Section 1. Product and Company Identification

Product Name: D-CON® READY MIXED BAITBITS
MSDS# Not available.
Product Description: Rodenticide bait, packages in 3 oz. packets.
Validation Date: 2/22/2006
Print Date: 2/22/2006
Manufacturer: Reckitt Benckiser North America, Inc.
Morris Corporate Center IV
399 Interpace Parkway (P.O. Box 225)
Parsippany, N.J. 07054-0225
Product Identifier: EPA Registration No. 3282-81

In case of Emergency:
CHEMTREC: 800-424-9300
Transportation Emergencies:

Section 3. Hazards Identification

Emergency Overview:
CAUTION: May be harmful or fatal if swallowed. Keep away from humans, domestic animals and pets. Wash hands after handling bait packs.

This product is toxic to fish, birds and wildlife. This product can pose a secondary hazard to birds of prey and mammals. Do not apply directly to any water sources.

KEEP OUT OF REACH OF CHILDREN.

Section 4. First Aid Measures

Eye Contact: In case of eye contact, immediately flush eyes with low pressure water. Remove contact lenses if present to ensure a thorough flush and continue to flush with water for at least 15 minutes. Get medical attention if irritation persists, contact a physician or poison control center.

Skin Contact: Wash skin with soap and water.

Inhalation: Inhalation exposure is not anticipated under recommended use conditions.

Ingestion: IF BAIT IS EATEN BY HUMANS, CALL A PHYSICIAN AT ONCE. For 24-hour emergency assistance, call your local Poison Control Center.

NOTE TO PHYSICIAN AND VETERINARIAN: This product may reduce the clotting ability of the blood and cause hemorrhaging. The anticoagulant action of this product may produce prolonged prothrombin times for 20 to 30 days after exposure. If poisoning occurs, intramuscular and oral administration of Vitamin K1 is indicated, as in poisoning from an overdose of dicumarol (bishydroxy coumarin).

FOR HUMAN CASES: Vitamin K1 is antidotal at doses of 10 to 20 mg. (NOT mg. / kg.). Repeated
Section 5. Fire and Explosion Data

| Flammability | May be combustible at high temperature. |
| Flash Point | OPEN CUP: >93.333°C (>200°F). |
| Explosive Limits in Air | Not available. |
| Products of Combustion | Thermal decomposition products may include carbon monoxide, carbon dioxide and oxides of nitrogen. |
| Fire and Explosion Hazards | None known. |
| Fire Fighting Media and Instructions | Use water spray, foam, dry chemical or carbon dioxide, as suitable, for the surrounding fire. |
| Special Fire Fighting Instructions | Wear self-contained breathing apparatus and protective clothing appropriate for fighting a chemical fire. |

Section 6. Accidental Release Measures

Accidental Spill

Small spills: Sweep up, minimizing airborne dust. Place into a paper or plastic bag and discard in dry trash. Remaining spill residues may be wiped up with wet paper towels or flushed into sink or sanitary system with water.

Large spills: Collect with a minimum of dust, place in a suitable container for disposal according to local, state and federal regulations.

Section 7. Handling and Storage

Handling and Storage

CAUTION: May be harmful or fatal if swallowed. Keep away from humans, domestic animals and pets. Wash hands after handling bait packs.

This product is toxic to fish, birds and wildlife. This product can pose a secondary hazard to birds of prey and mammals. Do not apply directly to any water sources.

Store in original container in areas inaccessible to small children and pets. KEEP OUT OF REACH OF CHILDREN.

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

Section 8. Exposure Controls/Personal Protection

Ventilation Requirements

None required under normal use conditions. Special ventilation is not required for the normal handling and use of this product when following the label instructions.

Eye Protection

None required under normal use conditions. Emergency responders should wear full eye and face protection.

Skin Protection

None required under normal use conditions. Follow label instructions for handling and use. Emergency responders should wear impermeable gloves.

Respiratory Protection

Not applicable. Emergency responders should wear suitable respiratory protection where exposure to airborne dust is possible.

Other Protection

None normally required. Emergency responders should wear impermeable clothing and footwear when responding to a situation where contact with crushed tablets or large amounts of accumulated product dust is possible such as a fire or a major clean-up operation.

Work/Hygienic Practices

Wash thoroughly with soap and water after handling.

Section 10. Stability and Reactivity Data

| Chemical Stability                  | The product is stable. |             |
| Conditions of Instability           | None                  |             |
| Incompatibility with Various Substances | None known.           |             |
| Hazardous Decomposition Products    | None known.           |             |
| Hazardous Polymerization            | Will not occur.       |             |

Section 11. Toxicological Information

**Exposure effects**

- **Eye Contact**: None expected.
- **Skin Contact**: None expected.
- **Inhalation**: None expected.
- **Ingestion**: May be harmful or fatal if swallowed. Ingestion of the product may reduce the clotting ability of the blood and cause hemorrhaging. See Section 4 (First Aid) for specific instructions and treatment.
- **Carcinogenicity**: Not listed as carcinogenic by OSHA, NTP or IARC.

Section 12. Ecological Information

**Ecotoxicity**: This product is toxic to fish, birds and wildlife. The product can pose a secondary hazard to birds of prey and mammals. Keep out of any body of water.

Section 13. Disposal Considerations

**Waste Disposal**: Wrap empty or used containers and put in trash. Empty container may be included in domestic refuse for disposal in landfill. See product label for further instructions.
Section 14. Transport Information

**DOT Classification**
Not regulated by DOT (United States).

**Proper Shipping Name**
Not applicable.

**DOT Identification Number**
Not applicable.

**Packing Group**
Not applicable.

**Maritime Transportation**
Not applicable.

**Hazardous Substances Reportable Quantity**
Not applicable.

**Special Provisions for Transport**
Not applicable.

**TDG Classification**
Not regulated by TDG.

**ADR Classification**
Not applicable.

**IMDG Classification**
Not regulated by IMDG.

**IATA Classification**
Not regulated by IATA.

Section 15. Regulatory Information

**Federal and State Regulations**
SARA Title III, Section 313 Toxic Chemical Notification & Release Reporting:
None

California Proposition 65: This product contains the following ingredients which require a warning under the Safe Drinking Water & Toxic Enforcement Act:
None

**Other Classifications**
WHMIS (Canada) Not controlled under WHMIS (Canada).

Section 16. Other Information

**HMIS (U.S.A.)**
