conventional solid waste management practices. Additional information is available from the supplier on request.

**SECTION XIII - DISPOSAL CONSIDERATIONS**

Do not discharge product into natural waters without pretreatment or adequate dilution.

Products covered by this MSDS, in their original form, are considered non hazardous waste according to Federal RCRA regulations (40 CFR 261). Disposal should be in accordance with local, state and federal regulations.

**SECTION XIV - TRANSPORT INFORMATION**

Transport in accordance with local regulations.

**SECTION XV - ADDITIONAL REGULATORY INFORMATION**

Regulated as a Cosmetic under the FDA (U.S.), HPB (Canada), Cosmetics Directive (EU), and MHW (Japan).

**SECTION XVI - OTHER INFORMATION**

None.

**DISCLAIMER:** This MSDS is intended to provide a brief summary of our knowledge and guidance regarding the use of this material. It is not meant to be an all-inclusive document on worldwide hazard communication regulations. All P&G operations must comply with applicable local and national MSDS/Hazard Communication Regulations.

This information is offered in good faith. Each user of this material needs to evaluate the conditions of use and design the appropriate protective mechanisms to prevent employee exposures, property damage or release to the environment.
