SECTION I - PRODUCT IDENTIFICATION

Identity: Febreze® Candles
Brands: Febreze® Candles - Linen & Sky (95744790)
        Febreze® Candles - Meadows & Rain (95745135)
        Febreze® Candles - Spring & Renewal (95745139)
        Febreze® Candles - Vanilla & Refresh (95745140)
        Febreze® Candles - Autumn Spice & Crisp (95745142)
        Febreze® Candles - Apple Spice & Delight (95745133)
        Febreze® Candles - Fresh Evergreen & Snow (95745141)
        Febreze® Candles - Lavender Vanilla & Comfort (95937378)
        Febreze® Candles – Winds & Springtime (95937422)

SECTION IV – FIRST AID INFORMATION

First Aid Procedures:
Ingestion: Drink a glass of water
Eye Contact: If eye contact occurs, rinse with water. If molten wax comes in contact with the eyes, seek immediate medical attention.
Skin Contact: Rinse affected area with mild soap and water. If burns from contact with molten wax occur, treat as thermal burns. Cool the affected area as quickly as possible by immersion in water until wax solidifies. Do not remove material immediately. Cover area with sterile, dry dressing. Get medical attention if the affected area begins to blister.
Inhalation: Seek fresh air.

Note to Physician: (if applicable)
Other: Consumer product package has the following precautionary statement:
⚠️ WARNING: To Prevent Fire ● Burn candle within sight. Keep out of reach of children and pets. Never burn candle on or near anything that can catch fire. Burn on protected heat-resistant surface. Use on flat surface away from drafts. If flame smokes, extinguish, trim wick, and relight. Do not use if jar is chipped or cracked. Do not handle hot jar. Burn away from other heat sources. Remove wick trimmings, matches, or other debris before each lighting. Trim wick to 6.5 mm or 1/4" before each lighting. Do not use refills or other candles in used and/or empty Febreze Candles jars.

SECTION V - FIRE FIGHTING INFORMATION

Flash Point (Method Used): Not available

Flammable Properties:
Upper Flammable Limit: Not available
Lower Flammable Limit: Not available

Explosive Limits: UEL: N/A LEL: N/A

Auto-ignition Temperature: Not Applicable

Hazardous Combustion Products: Thermal decomposition may produce irritating fumes (paraffin wax fume), carbon dioxide, and carbon monoxide

Explosion Data (Sensitivity to Mechanical Impact): None known
Explosion Data (Sensitivity to Static Discharge): None known

Extinguishing Media:
Suitable: Use dry chemical, carbon dioxide, water spray or regular foam.
Unsuitable: None known.

Protection of Firefighters:
Specific Hazards Arising from the Material: No special hazards known.
Protective Equipment and Precautions for Firefighters: Normal fire-fighting gear.
## SECTION VI - ACCIDENTAL RELEASE MEASURES

**Personal Precautions:** None required. In case of broken glass, use appropriate precautions and personal protective equipment to prevent cuts or lacerations during clean-up.

**Environmental Precautions:** Disposal is to be performed in compliance with federal, state/provincial and local regulations.

**Methods for Containment:** No special methods needed.

**Methods for Cleanup:** Sweep up and place in suitable, clean dry containers for reclamation or disposal. Any spills are to be prevented from entering waterways.

**Other Information:** (if applicable)

## SECTION VII – HANDLING AND STORAGE

**Precautions To Be Taken in Handling:** None required.

**Precautions To Be Taken in Storage:** Store in cool dry place with adequate ventilation.

## SECTION VIII - EXPOSURE CONTROLS / PERSONAL PROTECTION

**Occupational Exposure Guidelines:**
Paraffin wax fume (CAS# 8002-74-2)  
ACGIH TLV-TWA 2 mg/m$^3$
OSHA TWA 2 mg/m$^3$

**Engineering Controls:** None required.

**Personal Protective Equipment (PPE):**
Eye/Face Protection: None required for normal use conditions.
Skin Protection: None required for normal use conditions.
Respiratory Protection: None required with normal use conditions.

SECTION X - STABILITY AND REACTIVITY

Chemical Stability: Stable
Conditions to Avoid: None known
Incompatible Materials: None known
Hazardous Decomposition Products: When exposed to fire, produces normal products of combustion.
Possibility of Hazardous Reactions: None known

SECTION XI - TOXICOLOGICAL INFORMATION

Ingestion is not an anticipated route of exposure. However, Febreze® Candles are practically non-toxic.
LD 50 (oral): > 5000 mg/kg (estimated).

Molten paraffin wax may cling to skin and result in thermal burns.

Chronic Effects: No chronic health effects reported.
Target Organs: No target organs reported.
Carcinogenicity: This finished consumer product is not carcinogenic.
NTP: No
IARC: No

SECTION XII - ECOLOGICAL INFORMATION

This product is compatible with municipal solid waste systems and will not pose a hazard to the environment when the waste is properly handled.

SECTION XIII - DISPOSAL CONSIDERATIONS

Waste Disposal Method: Disposal is to be performed in compliance with federal, state/provincial and local regulations.

Non-Household Setting (US Federal): Products covered by this MSDS, in their original form, when disposed as waste, are considered non hazardous waste according to Federal RCRA regulations (40 CFR 261). Disposal should be in accordance with local, state and federal regulations.

Non-Household Setting (California): Not hazardous

Household Use: Product used in household may be disposed of in refuse.

SECTION XIV - TRANSPORT INFORMATION

Ground Transport (US DOT): Products covered by this MSDS, in their original form, are not regulated for transportation.

Air Transport (IATA): – not regulated

Marine/Water Transport (IMDG): – not regulated
SECTION XV - REGULATORY INFORMATION

United States
All intentionally-added components of this product are listed or excluded from listing on the US TSCA Inventory.
EPA Registration Number: Not Applicable
SARA 313/302/304/311/312 chemicals: None

California: This product has been evaluated and does not require warning labeling under California Proposition 65.
California Registration Number: Not Applicable

State Right-to-Know and CERCLA:
The following ingredients present in the finished product are listed on state right-to-know lists or state worker exposure lists

Canada
All ingredients are CEPA approved for import to Canada by Procter & Gamble. This product has been classified in accordance with the hazard criteria of the Canadian Controlled Products Regulations (CPR) and this MSDS contains all information required by the Controlled Products Regulations.

SECTION XVI - OTHER INFORMATION
Perfumes contained within the products covered by this MSDS comply with appropriate IFRA guidance.

P&G Hazard Rating: Health: 1 4=EXTREME
Flammability: 1 3=HIGH
Reactivity: 0 2=MODERATE
1=SLIGHT
0=NOT SIGNIFICANT

*N/A. - Not Applicable  *N/K. - Not Known

Data supplied is for use only in connection with occupational safety and health.

DISCLAIMER: This MSDS is intended to provide a brief summary of our knowledge and guidance regarding the use of this material. The information contained here has been compiled from sources considered by Procter & Gamble to be dependable and is accurate to the best of the Company’s knowledge. It is not meant to be an all-inclusive document on worldwide hazard communication regulations.

This information is offered in good faith. Each user of this material needs to evaluate the conditions of use and design the appropriate protective mechanisms to prevent employee exposures, property damage or release to the environment. Procter & Gamble assumes no responsibility for injury to the recipient or third persons, or for any damage to any property resulting from misuse of the product.
