**Product Description**
Non-corrosive, no caustic fumes.

**Manufacturer**
Reckitt Benckiser North America, Inc.
Morris Corporate Center IV
399 Interpace Parkway (P.O. Box 225)
Parsippany, N.J. 07054-0225

**Product Identifier**
Not available.

**Item Number**
363915

**Formula Number**
1012-186 (363915) using Conc. 1012-71-2 (381564), Lemon Scent.

**UPC Number**
62338-00178 (16 oz./453 gm.) Aerosol.

**Section 3. Hazards Identification**

**Emergency Overview**
CAUTION: CONTENTS UNDER PRESSURE. Causes eye irritation. Contains monoethanolamine. KEEP OUT OF REACH OF CHILDREN.

**Section 4. First Aid Measures**

**Eye Contact**
In case of eye contact, immediately rinse eyes with plenty of water, remove any contact lenses and continue to rinse eyes with water for at least 15 minutes. If irritation persists, get medical attention.

**Skin Contact**
In keeping with good hygienic practices, wash exposed areas thoroughly with soap and water. If irritation persists, get medical attention.

**Inhalation**
Remove person to fresh air.

**Ingestion**
Rinse mouth with water. Contact a physician or poison control center if symptoms develop. NEVER give an unconscious person anything to ingest.
Section 5. Fire and Explosion Data

Flammability

See Section 14 for any Shipping Classifications.

Flash Point

Not applicable. Flame extension less than 18 inches or 45 cm.

Explosive Limits in Air

Not available.

Products of Combustion

Not available.

Fire and Explosion Hazards

CONTENTS UNDER PRESSURE. Do not use or store near hear or open flame. Do not puncture or incinerate. Exposure to temperatures above 120° F (50º C) may cause bursting.

Fire Fighting Media and Instructions

Not a fire hazard. Select media suitable for surrounding fire. Use water spray to cool fire-exposed containers.

Special Fire Fighting Instructions

Wear full protective equipment: eye/face (shield), body (full bunker gear), respiratory (SCBA). Provide shielding for venting, rupturing or bursting containers.

Section 6. Accidental Release Measures

Accidental Spill

Small spill: Soak up with liquid absorbent material. Rinse area well to avoid slippery condition.

Large spills from ruptured or leaking containers: Eliminate all sources of ignition and ventilate the area with equipment rated for use in flammable environments. Spill should be diked, contained, collected and stored in metal containers for later disposal according to local, state or federal regulations.

Section 7. Handling and Storage

Handling and Storage

CAUTION: Contents under pressure. Causes eye irritation. Contains monoethanolamine. Do not puncture or incinerate container.

Do not expose to heat or store at temperatures above 120 °F (50º C). Avoid freezing. Store in an area inaccessible to children and pets. KEEP OUT OF REACH OF CHILDREN.

Section 8. Exposure Controls/Personal Protection

Ventilation Requirements

No specific controls are needed. If user operations generate fume, vapor or mist, such as a fire or clean-up operation, use ventilation to keep exposure to airborne contaminants below the exposure limit.

Eye Protection

None required under normal use conditions. Emergency responders should wear full eye and face protection.

Skin Protection

None required. Emergency responders should wear impermeable gloves.

Respiratory Protection

None required under normal use conditions. Emergency responders should wear suitable respiratory protection where long term exposure to large areas of spilled liquid is possible such as a major spill, a fire or a clean-up operation.

Other Protection

None required. Emergency responders should wear impermeable clothing and footwear when responding to a situation where contact with the liquid is possible.

Work/Hygienic Practices

Wash thoroughly with soap and water after handling.

Section 9. Physical and Chemical Properties

Description

Liquid. (Light tan to white foam when sprayed.)

Odor

Lemon like.

Color

Light tan.

pH

12.5 [Basic.]

Boiling/Condensation Point

Not applicable.

Specific Gravity

1.052 @ 25/25°C (conc.)

Vapor Pressure

Not determined.

Section 10. Stability and Reactivity Data

Chemical Stability
The product is stable.

Conditions of Instability
None known.

Incompatibility with Various Substances
Incompatible with acids.

Hazardous Decomposition Products
None known.

Hazardous Polymerization
Will not occur.

Section 11. Toxicological Information

Exposure effects

Eye Contact
Causes eye irritation.

Skin Contact
Not a primary skin irritant. May be irritating to sensitive skin. Avoid prolonged contact, wear rubber gloves.

Inhalation
Not toxic by inhalation.

Ingestion
Not orally toxic.

Carcinogenicity
Not listed as carcinogenic by OSHA, NTP or IARC.

Section 12. Ecological Information

Ecotoxicity
Not available.

Section 13. Disposal Considerations

Waste Disposal
Discard individual empty container in trash.

Large quantity disposal: Degas cans and discharge liquid contents to sanitary sewer or accumulate intact cans for transport to shredder, approved incinerator, or other facility in accord with local, state and federal regulations.

Section 14. Transport Information

DOT Classification
UN 1950, Aerosols, 2.1 - Limited Quantity, Reclassed Consumer Commodity, ORM-D

Proper Shipping Name
Consumer Commodity

DOT Identification Number
Not applicable.

Packing Group
Not applicable.

Maritime Transportation
Not applicable.
