

PRODUCT SAFETY DATA SHEET

Print date: 15 Apr 2008

1. PRODUCT AND COMPANY IDENTIFICATION

Item Number / Product code: 0003815 & 0003968

Product name: OLD ENGLISH® FURNITURE POLISH, ALL SCENTS (AEROSOL)

Validation / Revision Date: 10 April 2008

Formula Number: 922-080 (F/F 0003815) Lemon Scent,
922-082 (F/F 0003968) Almond Scent.

UPC Number and Size: 62338-74035 (12.5 oz.) Lemon Scent,
62338-77677 (12.5 oz.) Almond Scent.

Product Description: Aerosol furniture polish.

Manufacturer: Reckitt Benckiser North America, Inc.
Morris Corporate Center IV
399 Interpace Parkway (P.O. Box 225)
Parsippany, New Jersey 07054-0225

Emergency Telephone Number: 1-800-228-4722 (U.S)

Transportation Emergencies: 1-800-424-9300 (U.S. & Canada) CHEMTREC
Outside the U.S. and Canada (North America), call: 703-527-3887

2. COMPOSITION / INFORMATION ON INGREDIENTS

Components:

DISTILLATES (PETROLEUM)
 HYDROTREATED LIGHT (100%)
 64742-47-8
 ISOBUTANE A-31
 75-28-5
 PROPANE
 74-98-6
 SILICONE FLUID BLEND
 NA

Wt %	ACGIH:	OSHA:
10-20	None	None
1-5	TWA (TLV): 1000 ppm @10	None
1-5	TWA (TLV): 1000 ppm @10 TWA (TLV): 1000 ppm @10	TWA (PEL): 1000 ppm @10 TWA (PEL): 1800 mg/m ³ @10
1-5	None	None

3. HAZARDS IDENTIFICATION

EMERGENCY OVERVIEW

CAUTION: Contents under pressure.
 DO NOT puncture or incinerate container.
 May cause eye irritation.
 Avoid contact with eyes.
 DO NOT expose to heat or store at temperatures above 50° C (120° F).
 DO NOT spray or use on floors as it may leave them slippery.

KEEP OUT OF REACH OF CHILDREN

4. FIRST AID MEASURES

Inhalation: Move to fresh air.

Skin contact: Wash off immediately with soap and plenty of water removing all contaminated clothes and shoes.

Eye contact: In case of eye contact, IMMEDIATELY flush eyes thoroughly with water, remove any contact lenses and continue to flush eyes with plenty of water for at least 15 minutes. Get medical attention if irritation occurs.

Ingestion: If swallowed, DO NOT INDUCE VOMITING. Call a Physician or Poison Control Centre immediately. Never give an unconscious person anything to ingest.

Notes to physician: Contains petroleum distillates.
Contains hydrocarbon propellant.
Contains Perfume.

Aggravated Medical Conditions: NOTE TO PARENTS: Intentional misuse by deliberately concentrating and inhaling aerosol products may be harmful or fatal. Help stop inhalation abuse; for information visit www.inhalant.org.

5. FIRE-FIGHTING MEASURES

Flash point: Not applicable.
Aerosol flame extension less than 18 inches (45 cm)

Flammability Limits in Air:
Lower: No information available.
Upper: No information available.

Autoignition temperature: No information available.

Suitable extinguishing media: As suitable for surrounding fire.

Extinguishing media which must not be used for safety reasons: No information available.

Specific hazards: All aerosols are pressurised products and will eventually burst if exposed to very high temperatures, or if involved in a fire. They will then release the propellant hydrocarbon gas which is extremely flammable.

Unusual hazards: Keep away from heat, sparks or open flame.
Move containers away from fire if possible and safe to do so. Use water spray to cool fire exposed containers. Provide shielding for personnel exposed to venting, rupturing or bursting containers

Special protective equipment for firefighters: As in any fire, wear self-contained breathing apparatus, pressure-demand, MSHA / NIOSH (approved or equivalent) and full protective gear.

Specific methods: Standard procedure for chemical fires.

NFPA: Health: 0 **Flammability:** 1 **Instability:** 0

HMS: Health: 0 **Flammability:** 3 **Reactivity:** 0

Key: Personal Protection Index = A.
(Also see Sections 3 & 8)
NFPA Flammability Rating: 1, per NFPA 30B

6. ACCIDENTAL RELEASE MEASURES

Personal precautions: Ensure adequate ventilation.

Environmental precautions: Do not allow material to contaminate ground water system.

Methods for cleaning up: Small spills: Soak up with absorbent material and place in an appropriate container designed for flammable waste for disposal. Wash surface residue in spill area well and dry surface to avoid slippery conditions.

Large spills:
Eliminate all sources of ignition and ventilate the area with equipment rated for use in flammable environments.

Full protective equipment and self-contained breathing apparatus (SCBA) is required to be worn by all emergency responders and clean-up personnel due to the hydrocarbon propellant in the aerosol containers.

Liquid spills from ruptured containers should be contained, collected and stored in metal containers designed for flammable waste for later disposal according to local, state or federal regulations.

7. HANDLING AND STORAGE

Handling: Use with adequate ventilation.

Safe handling advice:

CAUTION: Contents under pressure. DO NOT puncture or incinerate. DO NOT expose to heat or store above 50° C (120° F), as container may burst.

May cause eye irritation.

Avoid contact with the eyes.

Do not spray or use on floors as it may leave them slippery.

NOTE TO PARENTS: Intentional misuse by deliberately concentrating and inhaling aerosol products may be harmful or fatal. Read label instructions carefully.

Storage:

CONTAINERS SHOULD BE KEPT OUT OF REACH OF CHILDREN.

Pressurised container. Protect from sunlight and do not expose to temperatures exceeding 50° C (120° F). Do not pierce or burn after use. Keep away from all sources of ignition.

Fires involving flammable aerosols are severe and can spread very quickly. Warehouses and stores containing aerosols should therefore be separated from other areas by a fire resistant construction of at least one half hour duration. Stores should be well ventilated, particularly at low levels. The natural ventilation in a large open warehouse building will normally be suitable. Avoid the storage of aerosols in basements where practicable.

8. EXPOSURE CONTROLS / PERSONAL PROTECTION

Engineering measures to reduce exposure:

For occupational exposures, ensure adequate ventilation.

Personal Protective Equipment**Respiratory protection:**

None required under normal use conditions.

Emergency responders should wear self-contained breathing apparatus (SCBA) to avoid inhalation of vapours generated by this product during a spill or other clean-up operations.

Hand protection:

None required for normal recommended use.

Emergency responders should wear impermeable gloves.

Skin and body protection:

Usual safety precautions while handling the product will provide adequate protection against injury or irritation. Follow product label instructions.

Eye protection:

If splashes are likely to occur, wear:

Safety glasses with side-shields.

When handling in large quantities or responding to emergency situations, the use of appropriate eye protection is recommended.

Hygiene measures:

Avoid contact with skin, eyes and clothing.

9. PHYSICAL AND CHEMICAL PROPERTIES

Physical state:

Aerosol spray.

Appearance:

Aerosol.

Colour:

Light cream

Opaque

Off-white.

Odour:

Almond-like

Lemon.

pH:

7.7 (Basic)

Flash point:

Not applicable. Aerosol flame extension less than 45 centimeters (18 inches)

Vapour pressure:

Not determined.

Solubility:

Dispersible.

Explosion limits:

- upper: No data available.
- lower: No data available.

10. STABILITY AND REACTIVITY

Stability: Stable under recommended storage conditions.

Polymerization: Hazardous polymerisation does not occur.

Hazardous decomposition products: Oxides of carbon and unknown organic compounds.

Materials to avoid: Do not mix with other household chemicals.

Conditions to avoid: Keep away from open flames, hot surfaces and sources of ignition. Pressurised container. Protect from the sunlight and do not expose to temperatures exceeding 50° C (120° F). Extremes of temperature can occur in cars and near ovens and fireplaces. Do not place in contact with hot surfaces or near naked flames. Do not pierce or burn even after use. Do not spray on a naked flame, onto or near fire, or any incandescent material such as an electric fire.

11. TOXICOLOGICAL INFORMATION

Acute toxicity**Component Information:****Product Information**

LC50/inhalation/4h/rat = No information available.
LD50/dermal/rabbit = No information available.
LD50/oral/rat = No information available.

Local effects

Skin irritation: None expected during normal conditions of use.

Eye irritation: May cause eye irritation.
Avoid eye contact.

Inhalation Do not breathe spray.
Use only in a well ventilated area.

NOTE TO PARENTS: Intentional misuse by deliberately concentrating and inhaling aerosol products may be harmful or fatal.

Ingestion Contains petroleum distillates.
May be harmful if swallowed. See Section 4 for First Aid instructions.

Sensitization Not expected to be a skin sensitiser.

Chronic toxicity: No information available.

Specific effects

Carcinogenic effects: Not listed as carcinogenic by OSHA, NTP or IARC.

Mutagenic effects: No information available.

Reproductive toxicity: No information available.

Target organ effects: No information available.

12. ECOLOGICAL INFORMATION

Product Information

Aquatic toxicity: No information available.

Component Information:

Other information:

Ozone depletion potential; ODP; (R-11 = 1) = No information available.
Global warming potential (GWP) = No information available.

Additional ecological information: No information available.

13. DISPOSAL CONSIDERATIONS

Waste from residues / unused products: Dispose of in accordance with local regulations.

Contaminated packaging: Packaging and container to be recycled only if emptied completely!
For bulk quantities dispose of in accordance with local, regional or national requirements. For further information contact your local waste authority

Waste Disposal: Container disposal: Empty containers may be included with domestic refuse for disposal to a landfill. This container may also be recycled in communities where aerosol container recycling is available. Before offering for recycling, empty the can or use the product according to the label instructions.

14. TRANSPORT INFORMATION

UN / Id No: **UN 1950**

DOT:

Classification: UN1950, Aerosols, 2.1
Re-Classed as Consumer Commodity ORM-D.
Proper shipping name: Consumer Commodity
U.S. DOT - Hazard Class: Not applicable.
Subsidiary risk: Not applicable.
Packing Group: Not applicable.
DOT RQ (lbs): Not applicable.
ERG No: Not applicable.

TDG (Canada):

Classification: Consumer Commodity / Limited Quantity
Proper shipping name: Not applicable.
Status: Not applicable.
Packing Group: Not applicable.

IMDG / IMO

Classification: UN 1950 - Aerosols, Class 2.1, Limited Quantity.
Proper shipping name: Not applicable.
Class: Not applicable.
Subsidiary Risk: Not applicable.
Packing group: Not applicable.
IMDG page: Not applicable.
Marine pollutant: Not applicable.
EMS: Not applicable.
MFAG: Not applicable.

ADR / RID

Classification: Not applicable.
Proper shipping name: Not applicable.
Class: Not applicable.
Subsidiary risk: Not applicable.
ADR/RID-labels: Not applicable.
Hazard Identification Number: Not applicable.
CEFIC Tremcard No: Not applicable.

ICAO / IATA:

Classification: UN 1950 - Aerosols, Flammable, Class/Div. 2.1, Limited Quantity.
or
Consumer Commodity, ID 8000 if acceptable to airline.
Proper shipping name: Not applicable.
Class: Not applicable.
Subsidiary Risk: Not applicable.
Packing Group: Not applicable.
Maximum quantity Not applicable.

15. REGULATORY INFORMATION

WHMIS hazard class: Not determined.

16. OTHER INFORMATION

National Fire
Protection
Association (U.S.A.):

HMIS (U.S.A.):

Health Hazard	0
Fire Hazard	3
Reactivity	0
Personal Protection	A

Reason for revision:

Revision of data and / or an update of the PSDS.

Additional advice:

This product should only be used as directed on the label and for the purpose intended.
